Event Tourism in Asian Countries Shruti Arora,Anukrati Sharma,2022-03-24 Events, including repeat annual events, have the unique ability to drive sustainable tourism to certain areas and regions and to generate economic benefits for local communities. The events industry has grown dramatically over the last several decades, and there has been increased participation from governments, local communities, and the private sector. This new volume offers a wide variety of research, experience, and examples of events in Asia, including business meetings and conferences, destination weddings, carnivals, food and art festivals, music festivals and concerts, cultural and traditional events, religious and spiritual gatherings, sports events, and others. The authors, from

The diverse perspectives are from stakeholders, travelers, researchers, academicians, professionals in the event and tourism industry, and the community. The chapters in the volume cover the changing trends in the event tourism industry, the influence and role of social media and other technology, the contribution of women in events and festivals, and the impact of event tourism in economic development on local communities. Addressing the issues, challenges, and future of event tourism and management, this new volume will be a valuable addition to the library of event professionals, hospitality and tourism researchers, community development managers, and others in Asia and elsewhere.

Sports Rehabilitation and the Human Spirit Anita Smith,2013-07-01 Sports Rehabilitation and the Human Spirit tells the intersecting story of a man, Michael E. Stephens, and an organization, the Lakeshore Foundation of Birmingham, Alabama, whose campus is world-renowned for rehabilitation, sports, and fitness services for children and adults who have experienced physical disability as a result of injuries, birth conditions, illness, or in service to our nation. This includes those with paralysis, amputations, and limited mobility and function due to muscular dystrophy, multiple sclerosis, cerebral palsy, spina bifida, stroke, and other health conditions that could present significant physical challenges. Stephens himself experienced a spinal injury and paralysis as a young man, later becoming a successful hospital executive and entrepreneur. The Foundation came out of this work, and today the Foundation operates a 45-acre campus, the showcase of which is a state-of-the-art 126,000-square-foot building that hosts many regional and national competitions for individual and team sports for those with physical disabilities. Some Lakeshore participants engage in sports and recreation for fun, others are Lakeshore-based athletes engaged in competitive sports, and still others are Paralympic and Olympic athletes who come to Lakeshore Foundation for

training; in 2003, Lakeshore was designated by the United States Olympic Committee (USOC) as an official U.S. Training Site for Paralympic and Olympic athletes. Mike Stephens's story and Lakeshore's story are told here along with the inspiring stories of many individuals with disabilities who have rebuilt their lives through sports and fitness.

Europe [2 volumes] Thomas M. Wilson, 2023-11-30 This two-volume encyclopedia profiles the contemporary culture and society of every country in Europe. Each country receives a chapter encompassing such topics as religion, lifestyle and leisure, standard of living, cuisine, gender roles, relationships, dress, music, visual arts, and architecture. This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe. Each country profile looks at elements of contemporary life related to family and work, including popular pastimes, customs, beliefs, and attitudes. Students can make cross-cultural comparisons—for instance, a student could compare social customs in Denmark with those in Norway, compare Greece's cuisine with that of Italy, and contrast the architecture of Paris with Amsterdam and Barcelona. Culture and society are changing in each region and nation of Europe due to many political and economic forces, both inside and outside of each nation's borders. This encyclopedia considers many of the transformations connected to globalization, as well as traditions that still hold strong, to provide a complete assessment of the processes that make European societies and cultures distinctive.
