Rick Fields

Chop Chop Simon Wroe, 2014-04-17 Kirkus Review "Arch comedy . . . Dave Eggers channels Anthony Bourdain." An outrageously funny and original debut set in the fast-paced and treacherous world of a restaurant kitchen Fresh out of university with big dreams, our narrator is determined to escape his past and lead the literary life in London. But soon he is two months behind on rent and forced to take a menial job in the kitchen of The Swan, a gastro-pub with haute cuisine aspirations. Mockingly called "Monocle" by his co-workers for a useless English lit degree, he is thrust into a brutal, chaotic world full of motley characters. There's the lovably dim pastry chef Dibden; combative Ramilov, who spends a fair bit of time locked in the walk-in fridge for pissing people off; Racist Dave, about whom the less said the better; Camp Charles, the officious head waiter; and Harmony, the only woman in a workplace of raunchy, immature, angry, drug-fueled men. Worst of all is the head chef, Bob, who runs the kitchen with an iron fist and an alarming taste for cruelty. But Monocle's past is never far away and soon an altogether darker tale unfolds. As the chefs' dreams of overthrowing Bob become a reality, Monocle's dead-beat father shows up at his door, asking for help. With The Swan struggling to stay afloat and Monocle's father dredging up lingering questions from an unhappy childhood, Chop Chop accelerates toward its blackly hilarious, thrilling, and ruthless conclusion.

Chop Wood Carry Water Joshua Medcalf, 2015-12-02 Guided by Akira-sensei, John comes to realize the greatest adversity on his journey will be the challenge of defeating the man in the mirror. This powerful story of one boy's journey to achieve his life long goal of becoming a samurai warrior, brings the Train to be CLUTCH curriculum to life in a powerful and memorable way. Some things you will learn... -No matter how it feels, you are always building your own house. -How and why you must surrender to the outcome in order to be at your best. -Why you never want to have your identity wrapped up in what you do. -Why your strength lies in faithfulness to the little things. -How to develop a heart posture of gratitude. -How to use the biggest challenges as a training ground for greatness. -Why the process is more important than the goal. -Why comparison is the thief of all joy. -How to develop a growth mindset. -Why talent is more of a curse than a blessing. So many valuable stories and lessons! -Nick Ahmed, Arizona Diamondbacks

Chop Suey, USA Yong Chen, 2014-11-04 American diners began to flock to Chinese restaurants more than a century ago, making Chinese food the first mass-consumed cuisine in the United States. By 1980, it had become the country's most popular ethnic cuisine. Chop Suey, USA offers the first comprehensive interpretation of the rise of Chinese food, revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption. Engineered by a politically disenfranchised, numerically small, and economically

exploited group, Chinese food's tour de America is an epic story of global cultural encounter. It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle. Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience, which is why they preferred the quick and simple dishes of China while shunning its haute cuisine. Epitomized by chop suey, American Chinese food was a forerunner of McDonald's, democratizing the once-exclusive dining-out experience for such groups as marginalized Anglos, African Americans, and Jews. The rise of Chinese food is also a classic American story of immigrant entrepreneurship and perseverance. Barred from many occupations, Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market, creating a critical lifeline for their community. Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery. They streamlined certain Chinese dishes, such as chop suey and egg foo young, turning them into nationally recognized brand names.

Karate Chop Dorthe Nors, 2017-08-31 Beautiful, emotionally resonant and achingly contemporary stories from the Man Booker International Prize Shortlisted author In these glittering tales, Dorthe Nors sketches ordinary lives taking unexpected turns: a walk amongst the herons in Copenhagen inspires depraved thoughts; a woman in an abusive relationship searches for explanations; a man Googles female serial killers while his girlfriend sleeps; a daughter watches silently as her mother succumbs to madness. Blending compassion with dark delight, Nors conjures up fresh moments of isolation and frail beauty with each cautionary glance. Dorthe Nors was born in 1970 and studied literature at the University of Aarhus. She is one of the most original voices in contemporary Danish literature. Her short stories have appeared in numerous international periodicals including The Boston Review and Harpers, and she is the first Danish writer ever

to have a story published in the New Yorker. Nors has published four novels so far, including *Mirror, Shoulder, Signal* - shortlisted for the Man Booker International Prize - and a novella *Minna Needs Rehearsal Space*, also published by Pushkin Press. *Karate Chop* won the prestigious P. O. Enquist Literary Prize in 2014. She lives in rural Jutland, Denmark.

