Cat Breaking Free Shirley Rousseau Murphy, 2009-10-13 In this cozy mystery, a talking cat and his four-legged friends investigate cat trappers and murder in smalltown California. The fur starts flying—the fur of Joe Grey, Feline P.I., that is—when a gang from L.A. comes up to tranquil Molena Point, California, and begins breaking into the village’s quaint shops. After all, Molena Point has been his home since he was a kitten eating scraps from the garbage behind the local delicatessen, and he doesn’t take well to marauding strangers. Joe even wonders whether the blonde who’s moved in next door to human companion Clyde could be a part of the gang—she’s been acting pretty suspicious lately. But when the strangers start trapping and caging feral cats—speaking cats, like Joe and his girlfriend Dulcie—it proves too much for the intrepid four-footed detective. And when one of the gang is murdered, and a second mysterious death comes to light, he has no choice but to try to stop the crimes. Joe, Dulcie, and Kit, who used to be a stray herself, are deep into the investigation when they are able to release the three trapped felines. But as Kit leads them away to freedom, will she herself return to that wild life? In this marvelous book that once again opens the door to the spectacular world of Joe Grey, meet three new cats—winning cats drawn from among hundreds of their owners’ entries and chosen at random to appear in this book—and join old friends and new in this ambitious and enjoyable entry in the series. Praise for Cat Breaking Free “Murphy’s 11th Joe Grey cat cozy . . . offers the usual winning blend of suspense and whimsy. . . . A complex, well-crafted plot and lively, credible characters will leave fans purring with pleasure.” —Publishers Weekly “[An] action-filled plot. As usual, the three cats are true to both their feline and sentient natures. This eleventh entry in the Joe Grey Mystery series . . . continues to enhance characterizations, both feline and human, all the while providing an intriguing whodunit for series fans.” —Booklist

Cat Wars Peter P. Marra, Chris Santella, 2016-09-20 Why our cats are a danger to species diversity and human health In 1894, a lighthouse keeper named David Lyall arrived on Stephens Island off New Zealand with a cat named Tibbles. In just over a year, the Stephens Island Wren, a rare bird endemic to the island, was rendered extinct. Mounting scientific evidence confirms what many conservationists have suspected for some time—that in the United States alone, free-ranging cats are killing birds and other animals by the billions. Equally alarming are the little-known but potentially devastating public health consequences of rabies and parasitic Toxoplasma passing from cats to humans at rising rates. Cat Wars tells the story of the threats free-ranging cats pose to biodiversity and public health throughout the world, and sheds new light on the controversies surrounding the management of the explosion of these cat populations. This compelling book traces the historical and cultural ties between humans and cats from early domestication to the current boom in pet ownership, along the way accessibly explaining the science of extinction, population modeling, and feline diseases. It charts the developments that have led to our present impasse—from Stan Temple's breakthrough studies on cat predation in Wisconsin to cat-eradication programs underway in Australia today. It describes how a small but vocal minority of cat advocates has campaigned successfully for no action in much the same way that special interest groups have stymied attempts to curtail smoking and climate change. Cat Wars paints a revealing picture of a complex global problem—and proposes solutions that foresee a time when wildlife and humans are no longer vulnerable to the impacts of free-ranging cats.

About cats Nicolae Sfetcu, 2014-04-29 A guide for the cat lovers about the cat behavior, cat attractants, cat breeds, cat health and food, type of cats, cats as pets, fictional cats, films about cats, historical cats. A book full with pictures of the most important cat breeds, tips and advice for cat behavior, cat diseases and how to take care of the cats. The cat, also called the domestic cat or house cat, is a small feline carnivorous mammal of the subspecies *Felis silvestris catus*. Its most immediate pre-domestication ancestor is the African wild cat, *Felis silvestris lybica*. The cat has been living in close association with humans for at least 3,500 years; the Ancient Egyptians routinely used cats to keep mice and other rodents (mostly rats) away from their grain (and also believed that cats were sacred to the goddess Bastet). The history of the domestic cat may stretch back even further, as 8,000-year-old bones of humans and cats were found buried together on the island of Cyprus.

Kitty Is Not a Cat: Lights Out Jess Black, 2020-07-28 Some children hate going to bed. Not Kitty! Kitty falls asleep every night curled up snug as a bug in a bed box. That is, until one spooky night when Kitty's night-light goes missing and her fear of the dark comes creeping out. The cats, unfamiliar with the concept, try to settle her down but to no avail. In the end, it won't be a night-light that saves the day.

The Quotable Cat Lover Charles Elliott, 2004 An unexpectedly wide range of writers weigh in on the feline, from Twain, Coward, Dickens, and Beatrix Potter to Hemingway, Yeats, Garrison Keillor, and Erma Bombeck. The Damnation Affair Lilith Saintcrow, 2012-12-01 The West is a wild place, where the poison wind blows and the dead walk. But there is gold, and whiskey, and enough room for a man to forget what he once was--until he no longer can. Jack Gabriel's been the sheriff in Damnation almost since the town grew out of the dust and the mud. He keeps the peace--sort of--and rides the circuit every dawn and dusk with the chartermage, making sure the wilderness doesn't seep into their fragile attempt at civilization. Away from the cities clinging to the New World's eastern rim, he doesn't remember what he was. At least, not much. But Damnation is growing, and along comes a schoolmarm. Catherine Barrowe is a right proper Boston miss, and it's a mystery why she would choose this town where everything scandalous and dangerous is probably too much for a quality lady like her. Sometimes the sheriff wonders why she came out West--because everyone who does is running from something. He doesn't realize Cat may be prickly, delicate, and proper, but she is also determined. She's in Damnation to find her wayward older brother Robbie, whose letters were full of dark hints about gold, trouble...and something about a claim. In a West where charm and charter live alongside clockwork and cold steel, where hot lead kills your enemy but it takes a blessing to make his corpse stay down, Cat will keep digging until she finds her brother. If Jack knew what she was after, he could solve the mystery--because he was the one who killed Robbie. The thing is, Cat's brother just won't stay dead, and the undead are rising with him...
