**14 Fun Facts About Ears: A 15-Minute Book** Jeannie Meekins, Ears sit on opposite sides of our head. They are flappy bits of skin that stick out. Sometimes we decorate them with piercings. Ears are our own little satellite dishes. They pick up sound waves and send them through the ear canal, where the tiniest bones and muscles in our body pick up the vibrations and send them further into our ears. Through a journey of air and liquid, our brains finally get the message and tell us that we have heard something. Our ears are also responsible for making sure we don't fall flat on our face. Let's see how much you know about ears. Can you answer these questions? How many parts does your ear have? How many types of fluid are supposed to be in your ear? Who can hear better, babies or adults? Can you hear with your bones? What does ear wax do? Find out more about your ears and amaze your family and friends with these fun facts. Ages 8 and up. All measurements in American and metric. The Educational Version has activities that meet Common Core Curriculum Standards. LearningIsland.com believes in the value of children practicing reading for 15 minutes every day. **Painted Cats** Neal Litherland, It was a lazy summer in the park when an old flame walked back into Leo's life. It had been a while since he'd seen Delilah, and it looked like she was doing all right for herself. She had a problem, though, and it wasn't one her new squeeze could fix... a friend of hers had gone missing. Worse, she'd left her kitten behind. Mischief was a devoted mama, and she never would have abandoned Trouble to fend for himself. Especially not in a place like Scratch Alley. But for old times' sake, Leo agreed to stick his nose into things and see what he could turn up. What he found was a lot more than he bargained for. While Mischief appeared to have vanished into thin air, Leo finds low-rent muscle dogging his steps. While he's looking for Delilah's missing friend, though, they're trying to get their claws on Trouble. What's so special about the kitten that petty packs of alley enforcers are out for blood? That might just be the answer to where Mischief went, however, if Leo knows anything about... Painted Cats.
