*Hope Heals* Katherine Wolf,Jay Wolf,2016-04-26 When all seems lost, where can you find hope? Katherine and Jay Wolf married right after college and sought adventure far from home in Los Angeles, CA. As they pursued their dreams--she as a model and he as a lawyer--they planted their lives in the city and their church community. Their son, James, came along unexpectedly in the fall of 2007, and just six months later, everything changed in a moment for this young family. On April 21, 2008, as James slept in the other room, Katherine collapsed, suffering a massive brain stem stroke without warning. Miraculously, Jay came home in time and called for help. Katherine was immediately rushed into brain surgery, though her chance of survival was slim. As the sun rose the next morning, the surgeon proclaimed that Katherine had survived the removal of part of her brain, though her future recovery was uncertain. Yet in that moment, there was a spark of hope. Through forty days on life support in the ICU and nearly two years in full-time brain rehab, that small spark of hope was fanned into flame. *Hope Heals* documents Katherine and Jay's journey as they struggled to regain Katherine's quality of life and as she relearned to talk, eat, and walk. As Katherine returned home with a severely disabled body but a completely renewed purpose, she and Jay committed to celebrating this gift of a second chance by embracing life fully, even though that life looked very different than they could have ever imagined. As you uncover Katherine and Jay's remarkable story, you'll be encouraged to: Find lasting hope in the midst of struggle Embrace the unexpected Welcome God's miracles into your everyday life In the midst of continuing hardships, both in body and mind, Katherine and Jay found what we all long to find: a hope that heals the most broken place--our souls. Let *Hope Heals* be your guide along the way. Praise for *Hope Heals*: As I read this book, tears streamed from my eyes even as joy flooded my heart. Jay and Katherine are a raw yet refreshing testimony to the unshakable trustworthiness of God amidst the unimaginable trials of life. This book reminds all of us where hope can be found in a world where none of us know what the next day holds. --David Platt, author of the New York Times bestseller *Radical* and president of the International Mission Board *Hope Heals* is a beautiful, true story that illustrates the love and protection God has for us even in the darkest times of our lives. Katherine and Jay's dedication to each other and the Lord through their most devastating season is inspiring. This book will help your heart believe that He sees, He knows, He cares, and He is still working miracles today! --Lysa TerKeurst, New York Times bestselling author and president of Proverbs 31 Ministries

*You Are What You Love* James K. A. Smith,2016-03-29 You are what you love. But you might not love what you think. In this book, award-winning author James K. A. Smith shows that who and what we worship fundamentally shape our hearts. And while we desire to shape culture, we are not often aware of how culture shapes us. We might not realize the ways our hearts are being taught to love rival gods instead of the One for whom we were made. Smith helps readers recognize the formative power of culture and the transformative possibilities of Christian practices. He explains that worship is the imagination station that incubates our loves and longings so that our cultural endeavors are indexed toward God and his kingdom. This is why the church and worshiping in a local community of believers should be the hub and heart of Christian formation and discipleship. Following the publication of his influential work *Desiring the Kingdom*, Smith received numerous requests from pastors and leaders for a more accessible version of that book's content. No mere abridgment, this new book draws on years of Smith's popular presentations on the ideas in *Desiring the Kingdom* to offer a fresh, bottom-up rearticulation. The author creatively uses film, literature, and music illustrations to engage readers and includes new material on marriage, family, youth ministry, and faith and work. He also suggests individual and communal practices for shaping the Christian life.

**Whispers of Hope: The Continuing Story of Anna** Barbara Bailey & Marilyn Williams,2010-07-23 *Whispers of Hope* is book three in the continuing story of Anna and is also set in down east Maine. Growing up, Anna had been without the love of a mother from the early age of three. Not only was her mother to die but Anna, along with her brother and sister were to be taken away from all they loved and raised by an angry and often abusive father. These hard and unimaginable times left their mark on Anna. Only her determination and faith in God gave her the courage to go on. Now being left on her own to face the many challenges of raising her own children, Anna began to pray for even a Whisper of Hope for a better life. This is a book that everyone should read as it shows that even in the darkest of times, light will always follow.

