The Personal Finance Calculator Esme E. Faerber, 2003-03-22 Today's most clear-cut guide for understanding and making everyday financial decisions Is it better to buy or lease a car? How does one calculate an investment return? For that matter, what exactly is an investment return? The Personal Finance Calculator provides noncomplex tools and calculations for assessing current personal wealth, determining how much debt is too much debt, understanding credit card interest rates, and more. Written by Esme Faerber, a McGraw-Hill author renowned for simplifying complex finance topics and explaining their use, this clear, concise book explains simple steps for getting one's financial life in order and saving money over both the short and long term. Readers will learn how to: Keep investment costs from undercutting overall returns Use the popular Rule of 72 to estimate investment growth Determine how much money they will need for retirement

The White Coat Investor James M. Dahle, 2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect vour hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of Common Sense Investing The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Engines of Change Paul Ingrassia,2012-05-01 A narrative like no other: a cultural history that explores how cars have both propelled and reflected the American experience— from the Model T to the Prius. From the assembly lines of Henry Ford to the open roads of Route 66, from the lore of Jack Kerouac to the sex appeal of the Hot Rod, America's history is a vehicular history—an idea brought brilliantly to life in this major work by Pulitzer Prize—winning journalist Paul Ingrassia. Ingrassia offers a wondrous epic in fifteen automobiles, including the Corvette, the Beetle, and the Chevy Corvair, as well as the personalities and tales behind them: Robert McNamara's unlikely role in Lee Iacocca's Mustang, John Z. DeLorean's Pontiac GTO , Henry Ford's Model T, as well as Honda's Accord, the BMW 3 Series, and the Jeep, among others. Through these cars and these characters, Ingrassia shows how the car has expressed the particularly American tension between the lure of freedom and the obligations of utility. He also takes us through the rise of American manufacturing, the suburbanization of the country, the birth of the hippie and the yuppie, the emancipation of women, and many more fateful episodes and eras, including the car's unintended consequences: trial lawyers, energy crises, and urban sprawl. Narrative history of the highest caliber, Engines of Change is an entirely edifying new way to look at the American story.

Financial Independence (Getting to Point X) John J. Vento,2013-03-07 Discover the ten key issues to achieving your financial goals and how to use them to realize your dream of financial independence From saving to purchase a first car, to putting kids through college to planning for retirement, to preserving your estate for your loved ones, our financial goals change from one stage of life to the next. While those goals and the challenges we face in achieving them may differ, all of them have certain things in common. Saving, budgeting, managing debt, minimizing taxes and living within your means. These are a few of the 10 Key Wealth Management Issues which come into play (to varying degrees) when working toward specific financial goals. But there's one goal for which success relies on all ten keys coming together in perfect harmony: financial independence, also known as Point X. No matter how you define it—whether it's a retirement income of \$25,000 a year, or an estate worth \$250 million—your future financial independence requires that you deal effectively with all ten key issues. And now this book shows you how to get it done, along with

the guidance of a trusted advisor. Supplies you with a complete roadmap for arriving at Point X, financial independence with key milestones and important twists and turns clearly defined Identifies the 10 key wealth management issues and offers priceless advice and guidance on negotiating each on your road to financial independence Provides you with both success and failure stories so you can learn from others' real life experiences Provides you with tax planning facts and strategies within the wealth management issues that will show you how to minimize your most significant expense and at the same time maximize your savings on the road to your Point X

Dirty Little Secrets Jason R. Rich, 2013-02-07 What the credit bureaus don't tell you can cost you thousands. Jason Rich unearths these dirty little secrets in this tell-all expose' aimed at immediately improving your credit report. Whether you have credit problems, are trying to establish credit or want to improve your credit score, this previously undisclosed advice can help you save hundreds, perhaps thousands of dollars every month.

Simply Visual Basic 2008 Paul J. Deitel, Harvey M. Deitel, Greg J. Ayer, 2009 For introductory courses in Visual Basic Programming, offered in departments of Information Technology, Computer Science or Business. Merging the concept of a lab manual with that of a conventional textbook, the Deitels have crafted an innovative approach that enables students to learn programming while having a mentor-like book by their side. This best-seller blends the Deitel(tm) signature Live-Code(tm) Approach with their Application-Driven(tm) methodology. Students learn programming and Visual Basic by working through a set of applications. Each tutorial builds upon previously learned concepts while learning new ones, An abundance of self assessment exercises are available at the end of most chapters to reinforce key ideas. This approach makes it possible to cover a wealth of programming constructs within the Visual Basic 2008 environment. Key topics include Language Integrated Query (LINQ), Visual Programming, Framework Class Library (FCL), Controls (Buttons, TextBoxes, ListBoxes, Timers, ComboBoxes, RadioButtons, Menus, Dialogs), Event Handling, Debugger, Algorithms, Control Structures, Methods, Random-Number Generation, Arrays, Classes, Objects, Collections, Mouse & Keyboard Event Handling, Strings, Files, Database, Graphics, Multimedia, GUI Design and Web applications. Deitel accomplishes this by making highly technical topics as simple as possible. The Third Edition is fully updated for Visual Studio 2008, Visual Basic 2008 and .NET 3.5.

Save Big Elisabeth Leamy, 2010-01-26 Good Morning America correspondent and ABC News columnist reveals tips for achieving unbelievable savings In this battered economy, saving money matters more to consumers than ever before. But most people are tired of hearing about all the small stuff, like skipping their morning latte. They tried that, and it didn't work. Americans want fresh, bold ideas and Save Big: Cut Your Top 5 Costs and Save Thousands has them. In fresh, engaging prose, Elisabeth Leamy shows consumers how to save big on life's most important and costly items. Filled with actionable advice and the insider secrets readers are hungering for, Save Big Details how to save a lot of money on a few things rather than merely saving a little on a bunch of small items Reveals the keys to saving money and the challenges consumers face Educates consumers on how to save thousands on the five things most people spend the most money on: houses, cars, credit, groceries, and healthcare After the turbulent economic events of the recent past, more and more consumers are focusing on budgeting and creative ways to save money. Save Big can help.

Auto Upkeep Michael E. Gray, Linda E. Gray, 2018-01-01 Discover how to choose a quality repair facility, buy a car, handle roadside emergencies, diagnose common problems, and communicate effectively with technicians - all while saving money.
