Our species is engaged in a continual evolutionary process that causes us to question not only other humans and the things happening around us but also ourselves. Given some of the rather profound challenges our species faces as we move further into the twenty-first century, your letting the Insight on Astrology III: Your Access and Guide to Context book be a part of your reading selection is indeed a wise choice. Though varied in our perception and behavior, we're nonetheless intractably interconnected, and Insight on Astrology III: Your Access and Guide to Context may be that beacon in mending it altogether, where it all simply makes sense.
