Chinatown and China City in Los Angeles Jenny Cho,Chinese Historical Society of Southern

California,2011 By 1900, the Chinese population of Los Angeles City and County had grown to over 3,000 residents who were primarily situated around an enclave called Old Chinatown. When Old Chinatown was razed to build Union Station, Chinese business owners led by Peter SooHoo Sr. purchased land a few blocks north of downtown to build New Chinatown. Both New Chinatown and another enclave called China City opened in 1938, but China City ultimately closed down after a series of fires.

Hometown Chinatown Eva Armentrout Ma,2014-01-21 Focusing on the local history of the Chinese in Oakland, California, this study examines common stereotypes in the early Chinese community and Chinatown organizations.

American Chinatown Bonnie Tsui,2009-08-11 CHINATOWN, U.S.A.: a state of mind, a world within a world, a neighborhood that exists in more cities than you might imagine. Every day, Americans find something different in Chinatown's narrow lanes and overflowing markets, tasting exotic delicacies from a world apart or bartering for a trinket on the street -- all without ever leaving the country. It's a place that's foreign yet familiar, by now quite well known on the Western cultural radar, but splitting the difference still gives many visitors to Chinatown the sense, above all, that things are not what they seem -- something everyone in popular culture, from Charlie Chan to Jack Nicholson, has been telling us for decades. And it's true that few visitors realize just how much goes on beneath the surface of this vibrant microcosm, a place with its own deeply felt history and stories of national cultural significance. But Chinatown is not a place that needs solving; it's a place that needs a more specific telling. In *American Chinatown*, acclaimed travel writer Bonnie Tsui takes an affectionate and attentive look at the neighborhood that has bewitched her since childhood, when she eagerly awaited her grandfather's return from the fortune-cookie factory. Tsui visits the country's four most famous Chinatowns -- San Francisco (the oldest), New York (the biggest), Los Angeles (the film icon), Honolulu (the crossroads) -- and makes her final, fascinating stop in Las Vegas (the newest; this Chinatown began as a mall); in her explorations, she focuses on the remarkable experiences of ordinary people, everyone from first-to fifth-generation Chinese Americans. *American Chinatown* breaks down the enigma of Chinatown by offering narrative glimpses: intriguing characters who reveal the realities and the unexpected details of Chinatown life that American audiences haven't heard. There are beauty queens, celebrity chefs, immigrant garment workers; there are high school kids who are changing inner-city life in San Francisco, Chinese extras who played key roles in 1940s Hollywood, new arrivals who go straight to dealer school in Las Vegas hoping to find their fortunes in their own vision of gold mountain. Tsui's investigations run everywhere, from mom-and-pop fortune-cookie factories to the mall, leaving no stone unturned. By interweaving her personal impressions with the experiences of those living in these unique communities, Tsui beautifully captures their vivid stories, giving readers a deeper look into what Chinatown means to its inhabitants, what each community takes on from its American home, and what their experience means to America at large. For anyone who has ever wandered through Chinatown and wondered what it was all about, and for Americans wanting to understand the changing face of their own country, *American Chinatown* is an all-access pass.

Chinatowns of New York City Wendy Wan-Yin Tan,2008-09-01 For a span of more than a century, New York's Chinese communities have grown uninterruptedly from three streets in lower Manhattan to five Chinatowns, over 100 street blocks, across the boroughs of Manhattan, Queens, and Brooklyn. No other

Chinese communities outside Asia come close to this magnitude.

New York's Chinatown Louis Joseph Beck, 1898

Chinatown in Los Angeles Jenny Cho, 2009 The history of Chinatown in Los Angeles is as vibrant as the city itself. In 1850, the U.S. Census recorded only two Chinese men in Los Angeles who worked as domestic servants. During the second half of the 19th century, a Chinese settlement developed around the present-day El Pueblo de Los Angeles Historical Monument. Chinese Americans persevered against violence, racism, housing discrimination, exclusion laws, unfair taxation, and physical displacement to create better lives for future generations. When Old Chinatown was demolished to make way for Union Station, community leader Peter SooHoo Sr. and other Chinese Americans spearheaded the effort to build New Chinatown with the open-air Central Plaza. Unlike other Chinese enclaves in the United States, New Chinatown was owned and planned from its inception by Chinese Americans. New Chinatown celebrated its grand opening with dignitaries, celebrities, community members, and a dedication by California governor Frank Merriam on June 25, 1938.

San Francisco's Chinatown Judy Yung, 2006 An evocative collection of vintage photographs traces the history of San Francisco's Chinatown, the largest and oldest Chinese enclave outside of Asia, from the Gold Rush era to the present day, capturing the realities of everyday life, as well as the changes in the community, the challenges confronting the Chinese immigrants, and its rich cultural heritage. Original.

