The Echoing Woods E. Kegel-Brinkgreve,2023-08-21 For the first time since more than ninety years a survey is offered of bucolic and pastoral, extending from the classical mainspring of the genre to the English 18th century. The emphasis is on the genre itself, the role of imitation in constituting and maintaining its identity, and on the Renaissance extension from bucolic to the wider and more diffuse phenomenon of pastoral. Therefore the seminal role of Theocritus, Virgil, Dante, Petrarch, Sannazaro, Tasso, and in England Spenser and Sidney is highlighted by means of an analysis of their works in this vein. The subject is of interest for classical scholars who want to become acquainted with the Renaissance revival and mutation of an ancient genre, and for students of English and comparative literature who want to study the important classical sources and the development of pastoral in English literature from 1578 up to the end of the eighteenth century.

Karamojo Safari W. D. M. Bell,2019-11-22 Karamojo Safari, first published in 1949, is a classic story of elephant hunting, safaris, native life, and the wilds of Uganda and Kenya in the late 1800s, at a time when the region (then known as "Karamojo") was completely unknown to the outside world. Walter Bell (1880-1954), known as Karamojo Bell, was a Scottish adventurer, big game hunter in East Africa, soldier, decorated fighter pilot, sailor, writer, and painter. Famous for being one of the most successful ivory hunters of his time, Bell was an advocate of the importance of shooting accuracy and shot placement with smaller calibre rifles, over the use of heavy large-bore rifles for big African game. He improved his shooting skills by careful dissection and study of the anatomy of the skulls of the elephants he shot. He even perfected the clean shooting of elephants from the extremely difficult position of being diagonally behind the target; this shot became known as the Bell Shot. Although chiefly known for his exploits in Africa, Bell also traveled to North America and New Zealand, sailed windjammers, and saw service in South Africa during the Boer War, and flew in the Royal Flying Corps in East Africa, Greece and France during World War I.

Prepare to Board! Nancy Beiman,2013 Packed with illustrations, this book explains the methods and techniques of animation preproduction, with a focus on story development and character design.

The Un-Americans Joseph Litvak,2009-11-25 In a bold rethinking of the Hollywood blacklist and McCarthyite America, Joseph Litvak reveals a political regime that did not end with the 1950s or even with the Cold War: a regime of compulsory sycophancy, in which the good citizen is an informer, ready to denounce anyone who will not play the part of the earnest, patriotic American. While many scholars have noted the anti-Semitism underlying the House Un-American Activities

Committee's (HUAC's) anti-Communism, Litvak draws on the work of Theodor W. Adorno, Hannah Arendt, Alain Badiou, and Max Horkheimer to show how the committee conflated Jewishness with what he calls "comic cosmopolitanism," an intolerably seductive happiness, centered in Hollywood and New York, in show business and intellectual circles. He maintains that HUAC took the comic irreverence of the "uncooperative" witnesses as a crime against an American identity based on self-repudiation and the willingness to "name names." Litvak proposes that sycophancy was (and continues to be) the price exacted for assimilation into mainstream American culture, not just for Jews, but also for homosexuals, immigrants, and other groups deemed threatening to American rectitude. Litvak traces the outlines of comic cosmopolitanism in a series of performances in film and theater and before HUAC, performances by Jewish artists and intellectuals such as Zero Mostel, Judy Holliday, and Abraham Polonsky. At the same time, through an uncompromising analysis of work by informers including Jerome Robbins, Elia Kazan, and Budd Schulberg, he explains the triumph of a stoolpigeon culture that still thrives in the America of the early twenty-first century.

The Wretched of the Earth Frantz Fanon, 2007-12-01 The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

The Green Hat Michael Arlen, 1924 With her quick thinking Liza Lou manages to outwit all the haunts, gobblygooks, witches, and devils in the Yeller Belly Swamp.