*Living in the Different* Elaine J. Clinger Sturtz,2019-01-06 Elaine Sturtz shares in *Living in the Different* that grief is messy, hard, painful, filled with tears and loneliness, but it also includes faith, hope and love. She walks through the journey, the emotions, the changes and hurts. Each grief is different, and grief changes our lives. We are different, and how we live and interact with others is different. The journey of grief takes different forms as we learn to live and mingle joy and sorrow together. Elaine offers hope-a hope of hope-through these passages of sorrow and loss. Hope is found in our faith in God who is love, and love never ends. As you read these words, may God bring comfort and guidance and give you hope.

**Within the Frame** David duChemin, 2009-05-01 Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, Within the Frame helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

**Death by Chocolate Chip Cupcake** Sarah Graves, 2023-11-28 In the fifth *Death by Chocolate* Mystery by USA Today bestselling author Sarah Graves, Jacobia Jake Tiptree and Ellie White, owners of the Chocolate Moose Bakery, are hired to cater a retired film star's party in what's rumored to be Eastport, Maine's most haunted house... Jake and Ellie are taking a break from perfecting their chocolate pizza recipe to cater a housewarming party hosted by movie icon Ingrid Merryfield. Miss Merryfield is famous for her old-Hollywood glamour. Her new home, Cliff House, has a reputation too--for being haunted. Some of her guests even try to summon a spirit during the party, using a Ouija board. What arrives instead is a freak autumn storm that downs an ancient tree, trapping everyone on the property and setting the stage for a killer's planned spree . . . Though Jake and Ellie don't intend to get stirred into the mix, there's no avoiding it--especially when they witness a guest being shoved over the very precipice that gave Cliff House its forbidding name. As they sift through suspects and motives, their search takes them from a long-lost family graveyard to an herbalist's deceptively sweet cottage and finally to Cliff House's overgrown gardens. Is there some ghostly presence involved--or a flesh-and-blood villain? Either way, can they avoid meeting their very own, very permanent Hollywood ending?

**Photographically Speaking** David duChemin, 2011-10-11 When looking at a photograph, too often a conversation starts--and, unfortunately, ends--with a statement such as, "I like it." The logical next question, "Why?", often goes unasked and unanswered. As photographers, we frequently have difficulty speaking about images because, frankly, we don't know how to think about them. And if we don't know how to think about a photograph and its "visual language"--how an image is constructed, how it works, and why it works--then, when we're behind the camera, are we really making images that best communicate our vision, our original intent? Vision--crucial as it is--is not the ultimate goal of photography; expression is the goal. And to best express ourselves, it is necessary to learn and use the grammar and vocabulary of the visual language. *Photographically Speaking* is about learning photography's visual language to better speak to why and how a photograph succeeds, and in turn to consciously use that visual language in the creation of our own photographs, making us stronger photographers who are able to fully express and communicate our vision. By breaking up the visual language into two main components--"elements" make up its vocabulary, and "decisions" are its grammar--David duChemin transforms what has traditionally been esoteric and difficult subject matter into an accessible and practical discussion that photographers can immediately use to improve their craft. Elements are the "words" of the image, what we place within the frame--lines, curves, light, color, contrast. Decisions are the choices we make in assembling those elements to best express and communicate our vision--the use of framing, perspective, point of view, balance, focus, exposure. All content within the frame has meaning, and duChemin establishes that photographers must consciously and deliberately choose the elements that go within their frame and make the decisions about how that frame is constructed and presented. In the second half of the book, duChemin applies this methodology to his own craft, as he explores the visual language in 20 of his own images, discussing how the intentional choices of elements and decisions that went into their creation contribute to their success.
