

Christianity In The News

Arnold James Rudin

The End of White Christian America Robert P. Jones, 2017-07-04 The founder and CEO of Public Religion Research Institute (PRRI) and columnist for the Atlantic describes how white Protestant Christians have declined in influence and power since the 1990s and explores the effect this has had on America, --NoveList.

Simply Good News Tom Wright, 2015-03-19 The Gospel means good news, but what makes it news? If the message has been around for 2,000 years, what could possibly be newsworthy about it? And what makes it good? Surely not the stories we hear of damnation, violence, and an angry God. Tom Wright believes many Christians have lost sight of what the 'good news' of the gospel really is. In *Simply Good News*, he shows how a first-century audience would have received the gospel message, what the 'good news' means for us today and how it can transform our lives.

To Bring the Good News to All Nations Lauren Frances Turek, 2020-05-15 When American evangelicals flocked to Latin America, Africa, Asia, and Eastern Europe in the late twentieth century to fulfill their Biblical mandate for global evangelism, their experiences abroad led them to engage more deeply in foreign policy activism at home. Lauren Frances Turek tracks these trends and illuminates the complex and significant ways in which religion shaped America's role in the late-Cold War world. In *To Bring the Good News to All Nations*, she examines the growth and influence of Christian foreign policy lobbying groups in the United States beginning in the 1970s, assesses the effectiveness of Christian efforts to attain foreign aid for favored regimes, and considers how those same groups promoted the imposition of economic and diplomatic sanctions on those nations that stifled evangelism. Using archival materials from both religious and government sources, *To Bring the Good News to All Nations* links the development of evangelical foreign policy lobbying to the overseas

missionary agenda. Turek's case studies—Guatemala, South Africa, and the Soviet Union—reveal the extent of Christian influence on American foreign policy from the late 1970s through the 1990s. Evangelical policy work also reshaped the lives of Christians overseas and contributed to a reorientation of U.S. human rights policy. Efforts to promote global evangelism and support foreign brethren led activists to push Congress to grant aid to favored, yet repressive, regimes in countries such as Guatemala while imposing economic and diplomatic sanctions on nations that persecuted Christians, such as the Soviet Union. This advocacy shifted the definitions and priorities of U.S. human rights policies with lasting repercussions that can be traced into the twenty-first century.

Thieves in the Temple G. Jeffrey MacDonald, 2013-04-23 A pastor and religious journalist's cry de coeur for a new religious reformation, denouncing the consumer-friendly congregations and therapeutic ministry of the mega-church era

Reorganized Religion Bob Smietana, 2022-08-30 Uncover the ways the Christian church has changed in recent years—from the decline of the mainline denominations to the mega-churchification of American culture—and a hopeful reimagining of what the church might look like going forward. The United States is in the middle of an unprecedented spiritual, technological, demographic, political and social transformation—moving from an older, mostly white, mostly Protestant, religion-friendly society to a younger diverse, multiethnic, pluralistic culture, where no one faith group will have the advantage. At the same time, millions of Americans are abandoning organized religion altogether in favor of disorganized disbelief. *Reorganized Religion* is an in-depth and critical look at why people are leaving American churches and what we lose as a society as it continues. But it also accepts the dismantling of what has come before and try to help readers reinvent the path forward. This book looks at the future of organized religion in America and outline the options facing churches and other

faith groups. Will they retreat? Will they become irrelevant? Or will they find a new path forward? Written by veteran religion reporter Bob Smietana, *Reorganized Religion* is a journalistic look at the state of the American church and its future. It draws on polling data, interviews with experts, and reporting on how faith communities old and new are coping with the changing religious landscape, along with personal stories about how faith is lived in everyday life. It also profiles faith communities and leaders who are finding interesting ways to reimagine what church might look like in the future and discuss various ways we can reinvent this organization so it survives and thrives. The book also reflects the hope that perhaps people of faith can learn to become, if not friends with the larger culture, then at least better neighbors. "A superb examination of the future of Christian institutions.... A must-read for anyone invested in the fate of the American church." —Publishers Weekly (starred review)

The Good News According to Jesus Chuck Queen, 2009

Christianity To Go Glen Berteau, 2013-09-03 Take the beauty of Jesus out of the church buildings and into the world.

The Gospel-Driven Life Michael Horton, 2009-10-01 In his well-received *Christless Christianity* Michael Horton offered a prophetic wake-up call for a self-centered American church. With *The Gospel-Driven Life* he turns from the crisis to the solutions, offering his recommendations for a new reformation in the faith, practice, and witness of contemporary Christianity. This insightful book will guide readers in reorienting their faith and the church's purpose toward the good news of the gospel. The first six chapters explore that breaking news from heaven, while the rest of the book focuses on the kind of community that the gospel generates and the surprising ways in which God is at work in the world. Here is fresh news for Christians who are burned out on hype and are looking for hope.

