**The Sea Watch** Adrian Tchaikovsky,2011-02-04 The Sea Watch is the sixth book

in the critically acclaimed epic fantasy series Shadows of the Apt by Adrian Tchaikovsky. Danger lurks beneath dark waters . . . A shadow is falling over Collegium. Despite the tenuous peace, Stenwold Maker knows that the Empire will return for his city. Even as he tries to prepare for the resurgence of the black and gold army, a hidden threat is working against his people. Ships that sail from Collegium's harbour are being attacked, sunk by pirates. Some just go missing . . . Lulled by the spread of lies and false promises, Stenwold's allies are falling away. He faces betrayal on every side, and the Empire is just waiting for the first sign of weakness to strike. But they are not the only power that has its eyes on Collegium. And even with all their military strength and technology, they may not be powerful enough to stave off the forces massing in the darkness. The Sea Watch is followed by the seventh book in the Shadows of the Apt series, Heirs of the Blade.

DO IT YOURSELF Ogan Davids, 2020-07-13 It has been stated that information is the currency of the 21st century, and billions of words are added every minute to the mountains of words in the library of human existence. This mountain at most can be very intimidating and mind boggling, and navigating through the burrows and rows of words in this library, searching for new information or knowledge, can be very daunting. No wonder, through the help of technology, the world is gradually moving from "Do it for us", to Do it yourself". But doing it yourself, requires skills, time, patience and resilience. Since, it has no doubt, increasingly become difficult for people

to do research online, access relevant information, or develop new skills, probably due to the constraint of time. It is our quest to help you overcome all these constraints, which gave birth to the book "DO IT YOURSELF". Do it yourself, is the most comprehensive guide of How to's, in any subject matter that is of interest to you. We gracefully understand what it takes to browse through thousands or even millions of pages online, looking for information on the new skill you want to acquire, or the new information you want to access, we have therefore save you time and money by compiling all the information in a book form, to save you millions of hours of research, data, and loss of quality time with loved ones. Do it yourself is therefore aimed at helping you achieve more and become better with less efforts, which will directly or indirectly change your way of thinking for the betterment of your life and that of others.

**Cardless Tarot** Kerry Ward,2024-09-10 Many people are curious about Tarot but feel overwhelmed by learning the meanings of 78 cards. In this cutting-edge book, Tarot expert Kerry Ward deciphers nine key cards from the major arcana, to give you the most insightful readings possible, without a card in sight. Each of the nine tarot 'cards' in the book features a guide card that tackles a certain theme. For instance, the Hermit can be used to get to grips with self-enlightenment. The Hermit sits in a cave, which is illuminated by a glowing lantern revealing glittering obsidian crystal-hewed walls, a dark,

deep pool at the back of the cave which echoes with running water trickling down somewhere deeper into the mountain. The Hermit's cloak and staff lie at his feet. Once you have read the text and studied the card, the aim is that you pick an object featured on the card illustration that best chimes with you, then turn to the page featuring the object for a deeper reading. On the Hermit card, is it the cloak, or perhaps the deep pool? Or maybe the glowing lantern that has caught your eye? The book is an excellent tool for personal guidance and self-development, and is the perfect introduction to tarot for anyone who is curious to learn more.
