David Allen

Time Management Ninja Craig Jarrow, 2019-09-15 “This book will help you own your calendar, block time for what matters most and reclaim your life.” —Paula Rizzo, author of *Listful Living: A List-Making Journey to a Less Stressed You* You want more time to spend with family, to achieve big goals, and to simply enjoy life. Yet, there seem to be more and more things competing for your time, and more distractions interrupting your day. Craig Jarrow has spent many years testing time management tactics, tools, and systems and written hundreds of articles on productivity, goals, and organization. Through it all he’s learned a simple truth: Time management should be easy, not complicated and unwieldy. And it shouldn’t take up more of your precious time than it gives back! *Time Management Ninja* offers 21 rules that will show you an easier and more effective way to take control of your time and manage your busy life. Follow these simple principles and get more done with less effort. It’s no-stress, uncomplicated time management that works. “Read this book, apply its rules, and you’ll find freedom.” —Hyrum Smith, bestselling author of *Purposeful Retirement*

**Every Tool's a Hammer** Adam Savage, 2020-10-27 In this New York Times bestselling “imperative how-to for creativity” (Nick Offerman), Adam Savage—star of Discovery Channel’s *Mythbusters*—shares his golden rules of creativity, from finding inspiration to following through and successfully making your idea a reality. *Every Tool’s a Hammer* is a chronicle of my life as a maker. It’s an exploration of making, but it’s also a permission slip of sorts from me to you. Permission to grab hold of the things you’re interested in, that fascinate you, and to dive deeper into them to see where they lead you. Through stories from forty-plus years of making and molding, building and breaking, along with the lessons I learned along the way, this book is meant to be a toolbox of problem solving, complete with a shop’s worth of notes on the tools, techniques, and materials that I use most often.

Things like: In Every Tool There Is a Hammer—don't wait until everything is perfect to begin a project, and if you don't have the exact right tool for a task, just use whatever's handy; Increase Your Loose Tolerance—making is messy and filled with screwups, but that's okay, as creativity is a path with twists and turns and not a straight line to be found; Use More Cooling Fluid—it prolongs the life of blades and bits, and it prevents tool failure, but beyond that it's a reminder to slow down and reduce the friction in your work and relationships; Screw Before You Glue—mechanical fasteners allow you to change and modify a project while glue is forever but sometimes you just need the right glue, so I dig into which ones will do the job with the least harm and best effects. This toolbox also includes lessons from many other incredible makers and creators, including: Jamie Hyneman, Nick Offerman, Pixar director Andrew Stanton, Oscar-winner Guillermo del Toro, artist Tom Sachs, and chef Traci Des Jardins. And if everything goes well, we will hopefully save you a few mistakes (and maybe fingers) as well as help you turn your curiosities into creations. I hope this book serves as “creative rocket fuel” (Ed Helms) to build, make, invent, explore, and—most of all—enjoy the thrills of being a creator.

**Getting Things Done** David Allen, 2015-03-17 The book Lifehack calls The Bible of business and personal productivity. Tick Achieve Kevin Duncan, 2009-11-18 How many times have you thought of something crucial to do and then forgotten it completely? That's why people invented lists. And very useful they are too. If, and only if, they are used effectively. Put thirty things on a list, and it becomes too daunting. Put three things on, and there's no point in having a list. And so we have refined the art of list writing to allow for about ten or twenty things to do. But in truth, most lists are rubbish. Randomly assembled, they do little to help the author navigate their way through the maze of stuff to do. After all, the only point of a list of things to do, is to get things done. Tick Achieve does just that. It shows you how to get stuff done, with lots of little techniques tried and tested on scores of individuals over 25 years. This includes the cathartic and highly effective process of writing a list of what you are not going to do. The author has trained hundreds of people in the art of getting stuff done. There is no Big Plan as such (contrary to what many other books suggest). It's all about details, and they can be very easy to implement. Little things can make a massive difference. Once you get the hang of it, life gets easier. In a business context, and personally. You can sleep better and worry less. Concentrate on the things that matter, and leave out the trivia and irrelevant. Learn how to celebrate little bits of progress, look down your list, tick off a job well done, and shout Tick Achieve! **Tick Tick Dollar** Qaiser Abbas, 2020-08-10 'In my bestselling book Triggers', I raised this important question. Why don't we become the person we really want to be? In his book, 'Tick Tick Dollar', Qaiser gives us the answer to this question and shares his proven philosophy to make that life a reality'. Marshall Goldsmith - World's #1 Leadership Coach. #1 New York Times Bestselling Author of TRIGGERS' Tick Tick Dollar philosophy is not my invention. It is my discovery. I discovered this philosophy when I was at the lowest point in my own life. My 24 years struggle to turn my life around brought me to a point where I was homeless, jobless, visionless, hopeless, resourceless, loveless, and almost lifeless. My annual income was less than 200\$. I had a destructive self-image, stumpy self-confidence, and a poor concept about who I was and what I thought I could do. I had lost faith and was nearly about to give up. And then I embraced Tick Tick Dollar philosophy. Tick Tick Dollar approach was my companion, inspiration, and north star in all those frustrating, shattering, and devastating instants. The fact is that with no financial resources, no professional network, no background, and no confidence, God granted me all that which a few years ago existed only in my imagination. What made me do all of this that I could never have

imagined doing even in my daydreams only a few short years ago? It was just a simple shift in my thinking, beliefs, and philosophy. I committed myself to stick to three decisions I made when my life was in a complete directionless mess: 1. Each day I will commit to following my purpose 2. I will use every waking moment to pursue my deepest passion 3. Every day, I will use the joint power of my purpose and passion for performing at the finest optimum levels.
