Major General Alexander M. McCook, USA Wayne Fanebust, 2012-11-30 Alexander M. McCook, one of the youngest major generals in the Union army, was a member of a patriotic family from Ohio that became known as the "Fighting McCooks." He participated in some of the bloodiest campaigns of the Civil War, including Bull Run, Shiloh, Perryville, Stones River and Chickamauga. In battle, McCook could be rash and reckless, but his personal courage was beyond reproach, even as his career was marked by controversy. Subjected to

an inquiry into his conduct at the battle of Chickamauga, he was cleared of all charges but relieved of command to spend the remainder of the war in relatively minor assignments. This biography, focusing especially on McCook's Civil War service, fills out the full picture of a proud if clouded career.

Godefroi de Buillon Jan Boyd Roberts,1996 Godefroi de Buillon is an edition of folios 1 through 60 of Paris, Biblioth?que Nationale, fonds fran?ais 781, a prose version of the Old French Crusade Cycle dating from the close of the 13th century. It includes the Beatrix version of the Naissance du Chevalier au Cygne, Le Chevalier au Cygne, Les Enfances Godefroi, La Chanson d'Antioche, Les Ch?tifs, and La Chanson de J?rusalem. It is of considerable interest for the history of French literature because it is apparently one of the earliest mises en prose, preceded perhaps only by Robert de Boron's prose Merlin. The author explicitly refers to his purpose: 'J'ai commenchie sans rime pour l'estore avoir plus abregiet et si me sanle que le rime est mout plaisans et mout bele mais mout est longue [I undertook it without rhyme to have it shorter, for it seems to me that rhyme is beautiful but very long] (1:3-5). In fact, he has rendered the original verse into prose by two distinct methods. The Swan Knight branches of the Cycle are severely abbreviated. Collation with the verse texts is impossible; individual verses are only rarely identifiable. On the other hand, the more historically based branches are the product of an almost verse for line d?rimage, more often

than not by the simple elimination of the second hemistich, as well as the elimination of repetitive, descriptive, and affective passages.

The Canadian Alternative Dominick Grace, Eric Hoffman, 2017-11-20

Contributions by Jordan Bolay, Ian Brodie, Jocelyn Sakal Froese, Dominick Grace, Eric Hoffman, Paddy Johnston, Ivan Kocmarek, Jessica Langston, Judith Leggatt, Daniel Marrone, Mark J. McLaughlin, Joan Ormrod, Laura A. Pearson, Annick Pellegrin, Mihaela Precup, Jason Sacks, and Ruth-Ellen St. Onge This overview of the history of Canadian comics explores acclaimed as well as unfamiliar artists. Contributors look at the myriad ways that English-language, Francophone, Indigenous, and queer Canadian comics and cartoonists pose alternatives to American comics, to dominant perceptions, even to gender and racial categories. In contrast to the United States' melting pot, Canada has been understood to comprise a social, cultural, and ethnic mosaic, with distinct cultural variation as part of its identity. This volume reveals differences that often reflect in highly regional and localized comics such as Paul MacKinnon's Cape Breton-specific Old Trout Funnies, Michel Rabagliati's Montreal-based Paul comics, and Kurt Martell and Christopher Merkley's Thunder Bay-specific zombie apocalypse. The collection also considers some of the conventionally alternative cartoonists, namely Seth, Dave Sim, and Chester Brown. It offers alternate views of the diverse and engaging work of two very different Canadian cartoonists who bring their own alternatives into play: Jeff Lemire in his bridging of Canadian/US and

mainstream/alternative sensibilities and Nina Bunjevac in her own blending of realism and fantasy as well as of insider/outsider status. Despite an upsurge in research on Canadian comics, there is still remarkably little written about most major and all minor Canadian cartoonists. This volume provides insight into some of the lesser-known Canadian alternatives still awaiting full exploration.

