Carnival Masks of Venice J. C. Brown,2008 Each year in Venice the weeks preceeding the privations of Lent are forgotten in the exuberant release of carnival. The dissolute behaviour of its citizens in the 18th century reached such depths that the use of masks was banned, but revived in the 1970s it has since become the prevailing image of Carnevale. In this elegantly- designed book the reader is offered a concise introduction to the history of the carnival and mask-wearing, illustrated by J.C. Brown's moody and evocative photos of Venetian masks and the beautiful city.

Venice Incognito James H. Johnson,2017-01-10 The entire town is disguised, declared a French tourist of eighteenth-century Venice. And, indeed, maskers of all ranks—nobles, clergy, imposters, seducers, con men—could be found mixing at every level of Venetian society. Even a pious nun donned a mask and male attire for her liaison with the libertine Casanova. In *Venice Incognito*, James H. Johnson offers a spirited analysis of masking in this carnival-loving city. He draws on a wealth of material to explore the world view of maskers, both during and outside of carnival, and reconstructs their logic: covering the face in public was a uniquely Venetian response to one of the most rigid class hierarchies in European history. This vivid account goes beyond common views that masking was about forgetting the past and minding the muse of pleasure to offer fresh insight into the historical construction of identity.

Carnival in Venice Gerald Hoberman,2006 A unique cultural statement, a kaleidoscope of European sophistication, finery and fun. This portfolio showcases the Carnival in Venice, providing fresh insight into its delightful attributes. With an incisive eye for detail and the subtleties of colour, texture and humanity, it captures the spirit and humour of the Carnival.

Venice Carnival Lea Rawls,2018-03-23 The Carnival of Venice (Italian: Carnevale di Venezia) is an annual festival held in Venice, Italy. The Carnival ends with the Christian celebration of Lent, forty days before Easter, on Shrove Tuesday (Martedì Grasso or Mardi Gras), the day before Ash Wednesday. The festival is world-famous for its elaborate masks.It's said that the Carnival of Venice was started from a victory of the Venice Republic against the Patriarch of Aquileia, Ulrico di Treven in the year 1162. In the honour of this victory, the people started to dance and gather in San Marco Square. Apparently, this festival started on that period and became official in the Renaissance. It reappeared gradually in the nineteenth century, but only for short periods and above all for private feasts, where it became an occasion for artistic creations.After a long absence, the Carnival returned in 1979.[6] The Italian government decided to bring back the history and culture of Venice, and sought to use the traditional Carnival as the centerpiece of its efforts. The redevelopment of the masks began as the pursuit of some Venetian college students for the tourist trade. Since then, approximately 3 million visitors come to Venice every year for the Carnival.[7] One of the most important events is the contest for la maschera più bella (the most beautiful mask) which will be judged by a panel of international costume and fashion designers. Several distinct styles of mask are worn in the Venice Carnival, some with identifying names. People with different occupations wore different masks.

Venetian gondola-maker Luca Vianello considers his whole life arranged. His father charted a course for his eldest son from the day he was born, and Luca is positioned to inherit one of the city's most esteemed boatyards. Soon he will marry the daughter of an artisan prow-maker, securing a key business alliance for the family. But when Luca experiences an unexpected tragedy in the boatyard, he believes that his destiny lies elsewhere. Soon he finds himself drawn to restore an antique gondola with the dream of taking a girl for a ride. *The Gondola Maker* brings the centuries-old art of gondola-making to life in the tale of a young man's complicated relationship with his master-craftsman father. Lovers of historical fiction will appreciate the authentic details of gondola craftsmanship, along with an intimate first-person narrative set against the richly textured backdrop of 16th-century Venice. The Venetian Mask Rosalind Laker,2008-03-25 Enduring friendships and long-held vendettas come alive against the splendor and decadence of eighteenth-century Venice. In 1775 Venice--known to outsiders as “the brothel of Europe”--the tradition of mask-wearing has allowed adultery and debauchery to flourish. But Marietta and Elena, two friends at the Ospedale della Pietà, a world-famous orphanage and music school for girls, know little of that milieu--until they come of age. Elena is forced to wed the head of the Celano clan, a jealous, brutal man, while Marietta marries Domenico Torrisi, whose family vendetta with the Celanos is centuries old. Tradition dictates that the friends should never speak again, but their bond is too strong to break. As the French Revolution unsettles all of Europe, Elena's husband frames Domenico and he becomes a political prisoner. Marietta and Elena plot to save him, and the women discover that Venetian masks have noble purposes, too--but will their efforts put their own lives at risk? Embodying the glitter and the treachery of the city it portrays, *The*

The Souls of Venice Janet Sethre,2003-01-01 How is a life defined by a city, and a city by the lives within? Where do an individual and a culture coincide?

Perhaps more than any city in the world, Venice inspires these questions and suggests intriguing answers. This book focuses on people who have been shaped by Venice and have shaped Venice in their turn. The author considers them in five groups: the mutilated culture heroes (e.g., the eunuch Narses), who despite or because of some great sacrifice helped the city define itself and its mission; the fugitives from splendor (e.g., St. Pietro Orseolo or El Greco), so overwhelmed by beauty that they fled the city; the prisoners of Venice-the convicts, the cloistered, the mad; the symbiotics, who lived in close communion with the city for long periods of time (e.g., Titian) and the fugitives from self (e.g., Igor Stravinsky), who have come from elsewhere seeking a new identity, and who ended up helping to create a new identity for the city itself. More than a collection of biographies, this richly textured and insightful work examines the roots of people's Venice-ness as well as the city's own humanity.

Images of Plague and Pestilence Christine M. Boeckl,2000-11-24 Since the late fourteenth century, European artists created an extensive body of images, in

paintings, prints, drawings, sculptures, and other media, about the horrors of disease and death, as well as hope and salvation. This interdisciplinary study on disease in metaphysical context is the first general overview of plague art written from an art-historical standpoint. The book selects masterpieces created by Raphael, Titian, Tintoretto, Rubens, Van Dyck, and Poussin, and includes minor works dating from the fourteenth to twentieth centuries. It highlights the most important innovative artistic works that originated during the Renaissance and the Catholic Reformation. This study of the changing iconographic patterns and their iconological interpretations opens a window to the past.
