William R. Dunn

The Fighter Michael Farris Smith,2018-03-20 A blistering novel of violence and deliverance set against the mythic backdrop of the Mississippi Delta. The acres and acres of fertile soil, the two-hundred-year-old antebellum house, all gone. And so is the woman who gave it to Jack, the foster mother only days away from dying, her mind eroded by dementia, the family legacy she entrusted to Jack now owned by banks and strangers. And Jack's mind has begun to fail, too. The decades of bare-knuckle fighting are now taking their toll, as concussion after concussion forces him to carry around a stash of illegal painkillers and a notebook of names that separates friend from foe. But in a single twisted night, Jack loses his chance to win it all back. Hijacked by a sleazy gambler out to settle a score, Jack is robbed of the money that will clear his debt with Big Momma Sweet -- the queen of Delta vice, whose deep backwoods playground offers sin to all those willing to pay -- and open a path that could lead him back home. Yet this sudden reversal of fortunes introduces an unlikely savior in the form of a sultry, tattooed carnival worker. Guided by what she calls her church of coincidence, Annette pushes Jack toward redemption, only to discover that the world of Big Momma Sweet is filled with savage danger. Damaged by regret, crippled by twenty-five years of fists and elbows, heartbroken by his own betrayals, Jack is forced to step into the fighting pit one last time, the stakes nothing less than life or death. With the raw power and poetry of a young Larry Brown and the mysticism of Cormac McCarthy, Michael Farris Smith cements his place as one of the finest writers in the American literary landscape.

Never Lark nor Eagle Ray Castagnaro,2002-11-06 Never Lark nor Eagle: A Fighter Pilot's Story, the novel by Ray Castagnaro, is accurate, entertaining Historical fiction about Yanks in the RAF during the Battle of Britain, and their eventual transition to the U.S. Army Air Forces. The story continues with dangerous test flying at Muroc Lake, California, then the exploits of the Fourth but First Fighter Group in Korea. The reader witnesses counterinsurgency in the jungles of the Philippines, espionage in 1950s Saigon, and hypersonic test flying at Edwards. It climaxes with the electrifying, but often overlooked air campaign over Vietnam. As told through the saga of one extraordinary American family, the story of the most exciting period in aviation history is told with historical accuracy, passion, and humor. VOLUME I: The early career of a fighter pilot and his family, spanning 1938 to 1958. 16 year old crop duster Carl Morro is adopted by the Wilcox family of rural Kentucky. With his adoptive brother, Freddy, Morro joins other American pilots in Britain's Royal Air Force in 1940, transitioning to the American Eagle Squadron, and eventually into the US Army Air Force when America enters the war. Through compelling narrative and humorous dialogue, the reader witnesses an accurate history of air warfare and weapons development through the fictional career of a man who helped develop them and their tactics from pre-WWII through Korea and the 1950s. You will need to have both Volumes I & II to read the whole story. Triumph, tragedy, love, war, revenge, deliverance. © 1980, 1990, 2002

When Zippo Went to War Philip Kaplan,2021-03-30 Throughout the 1930s the Zippo Company in Pennsylvania prospered on the growing success of its stylish, charismatic little cigarette lighter. The lighter was made mostly of brass, but with the Second World War that metal was declared a 'strategic material' in the U.S. where huge amounts of it were needed for shell and cartridge casings. Zippo replaced the brass with steel, which can corrode, and wartime Zippos were given a new baked-on black 'crackle' finish to protect them. That non-reflective characteristic helped save the lives of many American soldiers in combat zones. The demand of the Armed Forces for the lighter led to the company to earmark its entire production for military. The big wartime market for the Zippo resulted in a rise of imitations. After the war, through subsequent conflicts in Korea, Vietnam and elsewhere, thousands of such phoneys appeared in boot sales and swap meets across the world. Movie stars added sophistication and glamor when someone lit up a cigarette with a Zippo and the distinctive 'clink-clop' sound the lighter made when opened and closed was unmatched. Legend has it that the great star Bette Davis was once asked by an interviewer if she smoked after sex. Her supposed response: "To tell you the truth, I've never looked." In later years- and a dark medical reality- the cigarette began losing its allure, but in wartime the soldier, sailor, marine and airman was frequently nervous in the service and found solace and a brief time-out-of-war in the relaxation of a quick smoke. Zippo was ready in such moments. Today many examples survive with a special history and caché. When Zippo Went to War is illustrated with more than 140 unpublished photos those unique little lighters of old. Like the remarkable Zippo itself, the book works well and sheds some new light on its subject.

