Castle of Shadows Anna Lawton, 2019-10-08 "Characters spanning three generations act out their lives against the background of historical turning points . . . reminds me of *Downton Abbey*!" —Willee Lewis, Vice President, PEN/Faulkner Foundation This enticing family saga unfolds on the background of Italian history. The rich narrative tapestry includes a castle in the Piedmont countryside near Turin, three women, three generations, and a multitude of minor characters. It brings to the fore individual lives and human predicaments, personal feelings and universal themes. The lives of the three main characters, apparently ordinary, but actually tragic in their inexorable decline, are placed in a coral context that includes: the castle dwellers and the villagers, industrial entrepreneurs and socialist agitators, stars of the silent screen and working girls, American officers in WWI, fascist thugs and victims of the regime, a rogue and an honest prostitute, a singer of the Neapolitan varieté, a Russian prince, a descendant of Sir Walton the pirate, a band of partisans, a liberal priest, and even a domestic leopard. The narrator, who is herself a character, claims an approximate knowledge of facts, which she gathered from personal memories, stories heard from various people, documents and letters, supplemented by the imagination where evidence is lacking. Most of all, it is the photos from the family album that stir her imagination. The use of various languages and dialects very effectively adds sound to the images. "An elaborate and far-reaching tale that makes for compelling reading. A family saga that boasts ambitious, sophisticated, and controlled storytelling." —Kirkus Reviews "A beautiful story . . . a saga with its truth filtered through the fabric of narration." —Camilla Baresani, author of *Himalayan Pink Salt*

A Tempest of Shadows Jane Washington, 2021-03-14 A reverse harem, enemies to lovers, slow burn romance. The relentless clock of fate was groaning over to the next hour, ringing the arrival of a battle as old as time, sounding the final alarm, the final chance to fall to our blades or lift them high. It was repeating infernal hours that grew hungrier with each turn, more vicious than the day, the year, the century before. The end was here. The great war had begun. I had been torn apart and remade, a marionette to dance over the coals of this world, stitched together by my tormentors. The great masters thought they could break me down and own me. They were wrong. I had won my freedom, my place in this world, my golden-eyed protector by my side. Until it happened again; the grim call of fate looking out at me through eyes of darkness, the great masters waiting with the power I needed, curses and promises in their hands. It was time to make another deal. It was time to play their game in earnest. Book 2 in the *Tempest of Shadows* series. Over 105,000 words. This is a slow burn with DARK themes, unwilling anti-heroes, and one hell of a kick-ass heroine woven through a rich fantasy setting.

The Castle of the Shadows A. M. Williamson,2016-01-29 According to the calendar it was winter; but between Mentone and the frontier town of Ventimiglia, on the white road inlaid like a strip of ivory on dark rocks above the sapphire of the Mediterranean, it was fierce summer in the sunshine. A girl riding between two men, reined in her chestnut mare at a cross-road which led into the jade-green twilight of an olive grove. The men pulled up their horses also, and all three came to a sudden halt at a bridge flung across a swift but shallow river, whose stony bed cleft the valley.

Game of Shadows Erika Lewis,2017-02-28 A young man plagued by the ability to see ghosts races to save the mythological land of Tara from a terrible fate in Erika Lewis's stunning debut, Game of Shadows. Thousands of years ago in Ireland, an ancient race fought a world-changing battle—and lost. Their land overrun, the Celtic gods and goddesses fled, while the mythical races and magical druids sailed to an uncharted continent, cloaked so mankind could never find it. This new homeland was named Tara. In modern day Los Angeles, Ethan Makkai struggles with an overprotective mother who never lets him out

of her sight, and a terrifying secret: he can see ghosts. Desperate for a taste of freedom, he leaves his apartment by himself for the first time—only to find his life changed forever. After being attacked by dive-bombing birds, he races home to find the place trashed and his mother gone. With the help of a captain from Tara who has been secretly watching the Makkais for a long time, Ethan sets out to save his mother; a journey that leads him to the hidden lands, and straight into the arms of a vicious sorcerer who will stop at nothing until he controls Tara. With new-found allies including Christian, the cousin he never knew he had, and Lily, the sword-slinging healer who'd rather fight than mend bones, Ethan travels an arduous road—dodging imprisonment, battling beasts he thought only existed in nightmares, and accepting help from the beings he's always sought to avoid: ghosts. This L.A. teen must garner strength from his gift and embrace his destiny if he's going to save his mother, the fearless girl he's fallen for, and all the people of Tara.
