**Captivating Capricorn** Allie Vane,2019-08-16 Captivating Capricorn A 4-week journal for busy go-getters As a Capricorn, you are resourceful, disciplined, hard-working, and preternaturally cool. You're also an ambitious go-getter who knows the value of keeping track of your days, your actions, and your goals. Let this 4-week journal give you a hand with that. It is designed to get you to reflect every day. To think about what you want, how you'll get there, and what you've done about it each day. It is designed to help you hold yourself accountable as you go after what you're aiming for. It is designed to keep you journaling every day of the week. So why a 4-week format instead of the regular 31 days? Well, part of the reason is artsy. Each day is laid out in a beautiful 2-page spread, and organizing them Monday through Sunday just works better than the random heap of a calendar month. Part of the reason is also practical, because the best habit-forming practice is repetition. The Monday-Sunday layout introduces a specific way to take action daily in a way that will quickly become routine. For that same reason, this journal is meant to get you to reflect, to analyze, to think about your day. Therefore, I also included a brief week in recap section at the end of each 7-day sequence. So, you know, how would it look to just throw in a couple of days like that after the final weekly recap, just to round things up to 31 days? If I'm honest, silly is how it would look. So I opted not to. In all, I wanna help you stick to it: stick to your journaling habit, stick to your ambitions, stick to adopting a routine that could change your life for the better Captivating Capricorn style!

*Capricorn* Joanna Martine Woolfolk, 2011-11-16 Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called This Is My Life. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.
