*A Baby on Her Christmas List* Louisa George, 2014 Nurse Georgie Taylor has just one thing on her Christmas list: a baby! **Christmas at Highclere** The Countess of Carnarvon, 2019-09-05 Highclere Castle, known as 'the real Downton Abbey' bustles with activity at the best of times, but it is never more alive than at Christmas. Christmas at Highclere is a look behind the scenes at the routines and rituals that make the castle the most magical place to be throughout the festive season. Lady Carnarvon will guide you through Advent, Christmas preparations and Christmas Eve all the way through to the day itself, and beyond. Learn how the castle and grounds are transformed by decorations, including the raising of a twenty-foot tree in the saloon, the gathering of holly and mistletoe from the grounds. All the intricacies of the perfect traditional Christmas are here: from crackers and carol singers. The festive feeling is carried through to Highclere's Boxing Day traditions, the restorative middle days and the New Year's Eve celebrations. This book also tells the story of historic Christmases at Highclere - of distinguished guests warming themselves by the fire after a long journey home through the snow, unexpected knocks on the door, and, always, the joy of bringing family - and staff - together after a busy year. As well as telling the stories of Highclere Christmases past and present, Lady Carnarvon provides recipes, tips and inspiration from her kitchen so that readers can bring a quintessentially British festive spirit to their own home. Lady Carnarvon divulges the secret to perfectly flakey mince pies, the proper way to wrap presents so that you and your guests are guaranteed a Christmas to remember. Lavish, celebratory and utterly enchanting, Christmas at Highclere is celebration of one of the UK's most beloved historic houses and is the perfect gift for any Downton Abbey fan.

**Ruining Christmas--Rediscovering Jesus** Carl N. Toney, 2021-08-31 Did you know that the Christmas story almost wasn't told? But Matthew and Luke saved Christmas. Have you wondered if Christmas is really a pagan holiday? Did marketers invent Santa Claus? And what does a Christmas tree have to do with

anti-slavery? We'll learn which traditions come from the Bible and where other traditions derive. Have you ever considered who Jesus was named after? Or why Jesus's genealogy is traced to Joseph if he's not Jesus's biological father? We'll answer questions like these surrounding Jesus's legacy. Maybe you've asked what was the Bethlehem star? Or have you heard that there wasn't an inn or innkeeper? With these kinds of inquiries, we'll look at the circumstances surrounding Jesus's birth. Do we know if the magi were kings, astrologers, or magicians? Or could you name the oldest person that met baby Jesus? By interacting with these people who met Jesus on that first Christmas, we'll join the cast of characters around the manger. As we explore the stories and traditions of Christmas together, we'll ruin some past misconceptions, but in the process, I promise that we'll rediscover Jesus.

A Practical Guide to Fundraising for Small Museums Sheldon Wolf, 2018-03-27  
A Practical Guide to Fundraising for Small Museums: Maximizing the Marketing-Development Connection turns the traditional development program on its ears, as it starts with the needs of donors rather than the needs of the organization. Just like marketing for other goods and services, museums must begin with aligning their products with their audiences. Then they can develop fund strategies that keep their audiences in mind. While the book covers traditional strategies (such as membership and events), it approaches them from a new point of view and provides tips and sample ideas all along the way for small and mid-sized museums to implement a successful development plan. Complete with sample forms, this book is a must-have for every museum development professional, volunteer, and student who wants to succeed.

**The Literature Lover's Book of Lists** Judie L. H. Strouf, 1999-09-15  
Wonderful for browsing, and invaluable for finding specific information, Literature Lovers Book of Lists is a compendium of useful and sometimes whimsical information for anyone who loves books and loves to read, at any age or reading level. It is organized into nine sections and provides nearly 200 lists relating to genres, authors, characters and settings, awards, literary terms with their definitions and much more. There are even lists of books of prose and poetry available on audiocassettes. If it has to do with literature, this book has the answers. What book has had the longest run on The New York Times best-seller list? Who is the only four-time winner of the Pulitzer Prize for drama? What is the complete list of Shakespeare's plays and poems? Who are some of the most notable African American authors? What are the three main variations of the sonnet? What famous writers belonged to The Bloomsbury Group? Literature Lovers Book of Lists is both exciting and informative at the same time.

**Venomous Speech** Clarke Rountree, 2013-04-30 Is much of the current dysfunction in our political system attributable to the problematic discourse

of politicians, pundits, and journalists? These authors on legal and political discourse say yes. This book contains essays by some of the best scholars of political communication that examine modern-day American political discourse. The contributors address what is problematic in our political discourse and what has resulted in unprecedented levels of gridlock, discord, and hostility, covering everything from the incivility of Congress to the spectacle of celebrity politicians... the arrogance of Republican and Democratic presidents to the difficulties of grassroots groups hoping to change the status quo... and the partisan shaping of news coverage to the growing influence of political comedians. This work provides a frank, hard-nosed look at what needs fixing, offers a critical lens from knowledgeable writers to help those frustrated with our political system to better understand why our discourse is so troubled, and lays out suggestions for reclaiming the commonwealth. Anyone interested in politics, government, or communication will benefit from learning how recent developments have created a perfect storm that is troubling the waters of our democracy.
