More Celtic Fairy Tales - Illustrated by John D. Batten Joseph

Jacobs, 2013-04-16 More Celtic Fairy Tales is part of a series written by the Australian born folklorist Joseph Jacobs. In this book feature over two dozen stories taken from popular oral tradition and united with John D. Batten's

black and white drawings, full of movement and energy. Stories include: 'The Fate of the Children of Lir', 'Jack the Cunning Thief', 'Morraha', 'The Farmer of Liddesdale', 'The Legend of Knockgrafton', 'How Cormac Mac Art went to Faery' and many others. Heavily influenced by the Brothers Grimm and the romantic nationalism ubiquitous in his contemporary folklorists, Jacobs was responsible for introducing English fairy tales to English children, who had previously chiefly enjoyed those derived from French and German folklore. Beautifully illustrated by John D. Batten, these timeless fairy tales make for ideal bedtime reading and are not to be missed by collectors. John Dickson Batten (1860-1932) was a British painter, illustrator and print maker who was a leading light in the Art Nouveau movement. He illustrated a number of fairy tale books written by Joseph Jacobs including, *English Fairy Tales* (1890), *Indian Fairy Tales* (1912), and *European Folk and Fairy Tales* (1916). Presented alongside the text of *Celtic Fairy Tales*, his illustrations further refine and elucidate Joseph Jacob's enchanting narratives. Pook Press celebrates the great 'Golden Age of Illustration' in children's classics and fairy tales – a period of unparalleled excellence in book illustration. We publish rare and vintage Golden Age illustrated books, in high-quality colour editions, so that the masterful artwork and story-telling can continue to delight both young and old.

Yeats, Lady Gregory, and others at the turn of the century has such a collection been assembled... Each story is followed by a short yet informative note on the tale and its sources, and there is a good bibliography and index. This book would be attractive to younger readers as well as adults and is recommended for most public and academic libraries.”—Library Journal. “[The] collection is varied and brilliant... beautiful illustrations.”—KLIATT.

**Celtic Fairy Tales** Joseph Jacobs, 2014-06-22 Celtic Fairy Tales Selected and Edited By Joseph Jacobs. 26 Classic Celtic Fairy Tales. Last year, in giving the young ones a volume of English Fairy Tales, my difficulty was one of collection. This time, in offering them specimens of the rich folk-fancy of the Celts of these islands, my trouble has rather been one of selection. Ireland began to collect her folk-tales almost as early as any country in Europe, and Croker has found a whole school of successors in Carleton, Griffin, Kennedy, Curtin, and Douglas Hyde. Scotland had the great name of Campbell, and has still efficient followers in MacDougall, MacInnes, Carmichael, Macleod, and Campbell of Tiree. Gallant little Wales has no name to rank alongside these; in this department the Cymru have shown less vigour than the Gaedhel. Perhaps the Eisteddfod, by offering prizes for the collection of Welsh folk-tales, may remove this inferiority. Meanwhile Wales must be content to be somewhat scantily represented among the Fairy Tales of the Celts, while the extinct Cornish tongue has only contributed one tale. In making my selection I have chiefly tried to make the stories characteristic. It would have been easy, especially from Kennedy, to have made up a volume entirely filled with Grimm's Goblins à la Celtique. But one can have too much even of that very good thing, and I have therefore avoided as far as possible the more familiar formulae of folk-tale literature. To do this I had to withdraw from the English-speaking Pale both in Scotland and Ireland, and I laid down the rule to include only tales that have been taken down from

Celtic peasants ignorant of English.

**Celtic Fairy Tales** Joseph Jacobs, 1971 From the Dust Jacket: The success that met Joseph Jacob's edition of English Fairy Tales when it was first published in 1890 encouraged him to follow it with a collection of folk tales of Celtic origin. Jacobs published his two books of Celtic tales in 1892 and 1894. The stories represent every aspect of Celtic folklore from the comic drolls about acts of stupidity or cunning, such as the traditional Irish Hudden and Dudden and Donald O'Neary, to heroic legends, such as The Wooing

of Olwen taken from the Welsh Mabinogion. Jacobs made his collections primarily for the enjoyment of young readers. In telling the stories he retained as far as possible the style of the Irish, Scottish, or Welsh originals and they still read aloud beautifully. However, for the benefit of folklore specialists he added notes giving his sources for the stories. These were sometimes extant manuscripts, but more often the oral traditions of country people. He distinguished between those tales that are peculiarly Celtic and those with parallels in other parts of Europe. This is a complete edition of the forty-six stories in Jacobs' two Celtic collections together with both his prefaces and all his notes and references. It has been newly illustrated by Victor Ambrus.