Chow Chop Suey Anne Mendelson, 2016-11-29 Chinese food first became popular in America under the shadow of violence against Chinese aliens, a despised racial minority ineligible for United States citizenship. The founding of late-nineteenth-century chop suey restaurants that pitched an altered version of Cantonese cuisine to white patrons despite a virulently anti-Chinese climate is one of several pivotal events in Anne Mendelson's thoughtful history of American Chinese food. *Chow Chop Suey* uses cooking to trace different stages of the Chinese community's footing in the larger white society. Mendelson begins with the arrival of men from the poorest district of Canton Province during the Gold Rush. She describes the formation of American Chinatowns and examines the curious racial dynamic underlying the purposeful invention of hybridized Chinese American food, historically prepared by Cantonese-descended cooks for whites incapable of grasping Chinese culinary principles. Mendelson then follows the eventual abolition of anti-Chinese immigration laws and the many demographic changes that transformed the face of Chinese cooking in America during and after the Cold War. Mendelson concludes with the post-1965 arrival of Chinese immigrants from Taiwan, Southeast Asia, and many regions of mainland China. As she shows, they have immeasurably enriched Chinese cooking in America but tend to form comparatively self-sufficient enclaves in which they, unlike their predecessors, are not dependent on cooking for a white clientele.

Chop Shop Kathy Braidhill, 1999-01-12 From the Pasadena Star News investigative journalist who covered the chilling case

comes the grisly true story of the Lamb Funeral Home scandal in southern California. Braidhill details the twisted greed and blind ambition that drove the founder's son, David Sconce, to mutilate corpses and illegally sell their body parts—including the gold in their teeth. Pleading guilty to 21 felony charges, Sconce spent four years in prison and is now nearly bankrupt. Includes 16 pages of never-before-published photos.

Five Dollars and a Pork Chop Sandwich Mary Frances Berry, 2017-01-24 A timely and nonpartisan book on voter manipulation and electoral corruption—and the importance of stimulating voter turnout and participation. Though voting rights are fundamental to American democracy, felon disfranchisement, voter identification laws, and hard-to-access polling locations with limited hours are a few of the ways voter turnout is suppressed. These methods of voter suppression are pernicious, but in *Five Dollars and a Pork Chop Sandwich*, Dr. Mary Frances Berry focuses on forms of corruption including vote buying, vote hauling, the abuse of absentee ballots, and other illegal practices by candidates and their middlemen, often in collusion with local election officials. Vote buying—whether it's for a few dollars, a beer, or a pack of cigarettes—is offered to individual citizens in order to ensure votes for a particular candidate, and Dr. Berry notes it occurs across party lines, with Republicans, Democrats, and independents all participating. Dr. Berry shares the compelling story of Greg Malveaux, former director of Louisiana's Vote Fraud Division, and how this "everyman" tried to clean up elections in a state notorious for corruption. Malveaux discovered virtually every type of electoral fraud during his tenure and saw firsthand how abuses occurred in local communities—from city councils to coroners' offices. In spite of Sisyphean persistence, he found it virtually impossible to challenge the status quo. Dr. Berry reveals how this type of electoral abuse is rampant across the country and includes myriad examples from other states, including Illinois,

Texas, Florida, Kentucky, and Mississippi. Voter manipulation is rarely exposed and may be perceived as relatively innocuous, however; Dr. Berry observes that in addition to undermining basic democracy, it also leads to a profound lack of accountability and a total disconnect between politicians and their constituents, and that those in poor and minority communities are the most vulnerable. While reforming campaign finance laws are undeniably important to our democracy, being attuned to issues of structural powerlessness and poverty, and to the cycles that perpetuate them, is no less crucial. In *Five Dollars and a Pork Chop Sandwich*, Dr. Berry shares specific successful voting strategies that other countries have adopted and urges creativity in rewarding people for voting. She also underscores the continued importance of grassroots education, so that citizens see voting as desirable and empowering—as a tool to help create the kind of environment they deserve.

Chop Wood, Carry Water Rick Fields, 1984-12-01 More than a thousand years ago a Chinese Zen Master wrote: Magical Power, Marvelous Action! Chopping Wood, Carrying Water... The message is as true today as it was then: the greatest lessons and the profoundest heights of the spiritual path can be found in our everyday life. It is the greatest challenge for people living in contemporary society to find the spiritual aspects of working in an office, store, or factory; balancing a checkbook; raising a family; or making a relationship work. How can we make all these daily activities a part of the path? How can we apply the insights of great spiritual traditions, and our own experience, to the way we live and develop? This book is a guide - a handbook filled with information, advice, hints, stories, inspiration, encouragement, connections, warning, and cautions, for the inner journey as we live throughout our lives. Chop Wood, Carry Water contains much ancient wisdom, but the emphasis is on contemporary perceptions. Many of our guides have been known to humanity for millennia: they are the world's great spiritual teachers- Christ, the Buddha, Lao Tse, Confucius. Others are contemporary teacher and healers, widely recognized and respected. All offer ways to

integrate the events, our focus on relationships and family, our struggle with technology, money, politics and more- into the quest for spiritual fulfillment.
