Strong Like Her Haley Shapley,2020-04-07 Beautiful and powerful, Strong Like Her presents the awe-inspiring account of women's athleticism throughout history. Journalist Haley Shapley takes us through the delightful untold history of female strength to understand how we can better encourage—and celebrate—the physical power of women. Part group biography, part cultural history, Strong Like Her delves into the fascinating stories of our muscular foremothers. From the first female Olympian (who entered the chariot race through a loophole) to the circus stars who could lift their husbands above their heads and make it look like “a little light housework with a feather duster,” these brave and brawny women paved the way for the generations to follow. Filled with Sophy Holland's beautiful portraits of some of today's most awe-inspiring athletes, Strong Like Her celebrates strength in all its forms. Illuminating the lives and accomplishments of storied female sports stars—whose contributions to society go far beyond their entries in record books—Shapley challenges us to rethink everything we thought we knew about the power of women.

The Clinch Knot John Galligan,2011-07-01 The Dog is in Livingston, Montana, daydreaming about fishing the Stone and, as usual, subsisting on Swisher Sweets, vodka-Tang, and the hope that pretending to forget will be enough. He's forged a few tenuous friendships, and now finds himself watching from the bank as troubled local girl Jesse Ringer leads D'Ontario Sneed into the swift current of young love. It's sweet, really . . . but some of the locals object to the relationship on the basis of Sneed's skin color. Then the unthinkable: vibrant, wild Jesse is found shot in the head, and Sneed is passed out in her car, gun beside him, window seams taped, and engine running. Sneed is hospitalized for severe carbon monoxide poisoning and can't string together a sentence to defend himself, so it falls to the Dog. If only the Dog could run from his life without ending up in the tangle and snarl of the lives of others. A man who wants to lose himself in the current must be careful of his backcast; it'll always keep him tethered to a life he's trying to forget.

The Decade That Rocked Mark Weiss,Richard Bienstock,2020-06-02 “I have read pretty much every rock 'n' roll biography there is worth reading, and you never know what to expect when you pick up a new book. Well, let me tell you Mark Weiss has raised the bar for rock 'n' roll books with The Decade That Rocked. Mark has always been at the top of his field, and the level of detail and quality put into this book is the ultimate testament to his rock n' roll photographic legacy.” – Sebastian Bach “Mark is the real deal. He may not play the guitar, but that camera is his guitar. He's a rockstar.” – Gene Simmons Mark's energy, his creativity, his drive, his positive attitude and his enthusiasm that make him one of the legends of rock photography. It's why his work—both old and new—is still so in demand today. Mark Weiss inspires greatness in all he turns his camera lens on. But don't take my word for it. Just look at the pictures in this book. – Dee Snider “His pictures say as much as the music” – Rob Halford “He was one of the guys. He wasn't one of the 18 photographers you'd work with that day.” – Alice Cooper “He had that instinct, to recognize our energy and use his technical talent to capture it.” – Joe Perry “The Decade That Rocked breaches a level of intimacy that so many music photographers are lacking today. Each and every photo exemplifies the trust and the synergy between photographer and subject. You can feel the essence of the music in the live shots, just as vibrantly as you can feel the spirit and the essence of the musicians behind the scenes.” – Screamer Magazine Mark “Weissguy” Weiss set an unmatched standard for rock photography. Starting out as a teenager by sneaking into concerts with a neighbor's 35mm camera, he embarked on a legendary career that took him around the globe and onto some of the most memorable album and magazine covers in rock history—featuring the likes of Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N' Roses, Bon Jovi, and KISS, and so many more. With 700+ photos, brand new interviews, and stories from Mark himself, Decade that Rocked is a monument to the photography, friendships, and legacy of an artist that helped define one of rock's most iconic eras. This career-spanning collection features: A unique lens on the golden age of rock: Never-before or rarely seen photos of legends like Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N' Roses, Bon Jovi, and KISS, as well as countless others whose sound and image defined the era. Exclusive interviews: Ozzy Osbourne, Dee Snider, Nikki Sixx, Joe Perry, Rob Halford, and many more recall their memories of this era-defining decade. Untold Stories: Relive Mark's unbelievable journey through rock history, from getting arrested for selling photos outside of Kiss concert to touring with legends like Van Halen, to photographing Bon Jovi's infamous “Slippery When Wet” shoot, shooting backstage at Live Aid with Black Sabbath, and so many more. Definitive Lens: Creem magazine readers ranked Mark Weiss as rock's top photographer of the 80s. His work has appeared on some of the most iconic album and magazine covers of all time. Captured from the unique vantage point of a photographer who lived and breathed the '80s in all its grit and glory, The Decade That Rocked brings to life the no-holds-barred sounds and sights that changed the world of hard rock and metal forever.

A Book of the Pyrenees Sabine Baring-Gould,1907 The Pyrenees stand up as a natural wall of demarcation between two nations, the French and the Spaniards, just as the mountains of Dauphin~~o~~ sever the French from the Italians. It has been remarked that these natural barriers are thrown up to part Romance-speaking peoples, whereas the mountain ranges sink to comparative insignificance between the French and the Germans. Over the Jura the French tongue has flowed up the Rhone to Sierre, above the Lake of Geneva, so the Spanish or Catalan has overleaped the Pyrenees in Roussillon, and the Basque tongue has those who speak it in both cis-Pyrenean and trans-Pyrenean Navarre. The Pyrenees are the upcurled lips of the huge limestone sea-bed, that at some vastly remote period was snapped from east to west, and through the fissure thus formed the granite was thrust, lifting along with it the sedimentary rocks.