Oakland's Chinatown William Wong, 2004-10-20 Oakland's Chinatown has a history every bit as compelling as its more famous neighbor across San Francisco Bay. Chinese have been a presence in Oakland since the 1850s, bringing with them a rich and complex tradition that survived legalized discrimination that lingered until the 1950s. Once confined to a small area of downtown where restaurants stir-fried, laundries steamed, and vegetable stands crowded the sidewalks, Chinese gradually moved out into every area of Oakland, and the stands evolved into corner groceries that cemented entire neighborhoods. Chinese helped Oakland grow into a modern business and cultural center and have gained prominence in every

aspect of the city's commerce, politics, and arts.

Film, Literature and Chinese American Identity Stephanie Wössner, 2009-11 Seminar paper from the year 2004 in the subject American Studies - Culture and Applied Geography, grade: 2, University of Tübingen, language: English, abstract: simplistic interpretation of a very limited number of works. The claims I will make in the following are all based on my personal observations of the works in question. Since this is supposed to be a rather brief term paper, I will not be able to prevent myself from essentializing the people I talk about. When I speak of Americans or whites, I do not, at any rate, mean everyone living in America whose skin is white but everyone who has bought into the media's portrayal of Chinese Americans and the stereotypes existing in America, in other words, everyone believing in a white supremacist ideology. Likewise, when I speak of Chinese Americans, I do not mean all Chinese Americans reunited but a certain part of the Chinese American population who will react in the way I describe. All this does not take into consideration the more and more complex composition of Chinese America. Some of what I will claim applies to other minorities, as well, especially to other groups of Asian heritage that have united with Chinese Americans under the umbrella term Asian Americans. This term, coined by the late Japanese American scholar Yuji Ichioka, homogenizes various groups of different Asian descent and does not take into account their respective historical, cultural, political or other background. They have united in order to fight for certain clearly defined political issues that concern all of them, such as anti-Asian violence, racism, etc. White supremacists are probably unaware of this political coalition anyways, due to their racist view that all Asians are alike.

Marysville's Chinatown Brian Tom, Lawrence Tom, 2008 Marysville's Chinatown was once one of the most important Chinatowns in America. The early Chinese settlers called Marysville Sanfow, or the third city, meaning the third city by river to the goldfields. Two of the first four Chinese American judges in California were from Marysville as was the first Chinese American elected to the San Francisco Board of Education. The Marysville Chinatown was among the first Chinatowns built in California's Gold Country and is the only one to survive to this day. Because of this, it is possible to view the full panorama of Chinese-American history through the viewpoint of this one Chinatown.

China 2227 Long, Long Ago Lyle Jan, 2005 Diverse and true stories reveal the hardships of life in San Francisco Chinatown over half a century ago. A got-to-read book for devotees of ethnic history in America!

Growing Up in San Francisco's Chinatown Edmund S Wong, 2017-12-04 Chinese American baby boomers who grew up within the twenty-nine square blocks of San Francisco's Chinatown lived in two worlds. Elders implored the younger generation to retain ties with old China even as the youth felt the pull of a future sheathed in red, white and blue. The family-owned shops, favorite siu-yeh (snack) joints and the gai-chongs where mothers labored as low-wage seamstresses contrasted with the allure of Disney, new cars and football. It was a childhood immersed in two vibrant cultures and languages, shaped by both. Author Edmund S. Wong brings to life Chinatown's heart and soul from its golden age.

WHEN NEWARK HAD A CHINATOWN Yoland Skeete-Laessig, 2016-03-31 When Newark Had a Chinatown: My Personal Journey by Ms. Yoland Skeete-Laessig Edited by Hal Laessig "Through her dedication, persistence and hard work, Ms. Skeete has pieced together a virtual gold mine of information about the history of Newark Chinatown. Her work fills a void in our understanding of Asian American history as well as Newark history." – Peter Li, Teacher of Chinese Literature, Professor Emeritus History & Culture at Rutgers University. Author & Co-Editor of "Understanding Asian American." "Yes, at the turn of the century, Newark's Chinatown community was larger than New York's. The history and the

circumstances of its demise are largely a mystery rediscovered in the archives, in oral histories, and by the efforts of dedicated researchers who insist on asking these and other questions. I believe this initial effort will be the beginning of a long term project to reclaim this lost aspect of Newark, New Jersey, and New York City's regional history.” – John Kuo Wei Tchen, Author & Professor, Asia Pacific Studies Department of NYU, Co-Founder of the Museum of Chinese in America “Newark Chinatown, the passage from South China to America, is one of many stories with the texture of real places that can tell us of a turning point in how we became who we are. As much as we like to boast about our accomplishments and ambitions, we hardly know the fullness of the genesis of ourselves as Americans. Yoland Skeete tells this story. It is a joy to give what I can and see her bring this story to life.” – Robert Lee, Executive Director, Asian American Arts Centre
