Android Ice Cream Sandwich Superguide (PCWorld Superguides) , From the Editors of PCWorld, discover everything there is to know about the latest Android platform. Ice Cream Sandwich is the most delicious Android yet. Get the scoop on Google's latest mobile OS in PCWorld's newest Superguide, Android Ice Cream Sandwich. Android Ice Cream Sandwich is a marvel of advanced engineering: a powerful, handsome, and versatile operating system that presents a universe of opportunities--if you know how to use it. But most of us could use some help on that score. Fortunately, assistance is now available in the form of PCWorld's just-published Superguide, an in-depth look at Android Ice Cream Sandwich for smartphone and tablet owners. The all-new guide, written by PCWorld's mobile experts, can get you started on Ice Cream Sandwich in a hurry, with a walk-through of new features, a generous collection of tips and tricks, and a guide to essential apps for both phones and tablets. Want to defend your phone against obnoxious ads? Or back up your phone? Or upload 20,000 of your own songs to the cloud and then stream them back to your Ice Cream Sandwich device for free? This authoritative volume offers step-by-step instructions for everything you need to know to accomplish these tasks and many more. Other sections evaluate the best browsers, security apps, and utilities for your phone, and even show you how to transform your smartphone into a high-end camera. For Ice Cream Sandwich tablet users, we explain how to use Android Widgets, and we rate the best news, weather, reference, and communication apps.

*Digital Photography Superguide* , In this book, we'll walk you through our favorite tips for mobile photography: Learn the best way to capture bright sunsets, how to hold your device so it doesn't shake, and tips for taking quick shots. After that, we take an in-depth look at photography on each of the major smartphone operating systems: You'll learn how to take, edit, and share images whether you're using an iPhone, an Android phone, or a

Windows Phone 8 device. Once you've gotten a handle on great mobile photography, we suggest some third-party apps to enhance the experience. And if you're a professional photographer, don't miss our section on using your iPad or Android tablet to improve your workflow. The only surefire way to become a better photographer is experience. Luckily, digital photography allows you to make as many mistakes, cost-free, as your memory card can hold. And as you combine technical knowledge and compositional awareness with lots of practice, you'll be able to capture moments of brilliance. We hope this book will help you along that journey.

*Unity Virtual Reality Projects* Jonathan Linowes, 2018-05-24 If you are interested in Virtual Reality, want to learn how it works, and want to create your own VR experiences, this book is for you. We walk you through a series of tutorials and in-depth discussions using the Unity game engine.

*Surreal Photography* Daniela Bowker, 2014-07-11 Surreal digital photography is not only an enjoyable extension of many enthusiast's repertoire, but it has firmly established a foothold in the world of art. This book reveals the latest developments in the field and demystifies the techniques used by modern surreal photographers, whether they favor SOOC (straight out of the camera) or sophisticated digital manipulations. Breaking down the shooting and editing process for any reader to follow and emulate, this book provides step-by-step instructions for creating extraordinary scenes. With contributions from numerous artists—including Natalie Dybisz, Jon Jacobsen and Dariusz Klimczak—readers will be able to explore many different artistic styles from impossible landscapes to unsettling portraits.

*The Android Photographer Guide* GadChick, 2012 Most Android phones now has a camera that competes with most digital cameras; not only is it a phone, but it's now a serious contender in the world of photography. Professional photographers are using it everywhere! But the camera can also be one of the most

overwhelming features. There are hundreds and hundreds of photo apps! How do you know which one will work best for you? This book looks at 30 photo apps you need, and shows you how to use them correctly. Taking a picture on a phone is easy; taking a professional picture on a phone takes some skill, and this book will teach you that—with the snarky voice that GadChick is known for, of course. To see other books by GadChicks, or to read the FREE (yes, Free!) online magazine, visit our website.

*Beginning Digital Image Processing* Sebastian

Montabone, 2010-09-08 Since the advent of digital photography, we have been able to post-process our pictures. However, to do it properly, we have to become digital art apprentices. Sebastian Montabone is a computer vision expert who wants us to use our cameras and image processing software to come up with works of art. In this book, he teaches image processing techniques of ascending difficulty based on freely available tools. The book teaches you to use the best tools for the job, and it focuses on the techniques, not the environments or toolchains in which they run. Also in this book, you'll learn about the Canon Hack Development Kit (CHDK), which expands the features of some cameras.

everything in between. When still photos simply won't do the trick, GoPro Cameras For Dummies shows you step by step how to use your GoPro camera to make movies, work with available light, create time-lapse sequences, and so much more. Meet the full line of GoPro cameras, including the HERO5, and find the one that's right for you Get help setting your GoPro to shoot better video Discover what you need (or don't need) to shoot in the water Find step-by-step guidance for capturing better sound Edit your work like a GoPro guru Packed with full-color photos and updated to cover the latest GoPro cameras and software, this fun and accessible guide is a gadget lover's dream.

*Digital Cameras and Photography For Dummies* Mark Justice Hinton,2010-11-16 Gives you the information and confidence needed to take top-notch photos with your digital camera.

Directing the Narrative and Shot Design Lubomir Kocka,2019-07-25 This book is a “directing-altering book” as it provides high-quality learning resources that encourage and challenge film enthusiasts, aspiring directors, film students, and professionals to strive for new levels of excellence and impact in their film directing, television directing, and new media directing. This book puts forward a well-informed and innovative discussion of critical director’s choices that have not previously been considered by existing texts on film and television directing. This book presents a wide range of directorial concepts and directing exercises that include: • Psycho-physiological regularities in left-right/right-left orientation transferred to a shot design. How directors can manipulate the viewer’s perception of a character and of the journey they are on using screen direction. • Methodology and visual strategy for rendering a scene based on character perspective. • The directorial concept of emotional manipulation. • Demystifying the 180-degree rule.

**The Problem with Early Cameras** Ryan

Nagelhout,2015-07-15 Early commercial cameras were big, boxy, and you had to actually give your camera back to the camera maker to develop your photos. Before that, making photographs was actually even more difficult. Complex chemicals and long hours in darkrooms were required to develop even a single shot. Readers take a journey through photography’s history, from solutions and glass plates to point-and-shoot cameras. The story is complex and amazing—just the like the cameras we use today.

**Digital Photography For Dummies** Julie Adair

King,2012-03-27 Explains how to evaluate digital cameras, compose and capture scenes, adjust color balance, crop out unwanted elements, sharpen focus, apply special effects, and prepare images for printing.
