Focus, Not Fear Ali Brown, 2007-10 Fearful or reactive dogs are defined as dogs who have a greater than usual reaction to stimuli. Their behavior is often labeled as aggressive (even when they are not) and may include lunging, barking, growling, and pulling on the leash--often toward the SCARY object. In *Focus Not Fear* you'll get a glimpse into the real lives of reactive dogs that Ali has worked with in her classes--their growth, successes, and failures. It serves as a guide both for trainers who wish to run classes for their clients with reactive dogs and for owners of reactive dogs who must formulate a training plan of their own. Bet you never thought of doing this! Placing the dog in the family car at a distance from other cars with dogs to train. Controlling a wide range of variables including distance from others, movement, and weather. Using running away as a reward for tolerating scary stimuli. Working with one dog at a time--and using that dog's presence to desensitize dogs in the class. BONUS! Glossary of Terms and Concepts that will help you understand and apply the information in this book as well as other books on canine behavior and training. What dog trainers are saying about Ali Brown's *Focus Not Fear* Ali Brown, solidly in the camp of positive trainers, presents a comprehensive description of her experiences with her canine clients and their humans during an ongoing reactive dog class. This detailed narration, which covers a six-month period, offers useful and interesting observations and information for anyone interested in learning more about reactive dogs and how to work with them. Pat Miller author *Power of Positive Dog Training and Positive Perspectives*, Training Ed., *Whole Dog Journal* *Focus Not Fear* delivers a detailed and thought provoking look at the journey of a group of students in a reactive dog class ... This book provides not only great tips and structure for trainers interested in creating their own reactive dog class but also good solid advice for owners of reactive dogs. And it makes me jealous that I don't live on a farm! Leslie McDevitt, Author of *Control Unleashed: Creating a Focused and Confident Dog* Author Ali Brown teaches all levels of family dog training and has been running ongoing reactive classes since 2002. Her previous book and DVD, *Scaredy Dog! Understanding and Rehabilitating Your Reactive Dog*, have become standard references for fearful and reactive dog trainers and owners everywhere. Ali has a M. Ed. with a specialty in behavioral science and is a Certified Pet Dog Trainer. She also competes in Rally-O and Agility. Ali lives with her husband and two dogs on a farm-turned training school Great Companions in central Pennsylvania. Note: CD-ROM/DVD and other supplementary materials are not included.

In *The Complete Guide to Jack Russell Terriers* you will learn everything you need to know from start to finish; how to choose a puppy, training, traveling, grooming, health care, and senior care. You will also learn all about the background of the breed, its history, breed pre-disposed diseases, and special traits. What are some common mistakes should I avoid? Whether you are a veteran Jack Russell owner, or new to the breed, there will be something for everyone in this book. A note from the Author; Kaylin Stinski: My personal history with Jack Russell Terriers started while I was working in veterinary medicine. One of our clients had worked in Jack Russell rescue for years, and I often worked with her fosters, which gave me a well-rounded introduction to the breed. She then decided to transition into breeding. After my client's dog had its first litter, I knew that I wanted to add one to my home. Two years later, I reserved a pup. Being in the veterinary field, I was blessed with a full maternity experience. I got to see the pups in-utero on radiographs and ultrasound. I got to see them a couple of days after they were born, again when they came in for their first exams, and when my puppy was weaned, he spent the night with me in the hospital as I was working on patients. He was born on October 30 and was given the name Goblin, which I promptly changed to Marty McFly, and he has been my constant companion since that night. Having a Jack Russell Terrier is no small feat; it can be very challenging at times, but I have never regretted opening my heart to one, and I look forward to sharing my experiences with you.

How to Not Have Your Car Explode in a Walmart Parking Lot Christoph Collins, 2020-06-23 Did you know there's an arrow on most cars' dashboard that tells you which side the gas pump goes in, so you don't have to awkwardly get out and check because you forgot for the twelfth time? Or that you can get car parts for the same discounted price that mechanics get? Do you wish you knew enough about cars to avoid getting taken advantage of by auto shops? Christoph Collins' humorous start-from-scratch guide walks you through everything you need to know about cars in simple steps, with straightforward explanations of parts and fluids, how-to guides,

important items to keep in your car, and the common myths and misconceptions about driving. His tone is satirical, but the information is both true and useful. Useful enough that it might just keep your ride from ending up a flaming inferno on the nightly news. How to Not Have Your Car Explode in a Walmart Parking Lot is endorsed by over 400 car maintenance associations invented by the author and the proud recipient of awards so pretentious the organizers can't be bothered to announce the winner. It's an informative, entertaining first step for anyone looking to broaden their car knowledge.