The Case Against the Little White Slaver Henry Ford,2003-08 This book was Henry Ford's personal attempt to thwart the public's growing love affair with cigarettes. It features a letter from Ford's friend, inventor Thomas Edison, which reads Friend Ford, the injurious agent in cigarettes comes principally from the burning paper wrapper. The substance thereby formed, is called Acrolein. It has a violent action on the nerve centers, producing degeneration of the cells of the brain, which is quite rapid among boys. Unlike most narcotics this degeneration is permanent and uncontrollable. I employ no person who smokes cigarettes. Yours, Thomas A. Edison. Ford also references his discussions regarding cigarettes with the eminent naturalist John Burroughs. The entire pamphlet focuses on discouraging smoking in childhood. Mr. Ford compiled various other testimonials from famous persons giving their opinions on the evils of cigarettes, as well as the rebuttals from Percival I. Hill, President of the American Tobacco Company. It also excerpts an interesting Detroit newspaper article from March 20th, 1916 which describes a man committed to an insane asylum due to insanity caused by smoking cigarettes; One hundred cigarettes a day were too much for Frank Winters, aged 46 years, of this city. He was declared to have been mentally affected by excessive cigarette smoking in a certificate filed in the Probate court, Saturday Morning by Dr. M.A. LaytonSome interesting chapter titles in the Table of Contents include: Some Scientific Facts, Non-Smokers More Efficient, The Brain Acts More Slowly, Mind Wrecked by Cigarettes, Cigarette Evil is Most Serious, Makes Slaves of Boys, Smokers in Football Tryout, Smoking Causes Lower Efficiency, What Dr. Wiley Has to Say, Undermines Success, Cigarette Injures Morally, The Cigarette as Related to Disease and Mortality, Cigarettes-Drink-Opium, What Mike Donovan Says, Worst of Tobacco is in Cigarettes, What A Noted Sport Writer Thinks, Tobacco Killed A Cat, And This is From the London Lancet, Connie Mack Speaks, Cigarette is One of Worst Habits, Hudson Maxim on the Cigarette, Makes Boys Soulless, Want Cigarettes More Than Liquor, Cigarettes Spoil Boys for His Business, Nonsmokers Given Preference, Puts the Ban on Cigarette Smokers, Cigarette Fiends Not Employed, Cigarettes Detrimental to Development, What A Merchant Prince Says, No Cigarette Smokers Employed, One of the Most Baneful Influences to Combat, Clarke Griffith's Ultimatum, What Ty Cobb Thinks of Cigarettes, Seventy-Five Per Cent of Drink Due to Tobacco, No Slavers for These Fighting Men, and How Cigarettes Affect Boys' School Activities.

Fighter Pilot William R. Dunn,2014-04-23 At the age of twelve, American William R. Dunn decided to become a fighter pilot. In 1939 he joined the Canadian Army and was soon transferred to the Royal Air Force. He was the first pilot in the famous Eagle Squadron of American volunteers to shoot down an enemy aircraft and later became the first American ace of the war. After joining the U.S. Army Air Corps in 1943, he saw action in the Normandy invasion and in Patton's sweep across France. Twenty years later he fought again in Vietnam. Dunn keenly conveys the fighter pilot's experience of war—the tension of combat, the harsh grip of fear, the love of aircraft, the elation of victory, the boisterous comradeship and competition of the pilot brotherhood. Fighter Pilot is both a gripping story and a unique historical document.

Fighter Pilot Lt. L. C. Beck Jr.,2017-07-31 Fighter Pilot is the incredible story of a World War II fighter pilot, 1st Lieutenant Levitt Beck, Jr., who was shot down in German-occupied France and hidden by members of the French underground. There he wrote this story of his life practically up until the moment he was discovered. He perished in Buchenwald concentration camp, but his manuscript was delivered to his parents after the war, who took on the responsibility of seeing it published posthumously in 1946. Lt. Beck was shot down near Havelu, Eure-et-Loir, France on 29 June 1944 on an Armed Reconnaissance mission to the Mantes-la-Jolie/Gassicourt area. Although he initially managed to evade capture, he was eventually taken prisoner and, together with more than 167 other Allied airmen, was on a convoy that left Paris on August 18, 1944. He was interned at the Buchenwald concentration camp on August 20, 1944, where he became ill from maltreatment and undernourishment and died of “Lungentuberculosis” (phthisis; pulmonary consumption) in the camp hospital on October 31, 1944, aged 24. His remains were never found and he continues to be listed as MIA (Missing in Action). He is believed to have been cremated in Buchenwald the day following his death. He memorialized at the Luxembourg American Cemetery, Luxembourg City, Great-Duchy of Luxemburg.