Literary Cultures and Public Opinion in the Low Countries, 1450-1650

,2011-06-09 In the early modern Low Countries, literary culture functioned on several levels simultaneously: it provided learning, pleasure, and entertainment while also shaping public debate. From a ditty in Dutch sung in the streets to a funeral poem in Latin composed to be read for or by intimate friends, from a play performed for a prince to a comedy written for pupils – literary texts and performances often dealt with highly controversial topics of religion or politics, on a local or national, but also on a supranational scale. This volume sets out to analyse the role and function of literary culture in the formation of early modern public opinion, and proposes ways in which a modern scholar might approach early modern works of literature and other traces of literary culture to explore early modern public opinion making. The cases presented in this volume bring the Dutch and Latin literary cultures of the Low Countries in the focus of international debates on the history of public opinion.

Clausewitz on Strategy Tiha von Ghyczy, Bolko von Oettinger, Christopher

Bassford, 2002-03-14 Think about strategy and sharpen judgment in an unpredictable environment Carl von Clausewitz is widely acknowledged as one of the most important of the major strategic theorists; he's been read by Eisenhower, Kissinger, Patton, Chairman Mao, and numerous other leaders. In Clausewitz on Strategy, the Boston Consulting Group's Strategy Institute has excerpted those passages most relevant to business strategy from Clausewitz's classic text On War, the most general, applicable, and enduring work of strategy in the modern West and a source of insight into the nature of conflict, whether on the battlefield or in the boardroom. This book offers Clausewitz's framework for self-education--a way to train the reader's thinking. Clausewitz speaks the mind of the executive, revealing logic that those interested in strategic thinking and practice will find invaluable. He presents unique ideas, such as the idea that friction--unexpected interference--is an intrinsic part of strategy. The Boston Consulting Group is one of the world's leading management consulting firms whose clients include many of the world's industry leaders. Tiha von Ghyczy (Charlottesville, VA) has been a faculty member and Director of Business Projects at the Darden School of Business since 1996. While with The Boston Consulting Group, he assumed responsibility for the practice groups in manufacturing/time-based competition and high technology. He has published numerous articles and books on vision and strategy. Bolko von Oettinger (Munich, Germany) is a Senior Vice President of BCG. Christopher Bassford

(Washington, DC) is presently a Professor of Strategy at the National War College in Washington, DC, and the author of several books, including Clausewitz in English: The Reception of Clausewitz in Britain and America, 1815-1945.

A Course in Game Theory Martin J. Osborne, Ariel Rubinstein, 1994-07-12 A Course in Game Theory presents the main ideas of game theory at a level suitable for graduate students and advanced undergraduates, emphasizing the theory's foundations and interpretations of its basic concepts. The authors provide precise definitions and full proofs of results, sacrificing generalities and limiting the scope of the material in order to do so. The text is organized in four parts: strategic games, extensive games with perfect information, extensive games with imperfect information, and coalitional games. It includes over 100 exercises.

The Myth of the ADHD Child, Revised Edition Thomas Armstrong, 2017-08-29 A fully revised and updated edition of the groundbreaking book on tackling the root causes of children's attention and behavior problems rather than masking the symptoms with medication. More than twenty years after Dr. Thomas Armstrong's Myth of the A.D.D. Child first published, he presents much needed updates and insights in this substantially revised edition. When The Myth of the A.D.D. Child was first published in 1995, Dr. Thomas Armstrong made the controversial argument that many behaviors labeled as ADD or ADHD are simply

a child's active response to complex social, emotional, and educational influences. In this fully revised and updated edition, Dr. Armstrong shows readers how to address the underlying causes of a child's attention and behavior problems in order to help their children implement positive changes in their lives. The rate of ADHD diagnosis has increased sharply, along with the prescription of medications to treat it. Now needed more than ever, this book includes fifty-one new non-drug strategies to help children overcome attention and behavior problems, as well as updates to the original fifty proven strategies.