Frame by Frame Hannah Frank, 2019-04-09 At publication date, a free ebook version of this title will be available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. In this beautifully written and deeply researched study, Hannah Frank provides an original way to understand American animated cartoons from the Golden Age of animation (1920-1960). In the pre-digital age of the twentieth century, the making of cartoons was mechanized and standardized: thousands of drawings were inked and painted onto individual transparent celluloid sheets (called "cels") and then photographed in succession, a labor-intensive process that was divided across scores of artists and technicians. In order to see the art, labor, and technology of cel animation, Frank slows cartoons down to look frame by frame, finding hitherto unseen aspects of the animated image. What emerges is both a methodology and a highly original account of an art formed on the assembly line.

Photography and the Art of Chance Robin Kelsey, 2015 As anyone who has wielded a camera knows, photography has a unique relationship to chance. It also represents a struggle to reconcile aesthetic aspiration with a mechanical process. Robin Kelsey reveals how daring innovators expanded the aesthetic limits of photography in order to create art for a modern world.

Cartooning for a Modern Egypt Keren Zdafee, 2019-09-16 In *Cartooning for a Modern Egypt*, Keren Zdafee foregrounds the role that Egypt's foreign-local entrepreneurs and caricaturists played in formulating and constructing the modern Egyptian caricature of the interwar years. She illustrates how these caricaturists envisioned and evaluated the past, present, and future of Egyptian society, in the context of Cairo's colonial cosmopolitanism.

Distinction Pierre Bourdieu, 2013-04-15 Examines differences in taste between modern French classes, discusses the relationship between culture and politics, and outlines the strategies of pretension.

Take Her, She's Yours Eva-Lynn Jagoe, 2020-04-27 We say, you belong to me, or I belong to you. But is it possible to be possessed by others? And can we ever possess ourselves? In this raw and

intimate account, Eva-Lynn Jagoe merges memoir with critical theory as she recounts the unraveling of everything she thought she knew about selfhood, relationships, and desire. Through the story of an upbringing in a patriarchal Spanish and American household, a dissociative and painful relationship towards men and power, and a chaotic marriage and divorce, she interrogates the destructive fantasy of possessive individualism that permeates our psyches and our cultural expectations. Woven through this narrative is an account of the unique relationship that Jagoe has with her psychoanalyst, in which she works through her tendency to give herself away to others, and learns to navigate the many contradictory selves that we all hold within us. This journey leads her to an enriched understanding of self-possession. Jagoe's account of an examined life is inseparable from her commitment to the psychoanalytic, feminist, and queer theories that sustain and nourish her in her search for an expanded definition of self. Jagoe's unique blend of musings and reflections on literature, fairy tale, and culture; her willingness to delve into abjection and contradictory desires; and her honest portrayal of the realities of psychoanalysis allow for a timely exploration of gender, sex, and power. *Take Her, She's Yours* belongs in the company of Eve Kosofsky Sedgwick's *A Dialogue on Love* and the memoirs of Maggie Nelson, Rachel Cusk, and Lidia Yuknavitch. It engrossingly conveys the lived urgency of critical thinking and the pleasures and perils of embodied selfhood. *Take Her, She's Yours* is a story about loss and letting go, but also about the intimacy that emerges through an expanded definition of selfhood. Eva-Lynn Jagoe is the author of *The End of the World as They Knew It: Writing Experiences of the Argentine South*. Her essays, articles, and stories have appeared in *Bluestem Literary Magazine*, *Discourse*, *Fables for the 21st Century*, *Guts*, *Canadian Feminist Magazine*, *Public*, and *Writing From Below*, as well as numerous academic journals. She is a professor at University of Toronto, where she teaches critical and cultural theory, environmental humanities, Latin American studies, film, and literature. She is the co-organizer of Banff Research in Culture, and The Toronto Writing Workshop. She is also a certified Iyengar yoga teacher.

On Photography Susan Sontag, 2001-06 Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, *On Photography* first appeared in 1977 and is described by its author as a progress of essays about the meaning and career of photographs. It begins with the famous *In Plato's Cave* essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching *Brief Anthology of Quotations*.
