The Routledge Companion to Interdisciplinary Studies in Singing, Volume III: Wellbeing Rachel Heydon,Daisy Fancourt,Annabel J. Cohen,2020-05-19 The Routledge Companion to Interdisciplinary Studies in Singing, Volume III: Wellbeing explores the connections between singing and health, promoting the power of singing—in public policy and in practice—in confronting health challenges across the lifespan. These chapters shape an interdisciplinary research agenda that advances singing's theoretical, empirical, and applied contributions, providing methodologies that reflect individual and cultural diversities. Contributors assess the current state of knowledge and present opportunities for discovery in three parts: Singing and Health Singing and Cultural Understanding Singing and Intergenerational Understanding In 2009, the Social Sciences and Humanities Research Council of Canada funded a seven-year major collaborative research initiative known as Advancing Interdisciplinary Research in Singing (AIRS). Together, global researchers from a broad range of disciplines addressed three challenging questions: How does singing develop in every human being? How should singing be taught and used to teach? How does singing impact wellbeing? Across three volumes, The Routledge Companion to Interdisciplinary Studies in Singing consolidates the

findings of each of these three questions, defining the current state of theory and research in the field. Volume III: Wellbeing focuses on this third question and the health benefits of singing, singing praises for its effects on wellbeing.

Letters from a Life Volume 3 (1946-1951) Benjamin Britten, 2011-07-07 The third volume of the annotated selected letters of composer Benjamin Britten covers the years 1946-51, during which he wrote many of his best-known works, founded and developed the English Opera Group and the Aldeburgh Festival, and toured widely in Europe and the United States as a pianist and

conductor. Correspondents include librettists Ronald Duncan (The Rape of Lucretia), Eric Crozier (Albert Herring, Saint Nicolas, The Little Sweep) and E. M. Forster (Billy Budd); conductor Ernest Ansermet and composer Lennox Berkeley; publishers Ralph Hawkes and Erwin Stein of Boosey & Hawkes; and the celebrated tenor Peter Pears, Britten's partner. Among friends in the United States are Christopher Isherwood, Elizabeth Mayer and Aaron Copland, and there is a significant meeting with Igor Stravinsky. This often startling and innovative period is vividly evoked by the comprehensive and scholarly annotations, which offer a wide range of detailed information fascinating for both the Britten specialist and the general reader. Donald Mitchell contributes a challenging introduction exploring the interaction of life and work in Britten's creativity, and an essay examining for the first time, through their correspondence, the complex relationship between the composer and the writer Edward Sackville-West.

Hymns and Hymnody: Historical and Theological Introductions, Volume 3 Mark A. Lamport, Benjamin Forrest, Vernon M. Whaley, 2020-01-01 Hymns and the music the church sings in worship are tangible means of expressing worship. And while worship is one of, if not the central functions of the church along with mission, service, education, justice, and compassion, and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions is a sixty-chapter, three-volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-first century. Each chapter contains these five elements: historical background, theological perspectives communicated in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is (1) to provide biographical data on influential hymn writers for students and interested laypeople, and (2) to provide a theological analysis of what these composers have

communicated in the theology of their hymns. We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect, we contend, is missing—yet important—in accessible formats for the current literature.
