**Money Magnet** Eric Campbell,2019-09 From the book: There is only one thing you need to know when it comes to making money. Money is energy. The amount of money you have in your life is a direct reflection of the energy you hold within yourself. This is why there is no point trying to force things outside of yourself to happen so that you make more money. It's true that the actions you take in your world are what's going to be the bridge for money to enter your bank account, but you must realize the actions you take are just bridges. In order to make the money you desire, you must energetically become a magnet to the energy of abundance. If you are in alignment and magnetized to that energy you will attract more than you could ever ask for once you build those bridges. What you need to know is how to bring in and manifest that energy inside of yourself. Building bridges is easy, unique to each individual, and will be something you're able to do intuitively. Too many of my children have the opposite approach. They see really successful people that have built nice bridges to bring in wealth and they try and build a similar bridge with no success. Don't get distracted by bridges. Just because it's something tangible the eyes can see doesn't mean it's your source. Focus instead on getting yourself to an energetic state where you become a magnet to abundance.