The Thrill of Orthodoxy Trevin Wax, 2022-10-25 Christianity Today Book Award of Merit—Popular Theology The Gospel Coalition Award of Distinction—Popular Theology Every generation faces the temptation to wander from orthodoxy—to seek out the jolt that comes with false teaching, and to drift with cultural currents. And so every generation must be awakened again to the thrill of orthodoxy, and experience the astonishment that comes from stumbling afresh upon the electrifying paradoxes at the heart of the Christian faith. In *The Thrill of Orthodoxy*, Trevin Wax turns the tables on those who believe Christian teaching is narrow and outdated. Returning to the church's creeds, he explains what orthodoxy is and why we can have proper confidence in it, and lays out common ways we can stray from it. By showing how heresies are always actually narrower than orthodoxy—taking one aspect of the truth and wielding it as a weapon against others—Wax shows us that false teaching ultimately proves bland and boring, and that orthodoxy is where true adventure can be found.

The Baptizing of America Rabbi James Rudin, 2009-04-29 *The Baptizing of America: Politics, Piety, and the Coming Theocracy* exposes the systematic campaign by Christian fundamentalists to co-opt and take over every room of American society from the bedroom to the school room, hospital room, operating room, courtroom, work room, reading room and newsroom. This book focuses on the aggressive war currently being led by fundamentalist Christians to baptize America. It is a battle that will determine whether the United States remains a spiritually vital country but without an officially established religion, or whether it will become Christianized, a faith-based nation in which fundamentalist Christianity will be the sole legal dominant religion throughout the land. The war will decide whether America follows the path of many other nations and becomes a theocracy not unlike Iran and the former Taliban regime in Afghanistan.

Losing Our Religion S. E. Cupp, 2010-04-06 The press has become a tool of

oppression—politicized, self-aware, self-motivated, and power-hungry. . . . In short, these people can no longer be trusted. —From S. E. Cupp’s *Losing Our Religion* It’s time to wake up and smell the bias. The go-to commentator for such programs as Fox News’s *Hannity* and CNN’s *Larry King Live* and *Reliable Sources*, S. E. Cupp is just that—a reliable source for the latest news, trends, and forecasts in young, bright, conservative America. Savvy and outspoken when shattering left-leaning assumptions as she did in *Why You’re Wrong About the Right*, Cupp now takes on the most pressing threat to the values and beliefs held and practiced by the majority of Americans: the marginalizing of Christianity by the flagrantly biased liberal media. From her galvanizing introduction, you know where S. E. Cupp stands: She’s an atheist. A non-believer. Which makes her the perfect impartial reporter from the trenches of a culture war dividing America and eroding the Judeo-Christian values on which this country was founded. Starting at the top, she exposes the unwitting courtship of President Obama and the liberal press, which consistently misreports or downplays Obama’s clear discomfort with, or blatant disregard for, religious America—from covering up religious imagery in the backdrop of his Georgetown University speech to his absence from events surrounding the National Day of Prayer, to identifying America in his inaugural address as, among other things, a nation of non-believers. She likens the calculated attacks of the liberal media to a class war, a revolution with a singular purpose: to overthrow God and silence Christian America for good. And she sends out an urgent call for all Americans to push back the leftist propaganda blitz striking on the Internet, radio, television, in films, publishing, and print journalism—or invite the tyrannies of a mainstream media set on mocking our beliefs, controlling our decisions, and extinguishing our freedoms. Now, discover the truth behind the war against Christmas—and how political correctness keeps the faithful under wraps . . . the one-sided analyses of Prop 8 and the gay marriage debate . . . the media pot-shots at Sarah Palin’s

personal faith . . . the politicization of entertainment mainstays such as American Idol and the Miss USA Pageant . . . and much more. Also included are her penetrating interviews with Dinesh D'Souza, Martha Zoller, James T. Harris, Newt Gingrich, Kevin Madden, and Kevin Williamson of National Review, delivering must-read analyses of the latest stunning lowlights from the liberal media.

The Oxford Handbook of Religion and the American News Media Diane Winston, 2012-08-29 Whether the issue is the rise of religiously inspired terrorism, the importance of faith based NGOs in global relief and development, or campaigning for evangelical voters in the U.S., religion proliferates in our newspapers and magazines, on our radios and televisions, on our computer screens and, increasingly, our mobile devices. Americans who assumed society was becoming more and more secular have been surprised by religions' rising visibility and central role in current events. Yet this is hardly new: the history of American journalism has deep religious roots, and religion has long been part of the news mix. Providing a wide-ranging examination of how religion interacts with the news by applying the insights of history, sociology, and cultural studies to an analysis of media, faith, and the points at which they meet, *The Oxford Handbook of Religion and the American News Media* is the go-to volume for both secular and religious journalists and journalism educators, scholars in media studies, journalism studies, religious studies, and American studies. Divided into five sections, this handbook explores the historical relationship between religion and journalism in the USA, how religion is covered in different media, how different religions are reported on, the main

narratives of religion coverage, and the religious press.

