Classic Car Gallery Lance Cole, 2021-01-18 In a classic car photography book packed with an eclectic mix of automotive images, Lance Cole (author of the Classic Car Adventure) presents a stunning collection of photographs of old cars of all marques and types captured in many locations. Across Allards to Bugattis, Citroëns DKWs, Porsches, Saabs, Triumphs, Voisins, VWs, and a potpourri of well-known classics, the author has journeyed far and wide to create a wonderful diary of classic car moments amid the great enthusiasm for nostalgia on wheels. A mix of cars, people, portraits, action and atmosphere all blend in to a colorful journey across the classic car world in a diverse blend of marques and eras. 250 color and black and white images populate an odyssey across a landscape of cars in an interesting format that pitches multimillion pound cars alongside more humble names. Seen on the move and static, Lance Cole's photographs capture the essence of metal sculpture, light falling upon paint and form, and the design hallmarks of old cars prior to the age of digital design authoritarianism when so many cars look similar. If you love old metal, patina, paint, leather, and enthusiasm, all captured across vintage, veteran, classic and modern classic metal, then Classic Car Gallery is a rare memento of the cars of yesteryear seen in the celebration of their today.

America by Car Lee Friedlander, 2010 Consisting of photographs taken over the last decade in a majority of the fifty states, [book title] is a vast compendium of the country's eccentricities and obsessions documented at the beginning of the twenty-first century. ... they reveal the photographer's lifelong preoccupation with America's distinctive landscape and his humorous, often revelatory view of the nation from the driver's seat--Book jacket.

Hot Rod Gallery II Pat Ganahl, 2016-08-15 In the best-selling original book, *Hot Rod Gallery: A Nostalgic Look at Hot Rodding's Golden Years: 1930-1960*, author and historian Pat Ganahl opened his archives and shared 192 pages and 350 photos of some of the most interesting and best photos of his collection. Filled with fascinating images of some of the coolest cars and builders, long-forgotten car clubs, and great shots of the dry lakes, nostalgia fans flocked to grab a piece of hot rodding history all in one convenient package. Well, if some is good, more is better, right? In *Hot Rod Gallery II: More Great Photos and Stories from Hot Rodding's Golden Years*, Ganahl dug deeper into his massive archive for even cooler and more never-before-seen photos in both color and black and white to provide another album of great hot rodding photos. He was pleasantly surprised to find that he had more great stuff in

old files and folders, hidden away for decades. In this edition are even more dry lakes shots, post-war rods, lead sleds, show circuit cars, and a chapter on marvelous mills. He even dug a little deeper into the early 1960s. If you liked the first edition of Hot Rod Gallery by Pat Ganahl: A Nostalgic Look at Hot Rodding's Golden Years: 1930-1960, you may like this one even more. Ganahl guarantees that it is filled with images you have never seen, and he offers his commentary and a lifetime of expertise in this selection of fantastic images from his expansive archive. You can spend hours looking at all the details and soaking in the history in these images, and we know you'll enjoy this book as much as you did the first.

Hot Rod Gallery: a Nostalgic Look at Hot Rodding's Golden Years: 1930-1960 Pat Ganahl, 2016-07-29 This history of hot rodding is long and fascinating. An old saying in hot rodding is that the car you have bought recently isn't truly yours until you've messed with it. And from its birth in the flats at Muroc pre-WWII to a burgeoning speed industry, young enthusiasts and entrepreneurs did what people do best with any form of new technology: They messed with it. Make it faster, make it cooler, or simply make it better than the next guy's. In Pat Ganahl's Hot Rod Gallery, the acclaimed author gathers his finest images to tell the story of the history of hot rodding from the beginning to 1960 through fascinating and rarely seen photos. From Muroc and early Gow Jobs, to the first drag strips, to the first speed shops and manufacturers, to the first car shows, Ganahl covers it all. Follow the transition from the dry lakes to the street to the first dragstrips. Check out the beginnings of the show circuit, from the first SCTA shows and the Oakland Roadster shows to outdoor car shows. See the beginning of the custom car movement, the hot rod B movies of the 1950s, the rods on the street, as well as the engines, parts, and people who made rodding what it is today. Covered in rarely seen and never-before-seen photos, some in black and white, and some in magnificent color, this softcover

edition of Hot Rod Gallery is packed with memories. Hot rods, customs, drag cars, dry lakes racers, speed shops, engines, and the people who built them. No hot rod library is complete without it.

Jaguar E-Type Lance Cole, 2020-06-30 The author of Classic Car Gallery “covers the Jaguar and its various incarnations with lovingly snappy prose . . . to excite the passions of Jaguar-mania” (The Historical Miniatures Gaming Society). The third book in the new CarCraft series, Jaguar E-Type, frames the legend of what many call the world’s most beautiful car design. Sir William Lyons and Malcolm Sayer carved automotive history with this car across its 1960s-1970s incarnations from roadster to coupé amid the fitting of Straight-Six, to V12 engines. With its new definition of sculptural styling, performance, handling and innovative style, the E-Type or XKE series in the USA, created a car of global impact that remains a great classic of all time. Here, experienced automotive writer, and industrial designer, Lance Cole pays tribute to the car in a detailed yet engaging commentary. New photography, the design story, and full coverage of the modeling options in synthetic materials and die cast metals, create a narrative of vital interest. The aim of the innovative CarCraft series is to provide modelmakers and car enthusiasts with a new standard of primarily visual reference of both full-size cars and their scale models. Each book contains detailed technical information imparted through drawings and photographs while the meticulously researched full-color profiles provides a complete reference for paint schemes and markings. In addition, every volume of the CarCraft series features summaries of design histories and operational careers, and reviews of available kits. “This book will be of great interest to modelers planning on doing a Jaguar model and also to car enthusiasts.”—AMPS Indianapolis

1967 Jaguar Bertone Pirana Coupe Richard

Truesdell,2012-08-28 In 1967 a one-off concept car based on the Jaguar E-type was commissioned by newspaperman John Anstey of

the Daily Telegraph Magazine in the UK. In less than six months, the car that would become known as the Jaguar Bertone Pirana Coupe, was styled by Marcello Gandini for Carrozzeria Bertone. The fully functional Pirana made its debut at the 1967 Earls Court Motor Show owing some of its styling to Bertone's Lamborghini Marzal concept car and it served as the preview for the styling treatment for the production Lamborghini Espada which debuted just a year later. For more than 40 years the Pirana virtually disappeared from view in the UK and later, in Palm Springs, California where it surfaced briefly in 2010. It was from there that it was sold to Southern California-based collector Ed Superfon who commissioned a complete restoration, replacing the car's green exterior to a silver metallic finish that closely represents its original Earl's Court presentation back in 1967. It broke cover at the 2012 Concorso Italiano where it surprised many attendees, knowledgeable Italian car fans, most of whom knew little of its existence. The Jaguar Bertone Pirana Coupe contains 13 pages of historical text and images, a specification chart comparing the Jaguar Bertone Pirana Coupe to the Jaguar E-Type 2+2 that served as the donor chassis, and 33 full-page color plates. The Jaguar Bertone Pirana Coupe serves to document this unique collaboration between The Daily Telegraph Magazine, Jaguar, and Carrozzeria Bertone. It transports the reader back in time when an audacious editor, John Anstey, had the power and budget to commission the building of a dream car. Under the able hand of stylist Marcello Gandini and the direction of Nuccio Bertone, Carrozzeria Bertone was able to bring the Jaguar Bertone Pirana Coupe from design concept to auto show star in just five months. It is a remarkable story, one that will likely never be repeated.
