The Carpet Makers Andreas Eschbach,2013-07-30 Since the time of pre-history, carpetmakers tie intricate knots to form carpets for the court of the Emperor. These carpets are made from the hairs of wives and daughters; they are so detailed and fragile that each carpetmaker finishes only one single carpet in his entire lifetime. This art descends from father to son, since the beginning of time itself. But one day the empire of the God Emperor vanishes, and strangers begin to arrive from the stars to follow the trace of the hair carpets. What these strangers discover is beyond all belief, more than anything they could have ever imagined... Brought to the attention of Tor Books by Orson Scott Card, this edition of The Carpet Makers contains a special introduction by Orson Scott Card. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Forensic Evidence Terrence F. Kiely,2005-11-29 Focusing on issues raised at Interpol's 14th Forensic Science Symposium, this volume offers a complete overview and analysis of the scientific and legal aspects of each of the forensic disciplines. It updates cases and discusses recent applications of Frye/Daubert, the admissibility of eyewitness identification, the explosion of cases and statutes addressing post-conviction DNA, the rise in attention to cold cases, and other challenges. This is the book that those in the forensic sciences need to have on hand to successfully prepare for what may await them in the courtroom.