Revangelical Lance Ford, 2014 When you hear the word evangelical, do you think good news? That's what the word means, and it's what we are meant to be. Yet the surrounding culture often views us as exactly the opposite. Calling yourself an evangelical too often means you are seen through a negative stereotype; people are apprehensive when they hear that an evangelical family has moved into the neighborhood. But is this the way it has to be? What would it look like if evangelical Christians were joyfully living out the gospel in such a way that the culture had no choice but to recognize us as Good News people? Revangelical is a call to realign your heart with the things that most concerned Jesus--a bold message to get the Good News of the gospel of Jesus back into our heads, hearts, mouths, and feet. Full of stories of evangelicals who are living out the Good News and changing the world, Revangelical will inspire and equip us to relearn the heart of the gospel and to become the people God has called us to be.

The Baptizing of America Arnold James Rudin, 2006 A Religious News Service writer and rabbi's exposé of the systematic campaign by fundamentalists to establish Christianity as an American national religion and convert all factions of non-Christian society identifies aggressive and well-funded activities taking place in the nation's schools, courts, hospitals, and other institutions.

Good News of Jesus L. William Countryman, 1993-02-01 At the heart of Christianity stands the figure of Jesus and the message he embodied the gospel. This book seeks to make what is at the heart of the Christian religion available in a new way in our time. Many of those who read this book will already have some notion of what the Christian faith is about. Professor Countryman therefore writes: I fear that the reader will bring to the reading of this book all kinds of assumptions that don't belong here; and I have tried to be explicit in rejecting some of these so that I can reintroduce

something truer. Within the church and outside of it, people today are in a period of refocusing and rediscovery, asking what is really central to the Christian faith. Some claim that today's church has lost its heart, if not its soul. Countryman sounds a clarion call back to the gospel, the good news. For in the end, he writes, we must be prepared to choose the good news over everything else. Here, then, is a fundamental work that has grown out of and been tested in the parish, and that has served as a basic text for seminary courses in Foundations of Christian Spirituality. L. William Countryman is Professor of New Testament at the Church Divinity School of the Pacific, Berkeley, California, and author of *The Language of Ordination: Ministry in an Ecumenical Context*, also published by Trinity Press.

The Good News of the Return of the King Michael T. Jahosky, 2020-09-15 Although many people today reject Christianity for intellectual reasons, greater numbers of people are rejecting Christianity because it does not engage their imagination. Christians must not only demonstrate that the Christian worldview is true, but that it is also good, beautiful, and relevant. *The Good News of the Return of the King: The Gospel in Middle-earth* is a book that endeavors to show the truth, goodness, and beauty of Jesus Christ, the gospel, and the biblical metanarrative by engaging the imagination through J. R. R. Tolkien's *The Lord of the Rings*, as well as *The Hobbit* and *The Silmarillion*. In this book, I propose that J. R. R. Tolkien's *The Lord of the Rings* is a story about what Jesus' parables are about: the good news about the return of the king. As a work of imaginative fiction similar to Jesus' parables, *The Lord of the Rings* can bypass both intellectual and imaginative objections to the gospel and pull back the veil of familiarity that obscures the gospel for many.

Churches That Make a Difference Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and

spiritual needs of their communities. Many have adopted a narrow vision, focusing on only one aspect of ministry. But in today's environment of faith-based opportunities many Christians are eager to start reaching out to their world with both Good News and good works, and therefore they are searching for appropriate ways to integrate both into their ministry. In *Churches That Make a Difference*, best-selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry--a balance of evangelism and social outreach. Illustrations and helpful organizational tips detail the how-to's of an effective holistic ministry. Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications. User-friendly tools are included as well for congregational studies, surveys, evaluations, and community assessments. The authors draw on extensive experience with church ministries and faith-based organizations as they share the life-changing vision and biblical mandate for living the whole gospel. Church leaders will be encouraged in their process of developing and maintaining a holistic ministry, and local churches will rediscover a passion for loving the whole person the way Jesus did.

Good News for Anxious Christians Phillip Cary, 2010-10-01 Like a succession of failed diet regimens, the much-touted techniques that are supposed to bring us closer to God in our hearts can instead make us feel anxious, frustrated, and overwhelmed. How can we meet and know God with ongoing joy rather than experiencing the Christian life as a series of guilt-inducing disappointments? Phillip Cary explains that knowing God is a gradual, long-term process that comes through the Bible experienced in Christian community, not a to-do list designed to help us live the Christian life right. This clearly written book covers ten things Christians don't have to do to be close to God, such as hear God's voice in their hearts, find God's will for their lives, and believe their intuitions are the Holy

Spirit. Cary skillfully unpacks the riches of traditional Christian spirituality, bringing the real good news to Christians of all ages.
