**Future Ready** Stephanie L. Woerner,Peter Weill,Ina M. Sebastian,2022-10-18 To be a top performer in the digital economy—to become truly future ready—you need a playbook. Now you have one. It seems like almost every company you can think of—including your own—has embarked on a digital transformation journey. The problem is, many companies start down the road without a good sense of where they are going or a clear idea of how they will create and capture digital value. Not surprisingly, this leads to problems: failure to realize the value from digital in their bottom lines, wasted resources and effort, added complexity and dysfunction. This compact, no-nonsense book provides a solution. In their years of working with senior executives around the world, MIT research scientists Stephanie Woerner, Peter Weill, and Ina Sebastian noticed that these leaders knew they had to transform their businesses, but lacked a coherent framework and a common language—a playbook—to guide and motivate their employees and keep everyone focused on a common goal. Future Ready is that playbook. Based on years of rigorous research with data from more than a thousand companies—BBVA, CEMEX, DBS, Fidelity, Maersk, and many others—the book provides a powerful, field-tested four pathways framework that offers insights into the important dimensions at which a firm must excel in order to be competitive, as well as the organizational disruptions that every firm must manage as part of the transformation journey. The book includes instructive examples, sharp analyses, assessments to help companies benchmark themselves against top performers, and many illuminating visuals to help crystallize the data and ideas. Woerner, Weill, and Sebastian show that the goal isn't digital transformation but rather a profound business transformation. Future Ready is your essential guide for becoming a top performer in the digital economy.

**Cemeterians** Jack W. Plunkett,2008 Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that

will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.
