🔖 [Inherent Vice](#) Thomas Pynchon,2012-06-13 Part noir, part psychedelic romp, all Thomas Pynchon—Private eye Doc Sportello surfaces, occasionally, out of a marijuana haze to watch the end of an era In this lively yarn, Thomas Pynchon, working in an unaccustomed genre that is at once exciting and accessible, provides a classic illustration of the principle that if you can remember the sixties, you weren’t there. It’s been a while since Doc Sportello has seen his ex-girlfriend. Suddenly she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. It’s the tail end of the psychedelic sixties in L.A., and Doc knows that love is another of those words going around at the moment, like trip or groovy, except that this one usually leads to trouble. Undeniably one of the most influential writers at work today, Pynchon has penned another unforgettable book.

🔖 [Cheap](#) Ellen Ruppel Shell,2009-07-02 A myth-shattering investigation of the true cost of America’s passion for finding a better bargain From the shuttered factories of the Rust Belt to the strip malls of the Sun Belt—and almost everywhere in between—America has been transformed by its relentless fixation on low price. This pervasive yet little- examined obsession with bargains is arguably the most powerful and devastating market force of our time, having fueled an excess of consumerism that blights our landscapes, escalates personal debt, lowers our standard of living, and even skews of our concept of time. Spotlighting the peculiar forces that drove Americans away from quality, durability, and craftsmanship and towards quantity, quantity, and more quantity, Ellen Ruppel Shell traces the rise of the bargain through our current big-box profusion to expose the astronomically high cost of cheap.