I Know Your Dog Is a Good Dog Linda Scroggins, 2023-12-22 When a pet dog injures a human or another dog, the owner is left in a state of fear and confusion. If a dog wreaks havoc and destruction on a home, the owner is left feeling helpless. If an owner finds a dog uncontrollable, or if a dog becomes aggressive and a threat to the community, the dog becomes the one that is at risk for injury or death. Families living with these behaviorally challenged dogs may become isolated and wonder if there is help for their dog. The reality is there are thousands of families facing these issues. This book explains the process for helping dogs with behavior problems in plain language. Calling on her years of experience as a certified canine behavior consultant, the author highlights the journeys of past clients through a series of vignettes broken up by chapters that contain informative and researched guidance. While it is not meant to be a how-to training guide, the book lets people with reactive or anxious dogs know they are not alone. And for those that lose the battle, it walks with them through that final journey.

(He really must do something about his hacking habit!) Rochester's a handsome, homeless, loveable golden retriever whom Steve had always found too big, too enthusiastic, and too shaggy. But tragedy struck their neighborhood when someone murdered Caroline, Steve's nice next-door neighbor, while she walked her best friend, Rochester. Steve's the unlucky guy who finds her body and he just knows, despite their differences, that he has to take in the broken-hearted pooch. Once they're both properly rehomed, these two form a detective partnership that'll make you sit up and beg for more. Eat your hearts out, Spade & Archer—pretty soon they've got a warm and fuzzy thing going. Big furry forthrightness—not to mention heart—meets tech-savvy craftiness as they work their case. Rochester has no idea he has the potential to be the greatest doggy detective since Rex the Wonder Dog was a pup. But he's got a job to do and he has to find a way to train Steve in the fine art of investigation. Unbeknownst to Steve, his life just changed radically—because a big furry mentor has just trotted into it. Both want justice for Caroline, and Rochester's way of expressing it is simply to sniff out one clue after another in the hope his two-legged colleague can piece them together. Steve's way—when all's said and done— is still to bend the law a little, with the help of Caroline's contraband laptop. And also to follow Rochester's trail of treats.

Mia’s friends love rom-coms. Mia hates them. They’re silly, contrived, and not at all realistic. Besides, there are more important things to worry about—like how to handle living with her bridezilla sister, Sam, who’s never appreciated Mia, and surviving junior year juggling every school club offered and acing all of her classes. So when Mia is tasked with finding a date to her sister’s wedding, her options are practically nonexistent. Mia’s friends, however, have an idea. It’s a little crazy, a little out there, and a lot inspired by the movies they love that Mia begrudgingly watches, too. Mia just needs a meet-cute.

Recital of the Dog David Rabe,2007-12-01 A successful artist shoots a dog harassing his cows and descends into madness in this dark novel by the Tony Award-winning author of *Sticks and Bones*. In classic works such as *Hurlyburly* and *Streamers*, David Rabe’s depictions of violence and the dark side of the human psyche have won him widespread acclaim. In *Recital of the Dog*, a painter who has left urban chaos for the country soon finds his hopes of tranquility shattered by a marauding intruder—a dog that torments his small herd of cows. Desperate to restore order to his world, the man shoots the dog, unwittingly unleashing a nightmare on himself. This is a tale of creation and destruction, crime and punishment, rife with insight and black comedy. Praise for *Recital of the Dog* “So primal, so dark and redeeming it should be considered taboo, and is therefore irresistible. . . . An extraordinary, powerful piece of literature.” —Thomas Moore, author of *Care of the Soul* “David Rabe has crafted an intense, strange and frightening nightmare. . . . There is violence and intensity and vividness that a reader feels as though inhabiting the mind of a madman.” —The Denver Post “Playwright Rabe’s first novel is a powerful, shocking portrait of a disintegrating psyche . . . fairly crackles with a dark, disturbing, often dazzling energy.” —Library Journal “A gifted prose writer of original vision . . . In both voice and structure, *Recital of the Dog* owes much both to Albert Camus and James M. Cain. . . . Rabe’s beautiful, tight, fluent prose renders the fragility of reality with enormous power and grace.” —San Francisco Chronicle

