TekLords William Shatner, 2012-11-13 PI Jake Cardigan is on the run from a mysterious assassin in this sci-fi thriller from the iconic Star Trek actor and New York Times-bestselling author. Jake Cardigan has just returned from Mexico, where he fell in love, nearly died, and broke up the infamous Hokori cartel. But the drug kingpins whose fortunes rest on pushing Tek are still trying to do away with this devilish private eye. During a routine trip to the mall, a well-dressed man tries to stab Cardigan through the heart. After a quick scuffle, the would-be assassin is dead on the floor, and Cardigan is the one who winds up in handcuffs. The dead man was an executive at a hydroponics company—an ordinary worker drone with no apparent reason to kill the detective. An evil mastermind has learned how to make innocent civilians obey his commands, and he will sacrifice an army of zombie assassins if it means getting a clean shot at Cardigan. To stay alive, and out of jail, Cardigan will have to learn to steer clear of the mindless killers of Greater Los Angeles. This ebook features an illustrated biography of William Shatner including rare images and never-before-seen documents from the author's personal collection.

Cardigan Welsh Corgi Richard Beauchamp, 2012-03-20 The dwarf herding dog from Cardiganshire, Wales, the Cardigan Welsh Corgi; the Corgi with a tail; derived as a hard-working cattle dog capable of handling an unruly herd. Cardigans are fearless and industrious, devilishly smart, and full of spirit. Although low in stature, the Cardigan is not a small dog and indeed acts as if he's the tallest guy in the room. Canine expert and dog show judge, Richard G. Beauchamp shares his insight into this down-to-earth, enduring working dog, whose unflagging work ethic is only rivaled by his devotion to his people. The history chapter discusses the origins and legends associated with this enchanted dwarf canine, followed by chapters describing the breed's many special traits and desirable physical features as outlined in the official breed standard. New owners will welcome the well-prepared chapter on finding a reputable breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with photographs of handsome adults and puppies. In all, there are over 135 full-color photographs in this useful and reliable volume. History and antiquities of the County of Cardigan Sir Samuel Rush Meyrick,1810

Cardigan Robert W. Chambers Robert W.

Chambers,2016-08-31 Those who read this romance for the sake of what history it may contain will find the histories from which I have helped myself more profitable. Those antiquarians who hunt their hobbies through books had best drop the trail of this book at the preface, for they will draw but a blank covert in these pages. Better for the antiquarian that he seek the mansion of Sir William Johnson, which is still standing in Johnstown, New York, and see with his own eyes the hatchet-scars in the solid mahogany banisters where Thayendanegea hacked out polished chips. It would doubtless prove more profitable for the antiquarian to thumb those hatchet-marks than these pages. But there be some simple folk who read romance for its own useless sake. To such quiet minds, innocent and disinterested, I have some little confidences to impart: There are still trout in the Kenneyetto; the wild ducks still splash on the Vlaie, where Sir William awoke the echoes with his flintlock; the spot where his hunting-box stood is still called Summer-House Point; and huge pike in golden-green chain-mail still haunt the dark depths of the Vlaie water, even on this fair April day in the year of our Lord 1900.

Tek Power William Shatner,2014-11-11 Private eye Jake Cardigan must derail an insidious plot by the ruthless Tek cartel to replace the US president with an android designed to do the group's dark bidding William Shatner, the original face of Captain Kirk on TV's Star Trek, displays another side of his remarkable talent with his sixth excursion into a future world where the ubiquitous techno-drug Tek rules, and one man remains

dedicated to wiping the scourge and its criminal suppliers from the face of tomorrow's Earth. Jake Cardigan—ex-cop, private investigator, and former Tek user—has been given a special assignment by the head of the Cosmos Detective Agency: to track down the murderer of his daughter-in-law. It is a job that takes Jake and his partner, Sid Gomez, from Los Angeles to the East Coast and into the heart of a terrifying conspiracy surrounding the president of the United States. Unbeknownst to the nation and the world, President Warren Brookmeyer, a Tek addict, is in rehab and has been temporarily replaced by an android replica, indistinguishable from the real chief executive. But the brazen scheme to shield the country from the truth is, in reality, the brainchild of the ruthless and powerful Tek Lords, who intend to keep the simulacrum in power indefinitely in order to alter official policy concerning the dangerous mind-enhancing electronic drug. If Jake and Sid fail to expose and eliminate this treasonous plot, the president will surely die—along with liberty, the law, and the twenty-second-century American way. This ebook features an illustrated biography of William Shatner including rare images and never-before-seen documents from the author's personal collection.
