**Android for Work** Marziah Karch, 2011-01-26 Android is new, Android is open, and Android is fun. It's also serious about business. Android for Work shows you how to harness the power of Android to stay productive and take your office on the road. This book also sheds light on the often daunting task of

finding the right Android phone for the business user. Whether this is your first smartphone, your first Android smartphone, or your first attempt to make your phone into a productivity tool, Android for Work gets you started. You'll learn how to manage email and tasks, but you'll also learn how to weed through the sea of games to find specialized productivity tools for a variety of professions. For those that are more interested in an enterprise wide deployment, the book includes an appendix of information on administering Android phones, creating custom interfaces, and creating specialized apps for your enterprise. You'll also learn more about integrating Android with other Google Apps for enterprise.

**Best Android Apps** Mike Hendrickson, Brian Sawyer, 2010-04-27 You can choose from thousands of apps to make your Android device do just about anything you can think of -- and probably a few things you'd never imagine. There are so many Android apps available, in fact, that it's been difficult to find the best of the bunch -- until now. Best Android Apps leads you beyond the titles in Android Market's Top Paid and Top Free bins to showcase apps that will truly delight, empower, and entertain you. The authors have tested and handpicked more than 200 apps and games, each listed with a description and details highlighting the app's valuable tips and special features. Flip through the book to browse their suggestions, or head directly to the category of your choice to find the best apps to use at work, on the town, at play, at home, or on the road. Discover great Android apps to help you:

Juggle tasks Connect with friends Play games Organize documents Explore what's nearby Get in shape Travel the world Find new music Dine out Manage your money ...and much more!

*Mobile Technologies in Children's Language and Literacy* Grace Oakley, 2018-11-01 This book examines the ways in which mobile technologies may contribute to or disrupt literacy learning in children. Also explored is the impact mobile technologies may have on literacy definitions and practices; student, parent and teacher roles and interactions; power

relations in education; and social and material interactions.

*Female Innovators at Work* Danielle Newnham, 2016-11-18 This book describes the experiences and successes of female innovators and entrepreneurs in the still largely male-dominated tech-world in twenty candid interviews. It highlights the varied life and career stories that lead these women to the top positions in the technology industry that they are in now. Interviewees include CEOs, founders, and inventors from a wide spectrum of tech organizations across sectors as varied as mobile technology, e-commerce, online education, and video games. Interviewer Danielle Newnham, a mobile startup and e-commerce entrepreneur herself as well as an online community organizer, presents the insights, instructive anecdotes, and advice shared with her in the interviews, including stories about raising capital for one's start-up, and about the obstacles these women encountered and how they overcame them. This timely book will be of great interest to anyone working in tech or looking to get into the industry, and more in general: to everyone wanting to learn how they can contribute to leveling the field of occupational opportunity and to strengthening teams and companies through merit and diversity.

*Magical Arts Academy: Books 1-4* Lucia Ashta, An ordinary girl, a dream to become extraordinary, and the powers that will lead her to change the world. What would you do if you were invited to study at the Magical Arts Academy?

Enroll, of course! Join Isadora and her crew of magical misfits. Embark on a wild adventure today! Omnibus 1 includes books 1-4 of the Magical Arts Academy: First Spell Winged Pursuit Unexpected Agents Improbable Ally About First Spell: Isadora is recruited to attend a secret school of magic. As she makes her way to the academy, a dark sect of sorcerers pursues her relentlessly, willing to use any spell in their vast arsenal of powers to stop her. With the help of Trixie, her horse, a dragon named Humbert, and a clandestine band of magicians, Isadora will work to overcome the sorcerers to begin her education in wizardry. What would you do if you were invited to study at the Magical Arts Academy? Enroll, of course! Join Isadora and her crew of magical misfits today. About Winged Pursuit: The Magical Arts Academy is anything but ordinary. It's the one place Isadora can learn the forbidden craft. With mythical beasts, animals with unusual gifts, and a team of peculiar magicians, Isadora finally has the chance to embrace an extraordinary future. But is the academy really as safe as Isadora thinks? Or will the Sorcerers find the way to infiltrate its defenses? About Unexpected Agents: The Academy has a new breed of teachers. They transform into the nightmares of legend. But they aren't Isadora's greatest concern. The Sorcerers are always one step ahead. And the magicians at the academy are all that prevent them from crushing those without magic. It doesn't matter that Isadora is new to the world of powers. She's part of the fight now. She must discover those agents, who threaten them in secret, before it's too late... or

the fight will be over before it's really begun. About *Improbable Ally*: When your adversaries are masters of illusion, keep your team close, and your enemies as far away as possible. New students have arrived at the Academy, and unlike Isadora and her brother, they were raised with magic. But even their knowledge of the craft might not be enough to save them from the unrelenting Sorcerers, who will stop at nothing to take down anyone who opposes them. Will Isadora and her friends avoid the traps in their midst? Or will Isadora be forced to fight for their lives with magic she never realized she possessed? \*\*\* The *Magical Arts Academy* is a complete series and consists of 13 episodic installments, each a novella in length. These books are young adult historical fantasy and are suitable for all ages. Each book ends in a cliffhanger, but the series finale wraps up in an uplifting happily-ever-after. \*\*\*

Chomp Carl Hiaasen, 2012-03-27 In this hysterical #1 New York Times bestseller, one kid has to wrangle gators, snakes, bats that bite, and a reality show host gone rogue! This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! When Wahoo Cray's dad—a professional animal wrangler—takes a job with a reality TV show called Expedition Survival!, Wahoo figures he'll have to do a bit of wrangling himself to keep his father from killing Derek Badger, the show's inept and egotistical star. But the job keeps getting more complicated: Derek Badger insists on using wild animals for his stunts; and Wahoo's acquired a shadow named Tuna—a girl who's sporting a shiner courtesy of her father and needs a place to hide out. They've only been on location in the Everglades for a day before Derek gets bitten by a bat and goes missing in a storm. Search parties head out and promptly get lost themselves. And then Tuna's dad shows up with a gun . . . It's anyone's guess who will actually survive Expedition Survival. . . “Only in Florida—and in the fiction of its native son Carl Hiaasen—does a dead iguana fall from a palm tree and kill somebody.” —New York Post “Chomp is a delightful laugh-out-loud sendup of the surreality of TV that will be enjoyed by readers of all ages.” —Los Angeles Times