The Chicago Freedom Movement Mary Lou Finley, Bernard LaFayette Jr., James R. Ralph Jr., Pam Smith, 2016-04-22 Six months after the Selma to Montgomery marches and just weeks after the passage of the Voting Rights Act of 1965, a group from Martin Luther King Jr.'s staff arrived in Chicago, eager to apply his nonviolent approach to social change in a northern city. Once there, King's Southern Christian Leadership Conference (SCLC) joined the locally based Coordinating Council of Community Organizations (CCC0) to form the

Chicago Freedom Movement. The open housing demonstrations they organized eventually resulted in a controversial agreement with Mayor Richard J. Daley and other city leaders, the fallout of which has historically led some to conclude that the movement was largely ineffective. In this important volume, an eminent team of scholars and activists offer an alternative assessment of the Chicago Freedom Movement's impact on race relations and social justice, both in the city and across the nation. Building upon recent works, the contributors reexamine the movement and illuminate its lasting contributions in order to challenge conventional perceptions that have underestimated its impressive legacy.

The U.S. Naval Institute on Naval Tactics Estate of Wayne P Hughes, 2015-01-15 In the U.S. Navy, "Wheel Books" were once found in the uniform pockets of every junior and many senior petty officers. Each small notebook was unique to the Sailor carrying it, but all had in common a collection of data and wisdom that the individual deemed useful in the effective execution of his or her duties. Often used as a substitute for experience among neophytes and as a portable library of reference information for more experienced personnel, those weathered pages contained everything from the time of the next tide, to leadership hints from a respected chief petty officer, to the color coding of the phone-and-distance line used in underway replenishments. In that same tradition, the new Naval Institute Wheel Books will provide supplemental information, pragmatic advice, and

cogent analysis on topics important to all naval professionals. Drawn from the U.S. Naval Institute's vast archives, the series will combine articles from the Institute's flagship publication Proceedings, selections from the oral history collection and from Naval Institute Press books to create unique guides on a wide array of fundamental professional subjects. Naval tactics were described by Vice Adm. A.K. Cebrowski, a brilliant thinker on the subject of naval warfare, as "the sum of the art and science of the actual application of combat power." Renowned naval tactician Capt. Wayne Hughes called the study of naval tactics as striving "to bring whatever order and understanding is possible out of the chaos of battle." With those words of wisdom serving as the "commander's intent," this collection sheds a bright light on this sometimes dark and mysterious but unquestionably essential realm, illuminating the principles and concepts of tactics that serve the warrior at the most critical moments.

Abbas Kiarostami Mehrnaz Saeed-Vafa, Jonathan Rosenbaum, 2003 This penetrating study of the Iranian filmmaker Abbas Kiarostami's life and work engages a cross-cultural dialogue between Mehrnaz Saeed-Vafa, an Iranian filmmaker, and Jonathan Rosenbaum, a film critic, both of whom have an intense interest in Kiarostami's work. A pioneer in Iranian cinema and considered one of the most controversial and influential filmmakers alive, Kiarostami has written or directed more than twenty films. He gained notoriety in the West in the 1990s with the breakaway films Close-Up and

Through the Olive Trees and became the first Iranian director to win the Palme d'Or at the Cannes Film Festival for Taste of Cherry. He is also largely credited for his contributions to the Iranian New Wave. Abbas Kiarostami is the first full-length, English-language study of his work. A unique and resplendent collaboration featuring two distinct but complementing perspectives, the book places Kiarostami and his films in a national context and provides American readers with valuable insights into Iranian culture, Kiarostami's portrayal of women and politics, and his influence on other filmmakers.

Resurrecting Leather-Stocking Bill Christophersen, 2019-04-05 An examination of the renowned author's complex portrayal of frontier America James Fenimore Cooper's Leather-Stocking tales—The Pioneers, The Last of the Mohicans, The Prairie, The Pathfinder, and The Deerslayer (1823–1841)—romantically portray frontier America during the colonial and early republican eras. Bill Christophersen's *Resurrecting Leather-Stocking: Pathfinding in Jacksonian America* suggests they also highlight problems plaguing nineteenth-century America during the contentious decades following the Missouri Compromise, when Congress admitted Missouri to the Union as a slave state. During the 1820s and 1830s, the nation was riven by sectional animosity, slavery, prejudice, populist politics, and finally economic collapse. Christophersen argues that Cooper used his fictions to imagine a path forward for the Republic. Cooper, he further suggests, brought back Leather-Stocking to test

whether the common man, as empowered by Jackson's presidency, was capable of republican virtue—something the author considered key to renewing the nation.