My Father's Fighter Ronald K. Fried,2004 It is the willful destruction of neurological matter for the entertainment of many and the profit of a few. It is the rich exploiting the poor. It is the sacrifice of human flesh. Yet, it has its appeal. This is the often degrading, sometimes exhilarating world of boxing, where questions of race, class, violence, and sexuality linger in the air. In My Father's Fighter, Vincent Rosen, a 35-year-old Manhattan English teacher, inherits the management of a prize fighter from his father Solly, a prosperous garment district wheeler/dealer. The fighter is Mickey Davis, a white, light-heavy-weight contender with a doomed air, a reputation for dirty fighting, and more neuroses and sexual obsessions than Vincent's privileged adolescent students. With his Ivy League education, inherited wealth, and bookish nature, Vincent defiantly does not share his father's passion for boxing. Yet he is slowly seduced by the fight world. Vincent must soon do business with Mickey's trainer, Harry Gainesworth, an autodidactic former fighter with theories on everything from race relations to why fight managers are no better than pimps. Lurking in the background are Solly Rosen's loquacious ex-con bookies and Solly's attorney, a cherubic charmer who always has a table at the best mob joint in town. Vincent's sexy, droll, doctor wife Elizabeth, the beautiful daughter of a Park Avenue building superintendent, quickly comes to see her husband's encounter with the fight world as a crucible that will determine their future. My Father's Fighter is a comic tale that moves from the privileged streets of the Upper East Side and the masculine milieu of boxing gyms to the high roller casinos and down-and-out bars of Las Vegaswhere Vincent Rosen is left to contemplate the ways he is both like and unlike his unlucky fighter.

Cigarettes and Soviets Tricia Starks,2022-11-15 Enriched by color reproductions of tobacco advertisements, packs, and anti-smoking propaganda, Cigarettes and Soviets provides a comprehensive study of the

Soviet tobacco habit. Tricia Starks examines how the Soviets maintained the first mass smoking society in the world while simultaneously fighting it. The book is at once a study of Soviet tobacco deeply enmeshed in its social, political, and cultural context and an exploration of the global experience of the tobacco epidemic. Starks examines the Soviet antipathy to tobacco yet capitulation to market; the development of innovative cessation techniques and clinics and the late entry into global anti-tobacco work; the seeming lack of cultural stimuli alongside massive use; and the expansion of smoking without the conventional prompts of capitalist markets. She tells the story of Philip Morris's Mission to Moscow campaign for the Soviet market, the triumph of the quintessential capitalist product—the cigarette—in a communist system, and the successes and failures of the world's first national antismoking campaign. The interplay of male habits and health against largely female tobacco producers and medical professionals adds a gendered dimension. Smoking developed, continued, and grew in the Soviet Union without mass production, intensive advertising, seductive industrial design, or product ubiquity. The Soviets were early to condemn tobacco, and yet, by the end of the twentieth century Russians smoked more heavily than most other nations in the world. Cigarettes and Soviets challenges interpretations of how tobacco use rose in the past and what leads to mass use today.

All Blood Runs Red Phil Keith, Tom Clavin, 2019-11-05 The incredible story of the first African American military pilot, who became a spy in the French Resistance and an American civil rights pioneer. Winner of the Gold Medal for Memoir/Biography from the Military Writers Society of America A New York Times Book Review Editors' Choice Eugene Bullard lived one of the most fascinating lives of the twentieth century. When his journey led him to Europe, he garnered worldwide fame as a boxer, and later as the first African American fighter pilot in history. After the war, Bullard returned to Paris a celebrated hero. But little did he know that the dramatic, globe-spanning arc of his life had just begun. All Blood Runs Red is the inspiring untold story of an American hero, a thought-provoking chronicle of the twentieth century and a portrait of a man who came from nothing and by his own courage, determination, gumption, intelligence and luck forged a legendary life. "A whale of a tale, told clearly and quickly. I read the entire book in almost one sitting." —Thomas E. Ricks, The New York Times Book Review "All Blood Runs Red should be required reading for anyone who has ever dreamed big. A truly inspiring and uplifting story of courage and triumph, and an opus for an unsung hero." —Nelson DeMille "Dazzling . . . This may be a biography, but it reads like a novel." —Publishers Weekly (starred review)
