Lost Cedar Rapids Peter D. Looney,2020 Cedar Rapids is the only city in America to house its government offices on an island. But tons of other iconic structures that defined the city are no longer around. The Little Gallery on First Avenue was created to showcase local artists. Yager's moved up to bring prices down. The area was home to thirty-nine theaters, including two from 1928 that are still in operation. From the hotels to the factories, the ethnic districts to the depots, the dance halls to the amusement parks, these are the places that made a difference in the City of Five Seasons. Local author Pete Looney traces the history of the structures.