Chipper's nonstop schedule continues with the help of her younger sister, Cheyenne, as they teach important dog skills to a neverending stream of foster puppies: Anna Banana, Lupo, Droopy, Little Bear, Timber, and many more. A Dog's Devotion Suzanne Elshult,James Guy Mansfield,2022-10-15 In late March of 2014, death descended upon the community of Oso, Washington in the form of a massive landslide. Ten million cubic yards of dirt and mud crashed through homes, sweeping a 20-foot-high wall of debris before it and scouring the valley floor. In the cold rain of that morning, an entire community disappeared in a sea of mud. In the desperate hours that followed, rescue crews were able to pull only eight survivors out of the wrecked landscape. And then all became quiet, with the stunned realization that many more people were missing, but none were still living. This is the moment when the story of *A Dog's Devotion* begins. The emergency call from Oso went out, and was answered by K9 Search and Rescue (SAR) teams from across the Pacific Northwest. Suzanne, along with her 4-year-old Labrador Retriever, Keb, and her teammate Guy, was one of the SAR teams to respond to this disaster. In this book, readers immediately find themselves on the ground in the cold mud of the Oso Landslide Disaster on the desperate search for the remains of over forty lost souls. In subsequent chapters, readers will accompany Suzanne, Guy, and Keb as they are inserted by helicopter to search high snowfields on Mount Rainier, or as they traverse steep, forested slopes searching for the clandestine grave of murder victims. They'll join K9 Keb, as her keen nose leads to human remains in the forests of Washington State and as far away as the woods of Scandinavia. Keb's story is of a dedicated K9 who can distinguish the scent of the dead from the scent of the living, and who can detect buried bones and even corpses underwater. Readers will follow this intrepid K9 and her teammates as they face the challenges of changeable weather, deep northwest forests, high mountain slopes, and menacing coyotes to find dead bodies, missing hikers, and even the bones of murder victims from long ago. Among their successes: finding multiple victims buried by the 2014 Oso Landslide, solving the mysterious disappearance of women in wealthy suburbs, and finding human bones thought to be forever lost to time. It's their story about evolving as search and rescue volunteers while overcoming harsh conditions, inner demons, a rust-bound bureaucracy, and back-stabbing teammates. While internal conflicts threaten their larger K9 team, Keb's training, loyalty, and perseverance inspire them, and help them find the resolve to carry on their service to the community.

On Animals Susan Orlean, 2021-10-12 Dogs: If therapists didn't charge you and were willing to chase sticks, they would be dogs. The kindly and receptive silence, the respect for secrets, the inexhaustible supply of attention—these are a dog's, and a therapist's, finest qualities. Dogs, though, are more fun than therapists, more tender, more dear, and certainly more admiring. Turkeys: I never expected to have any feelings about turkeys, but I love them. They follow me around like puppies. If I say gobble to them, they all start gobbling, in unison. Sometimes they show up outside my office and tap on the windows until I look up at them, and then they wait there, with endless patience, until I come outside and greet them. Chickens: Tweed and Mabel Black Label, my Araucana hens, are somewhat antisocial. When I pick up either of them, they eye me with such deep suspicion that I feel like they can smell omelets on my breath. Pet tigers: You know how it is—you start with one tiger, then you get another and another, then a few are born and a few die, and you start to lose track of details like exactly how many tigers you have. Cats: The cats were acquired to deal with the mice in the basement, but they don't like being in the basement because, well, I don't know why. Maybe because there are mice down there. Coyotes: Like everyone in Los Angeles, the coyotes I've seen there look like they work out a lot with personal trainers. Book jacket.

Out of the Dog House Dick Portillo, Don Yaeger, 2018-11-27 In 1963, Dick Portillo built a 6' x 12' trailer with no running water or bathroom and opened a simple hot dog stand in Villa Park, Illinois. He called it The Dog House. More than 50 years and 50 locations later, his namesake Portillo's restaurants are a Windy City institution, famous for perfect, Chicago-style dogs. In *Out of the Dog House*, Portillo tells the incredible story of his life, sharing the ingenuity and hard-earned wisdom that went into building a beloved restaurant chain. From a modest childhood as the son of Greek and Mexican immigrants, to the core principles that became essential in growing a national business, this is a singular, at times surprising, tale of how one man crafted his own American dream, one hot dog at a time.
