It is not only a great way to get them to learn about all the various shapes and sizes of cars that exist but it also inspires them and gets them to want to color. It has been put together in such a way by the author that is not hard for the child to know what they are supposed to do. Before the author published the book he did a little test among his family and friends that have children just to see how they would react to the book. It was well received and that was enough to get him to share it with the rest of the world.
