Medieval Fantasy as Performance Michael A. Cramer,2010 In this book, Michael Cramer views the Society for Creative Anachronism (SCA), an organization that studies and recreates the middle ages, as a case study for a growing fascination with medieval fantasy in popular culture. He explores the act of medieval re-creation as performance by focusing on the SCA, describing the group's activities, investigating its place in popular culture, and looking at the SCA not so much as a historical society but as an on-going work of performance art; a postmodern counter-culture riff on what it means to be medieval. Cramer examines the group's activities, from persona and character development to theatrical performance and personal interaction; from the complex official ceremonies to full contact armored combat with mock broadswords. He explores the SCA in detail to discover how its members adapt and employ ideas about the Middle Ages in performance, ritual reenactment, living history, and re-creation, analyzing the performance of identity through ritual, sport, drama, and personal interaction, and he focuses on the reconstruction of the medieval king game, a game in which a mock king is chosen to reign over a mock court. The book also studies various ideas about medievalism, including the contrast between reenactment and re-creation, and places these activities in the context of contemporary American society. With three appendixes, a bibliography, and a selection of photos, Cramer demonstrates how and why medieval fantasy is increasingly used in popular culture and analyzes the dissatisfaction with contemporary culture that leads people into these realms of fantasy.

Boondocking/dispersed camping is growing rapidly in popularity as more and more people take to their vans, RVs, SUVs, trucks, and cars to explore the backroads of America's forests and deserts in search of solitude and natural beauty. I Have a Lot of Experience Doing Dispersed Camping! I'm John Soares, a writer for businesses and nonprofits for over three decades, and also the author of four hiking guidebooks on Northern California. I've been doing dispersed camping for 30-plus years in California, Oregon, Washington, Idaho, Wyoming, Utah, New Mexico, Arizona, Nevada, and other states. In this book I bring all my knowledge, experience, and research together to clearly explain everything you need to know to get out into nature on national forest and Bureau of Land Management (BLM) lands and find primo camping spots, while saving a ton of money in the process. This Book is Your Bible for Dispersed Camping and Boondocking Here's what Camp for Free: Dispersed Camping & Boondocking on America's Public Lands covers: -- In-depth discussion of the different types of federal and state lands where you can camp for free, including dispersed camping and boondocking on national forests, Bureau of Land Management (BLM) lands, national monuments, and more -- Clear explanation of how to research the best areas to go dispersed camping and boondocking, and where to find the best advice on finding campsites -- Detailed guidelines that help you find excellent campsites once you're out on dirt roads in the hills, forest, or desert -- and what you need to do to not get lost! -- A list of the key characteristics of a good dispersed campsite, and how to make sure it's a good fit for your specific needs -- How you can minimize your impact on the land, including applying Leave No Trace principles -- What you need to do to be as safe as possible when camping and exploring -- How to keep your dogs safe -- Advice on where to legally sleep along highways and in and near towns and cities -- A comprehensive list of everything you need to take with you to have a thoroughly enjoyable dispersed camping experience -- A clear definition of dispersed camping, and why I use it more than "boondocking," which is more common among RV folks. I also define similar terms, such as free camping, primitive camping, dry camping, and wild camping. -- A comparison of dispersed camping with regular pay campgrounds, and why, despite the cost and potential noise and other hassles, it can occasionally be a good idea to stay in a campground. -- Discussion and ranking of the variety of vehicles you can use for dispersed camping: full-size vans, trucks with camper shells, minivans, RVs, travel trailers, cars, and motorcycles. Only have a regular car? No problem—you can still do this! The book includes 25 photos, plus maps showing the distribution of U.S. Forest Service and Bureau of Land Management lands
