When The Hammer Falls Julian Powers,2014-06-23 What would you do if you had unlimited wishes? More to the point; what would you do if you were 12 years old and you discovered that you had unlimited wishes? Jack was blissfully unaware of his pact with the devil and his ability to wish for whatever he wanted. Not knowing could be catastrophic, but knowing could not only be life-changing, it could also destroy everyone he loves and all of mankind. Jack had escaped from the Malorians but their nanotechnology could track him back to Earth. Meanwhile, Jack met a troublesome girl called Megan who also had never-ending wishes. As Jack grew up he became the most successful and recognised man on the planet. Together they travelled through time and space, sometimes with disastrous results. Throughout his life, Jack's guardian angel had saved him as the devil attempted to kill him. What could possibly go wrong? Who would be the first to kill him; the devil, the Malorians or would he kill himself? His mother was kidnapped and he was told to kill Perry Green or she would die. Would Jack kill him or would a bomb onboard a Boeing 747 kill him and 329 others. "I've got news for you buddy; there's worse things than dying."

The New Sailing Directory for the Strait of Gibraltar and the Western Division of the Mediterranean Sea John Purdy,1832

The Captain, The Billionaire Boat and The Dragon Crusader Kennedy King, The balance between human and Dragon rests on the shoulders of a young pilot on her first mission. Dawn Redding. An Admiral of the World Crisis Committee, she stands on the threshold of the life she gave everything for. She only needs to bring in the galaxy's first outerworld outlaw. Howard Carver. The legacy left behind by his family holds the key to facing humanity's greatest threat, the far-flung lifeforms known as Dragons. Rick Miller. A retired Captain with the ship to take them both to the outerworlds, where the outlaw Drogon lurks. These three come together aboard the ageing Arcadia, a ship equipped with an AI named Alice, who is capable of self-piloting. Dawn, naturally feels useless. With or without the use of her greatest skill, she discovers her purpose as a leader when the group comes face-to-face with the being between man and Dragon himself. Drogon. The astral road to him, the SkyLine, launches Dawn and the crew of the Arcadia from Mars to Neptune, and past the edge. Companions in loathing and love, they fight to level the cosmic scales. Through it all watches Alice, inside the Billionaire Boat, the Arcadia. More closely than anyone, she watches Dawn. What waits for the crew at the edge of humanity's reach; the land of the Dragons: redemption, or damnation?

Mosquitoes in Skyros Wayne Noakes,2023-08-18 A spiritual retreat - or so this man thought - was something you go on to embrace your connection with life and (hopefully) learn a bit more about yourself. If things go well, you might end up looking to the future with added confidence.

However, when the realisation dawns that you have been semi-consciously searching for “the one” for the last eleven years, and that the very essence and substance of true love risks materialising during the retreat... I mean, what is a man to do? A light-hearted search for greater well-being on a Greek island combines with “a nice holiday” to engender somewhat more sharing than anticipated. The parallel narratives of the retreat workshops and a budding relationship begin to over-flow – one nourishing the other, to the point that a rare and very real love seems almost fated. Written with great honesty and sensitivity and (yet!) through a male perspective, poignant memories from childhood are pieced together with reflections on relationships in general to bring such focus on the natural laws affecting us all, that a sense of underlying good purpose in every relationship starts to emerge. With evocative descriptions of Greek cuisine and culture as the backcloth, threads of spiritual mystique interweave with a most-passionate romance. The words of wisdom that emerge organically as the story unfolds may be left to wash over, or be investigated using the cross-references to appendices that support self-development alongside the story; but in any event, there is always the sun and the feta!
