Lipstick on Your Collar Raj Madnani,2020-08-15 Lipstick On Your Collar is a light hearted view on the familiar issues of flirting and cheating, and the resulting stress that emerges from it, a mesh you simply cannot emerge from unscathed. Or can you? This is the two-sided story of Jaya, a sex-denying, menopausal wife and of Pankaj aka Pinkoo, her frustrated husband. At a cocktail party, Jaya witnesses a flirtatious encounter between Pinkoo and a voluptuous widow, both enjoying and laughing a bit too much, or so Jaya concluded. Right or wrong, her feminine instincts were on overdrive. Egged on by her neurotic friend, she checks the apartment for evidence of an affair. Three pieces of incriminating evidence emerge, and Jaya decides to confront Pinkoo before convicting him. Jaya jiggles the evidence in Pinkoo's face while he wiggles his way out. Is Pinkoo really guilty? Can he disprove the evidence? A farcical comedy in some ways, seriously funny in other ways, and amusingly realistic in many ways - take your pick.

**Fathering in India** Rajalakshmi Sriram, 2018-12-30 This book covers the underexplored subject of 'fathering' in India. It delves into the shared aspirations of men in India to nurture their children in sensitively attuned ways within the culturally prescriptive context that governs men's roles as providers and caregivers. This work is based on over two decades of intensive research in India on how different groups construct and experience fatherhood and fathering under changing circumstances. It unmask the heterogeneity that exists within fathering in India through conversations with fathers across diverse contexts—in privileged economic situations and those in difficult home and family circumstances, having children with disability, single-parent fathers and fathers in the military. A separate section discusses fathering daughters and shared parenting. Images and role models in fathering are brought alive through analysis of Hindi films, the media, children's literature and classical literature. The conceptual analysis moves beyond the power and control dimensions

commonly used to describe Indian men and fathers, to highlight their resilience, adaptability, positive involvement and developmental trajectories. This volume is for scholars, researchers and practitioners in developmental psychology, human development and family science, sociology, early childhood education and psychiatry, pediatrics, community medicine and allied fields.

*IRENIC ARDOUR RAVEENA RAVICHANDRAN, 2022-02-15* Peace, the mode of living life in a simple, beautiful and happy way. This tiny word's denotation fills our lives with a great happiness which helps us to overcome depression, spread positivity among people. This beautiful norm teaches us self confidence and being ourselves. The silence under this peace can make us hear the words of our inner person who often wants to come out and see this beautiful world. This gives us a self-identity and builds our self-confidence. The perfect poem/story here in our project sounds about being ourselves to bear sadness, makes us believe in ourselves and just to trust the fact that there's no one to share our sad emotions for us and this is the true beauty of ourselves. According to this anthology, being yourself and letting others to see the true you are the best way and that's what peace is all about.
