The Future of Canada Post Corporation Review Committee on the Mandate and Productivity of Canada Post Corporation,1996

Postal Reform in Canada Hazel Bailey,1999-02 This report provides certain information on Canada's 1981 postal reform initiative, which created the Canada Post Corporation (CPC). Knowledge about Canada's experience with postal reform is useful to Congress's efforts to reform the U.S. Postal Service. This report presents information on selected aspects of: (1) universal mail service in Canada, (2) CPC ratemaking, and (3) key events affecting CPC since its creation in 1981. Charts and tables.

Postal Reform in Canada BPI Information Services,DIANE Publishing Company,1997-01-01 The Canada Post Corporation Act (CPC Act) established CPC as a Crown Corporation and gave it broad authority to address problems reported to exist in the Canadian postal system. After several reviews of CPC by the Canadian government, numerous recommendations for additional gov't oversight were implemented. An exhaustive review of all procedures and plans was done and the results are found in this in-depth report action. A must read for anyone minutely involved in dealing with Canadian mail. Illustrated.

Rerouting the Mail Edward Iacobucci,2007 For example, while the transmission and distribution systems of electricity and gas are true natural monopolies, competition is feasible in the generation of electricity and the production of gas and the retailing thereof. [...] The strategy is thus likely to enhance competition in hitherto protected and unprotected segments of the sector, to the benefit of users of mail services in both classes. [...] Failure to rethink the role and mandate of Canada Post, given the dramatic technological transformation that is occurring in the communications sector, would be - in the words of Geddes (2003) commenting on the US Postal Service - to acquiesce in a slow-motion train wreck. Lessons From Other Countries We turn to postal reform in other countries, under the following themes: the ownership effect; [...] The Ownership Effect In the international arena, the approaches to ownership include: maintaining the status quo, where the post office is a government department or has no commercial objectives; corporatization, where the post office becomes a government-owned corporation with commercial objectives; and privatization, where the post office is sold and no longer controlled by government. [...] Further, it is designated a limited liability company, to ensure that government does not underwrite the Post's performance and that the board of directors places the interests of the business first, ahead of the government's interest.

On Track Susan McLeod O'Reilly,Canadian Museum of Civilization,National Postal Museum (Canada),Canada Post Corporation,1992 Since the melting of the great ice sheets 12,000 years ago, there have been dramatic changes in climate, landforms, and plant, animal, and human communities in North America. Scientist perceive that midway between the ice age and the present day there was a warm, dry climatic episode in areas such as south-central Saskatchewan. the Gowen sites, formerly located where SaskatoonOs municipal dump now lies, held an important part of the story. Through the study of these sites, as well as by comparisons with 113 other archaeological sites scattered throughout the Plains area, the author seeks to illuminate a poorly understood period in the prehistory of the Northern Plains. Improved understanding of past episodes of climatic warming may even prove useful to researchers considering the implications of climatic warming in our own time.

Canada Post in the Digital Age ,2016 Management of the Corporation and the unions took the time to meet with us and help us understand the context of the operations and management of postal service. [...] The mandate of the Task Force for Phase 1 of the Review was to develop a discussion paper to inform Canadians, Parliamentarians and the Government on Canada Post Corporation's financial situation, the needs of Canadians, and potential viable options. [...] The Task Force focused

its work with the goal of meeting the Minister's expectation of providing a Parliamentary Committee with a comprehensive analysis of Canada Post based on facts and a statistically sound approach to defining the needs and attitudes of Canadians and businesses, while ensuring the financial self-sustainability of the Corporation. [...] The change in governance responded to the consensus in the 1970s that the postal system had to be reformed to deal with deficits, labour strife, technological challenges and deteriorating service.¹¹ Under its legislation, the Canada Post Corporation Act, Canada Post is required to conduct its operations on a self-sustaining financial basis, while providing a standard of service to meet the postal [...] The Committee was charged with responsibility to assess the Corporation's legislative mandate, policies and practices and to report to the Minister Responsible for Canada Post Corporation on the future requirements for a national postal system. The Marchment Report,¹³ which looked at the mandate and productivity of the Corporation, led to a wide range of measures to strengthen Canada Post's comm.
