Ten Years a Nomad Matthew Kepnes,2019-07-16 Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me. —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* Ten Years a Nomad is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic how-to, and plumb the depths of what drives us to travel — and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

Heads in Beds Jacob Tomsy,2016-07-26 In the tradition of Kitchen Confidential and Waiter Rant, a rollicking, eye-opening, fantastically

indiscreet memoir of a life spent (and misspent) in the hotel industry. Jacob Tomsy never intended to go into the hotel business. As a new college graduate, armed only with a philosophy degree and a singular lack of career direction, he became a valet parker for a large luxury hotel in New Orleans. Yet, rising fast through the ranks, he ended up working in “hospitality” for more than a decade, doing everything from supervising the housekeeping department to manning the front desk at an upscale Manhattan hotel. He’s checked you in, checked you out, separated your white panties from the white bed sheets, parked your car, tasted your room-service meals, cleaned your toilet, denied you a late checkout, given you a wake-up call, eaten M&Ms out of your minibar, laughed at your jokes, and taken your money. In *Heads in Beds* he pulls back the curtain to expose the crazy and compelling reality of a multi-billion-dollar industry we think we know. *Heads in Beds* is a funny, authentic, and irreverent chronicle of the highs and lows of hotel life, told by a keenly observant insider who’s seen it all. Prepare to be amused, shocked, and amazed as he spills the unwritten code of the bellhops, the antics that go on in the valet parking garage, the housekeeping department’s dirty little secrets—not to mention the shameless activities of the guests, who are rarely on their best behavior. Prepare to be moved, too, by his candor about what it’s like to toil in a highly demanding service industry at the luxury level, where people expect to get what they pay for (and often a whole lot more). Employees are poorly paid and frequently abused by coworkers and guests alike, and maintaining a semblance of sanity is a daily challenge. Along his journey Tomsy also reveals the secrets of the industry, offering easy ways to get what you need from your hotel without any hassle. This book (and a timely proffered twenty-dollar bill) will help you score late checkouts and upgrades, get free stuff galore, and make that pay-per-view charge magically disappear. Thanks to him you’ll know how to get the very best service from any business that makes its money from putting heads in beds. Or, at the very least, you will keep the bellmen from taking your luggage into the camera-free back office and bashing it against the wall repeatedly.

A comprehensive mechanism for hotel recommendation to achieve personalized search engine Ying Huang,Hong-Yu Zhang,Jian-Qiang Wang, Search engines are as important as recommender systems for hotel selections. However, the recommended lists of search engines are usually non-personalized and low accuracy. In order to deal with these issues in search engines, a comprehensive mechanism for hotel recommendation is proposed. In this mechanism, we consider users' personalized preferences by identifying users' attributes about interest, trust and consumption capacity. Meanwhile, the quantification method for each attribute is presented by using fuzzy theory. Moreover, this paper improves the method to evaluate the hotel, which respects to the criteria price, rating, and online review by using fuzzy theory. In addition, this proposed approach uses TOPSIS, a classical multi-criteria decision making method, to improve the accuracy further. Finally, a case study is conducted based on Tripadvisor.com to illustrate the validity of the proposed method for hotel recommendation in search engines. The results of the case study indicate that it not only solves the problem of non-personalization, but also improves the accuracy in search engine.

The Wigwam Resort Lance W. Burton,2007 The evolution of an arid desert area into the verdant oasis that is the Wigwam Resort was ultimately brought about by an unlikely crop needed by an important American corporation in the early 20th century. The crop was long-staple cotton and the corporation was the Goodyear Tire and Rubber Company. When the U.S. Department of Agriculture discovered that Arizona's Salt River Valley was an ideal location to domestically grow long-staple cotton, Goodyear purchased 16,000 acres in the desert west of Phoenix to cultivate the crop for their newly developed pneumatic tire. The company built a three-room lodge, originally called the Organization House, for the executives that came to oversee the farming operations. The location became a popular winter retreat within the company, and in 1929, Goodyear expanded the facilities and opened The Wigwam as a hotel. As the years progressed, amenities such as golf and fine dining were added, and the Wigwam Resort became one of the premier luxury destinations in the Southwest.

RED Hotel Edwin D. Fuller,Gary Grossman,2019-03-19 When a bomb rips the façade off the Kensington Hotel in Tokyo, dozens are killed and injured while one man walks calmly away from the wreckage, a coy smile playing on his lips. Former Army intelligence officer Dan Reilly, now an international hotel executive with high level access to the CIA, makes it his mission to track him down. He begins a jet-setting search for answers as the clock ticks down to a climactic event that threatens NATO and the very security of member nations. Reilly begins mining old contacts and resources in an effort to delve deeper into the motive behind these attacks, and fast. Through his connections he learns that the Tokyo bomber is not acting alone. But the organization behind the perpetrator is not who they expect. Facilitated by the official government from a fearsome global superpower, the implications and reasons for these attacks are well beyond anything Reilly or his sources in the CIA and State Department could

have imagined, and point not to random acts of terror, but calculated acts of war. RED Hotel is an incredibly timely globe-trotting thriller that's fiction on the edge of reality.

The Catskills were an exciting world full of pleasures to be enjoyed, with summer and winter activities characterized by entertainment, food, sports, card playing, and food again. Catskill Hotels, with a collection of some two hundred images, tells the story of this world, which began with America's first resort hotel, the Catskill Mountain House, continued with places such as the world-famous Grossinger's, and can still be found today at Kutsher's Country Club, the Mountain House at Lake Mohonk, and a few other hardy resorts.
