James Rickards

Homeland Cory Doctorow, 2013-02-05 In Cory Doctorow's wildly successful *Little Brother*, young Marcus Yellow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, *Homeland* is every bit the equal of *Little Brother*—a paean to activism, to courage, to the drive to make the world a better place. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Investment Governance for Fiduciaries Michael E. Drew, Adam N. Walk, 2019-04-22 Governance is a word that is increasingly heard and read in modern times, be it corporate governance, global governance, or investment governance. Investment governance, the central concern of this modest volume, refers to the effective employment of resources—people, policies, processes, and systems—by an individual or governing body (the fiduciary or agent) seeking to fulfil their fiduciary duty to a principal (or beneficiary) in addressing an underlying investment challenge. Effective investment governance is an enabler of good stewardship, and for this reason it should, in our view, be of interest to all fiduciaries, no matter the size of the pool of assets or the nature of the beneficiaries. To emphasize the importance of effective investment governance and to demonstrate its flexibility across organization type, we consider our investment governance process within three contexts: defined contribution (DC) plans, defined benefit (DB) plans, and endowments and foundations (E&Fs). Since the financial crisis of 2007–2008, the financial sector's place in the economy and its methods and ethics have (rightly, in many cases) been under scrutiny. Coupled with this theme, the task of investment governance is of increasing importance due to the sheer weight of money, the retirement savings gap, demographic trends, regulation and activism, and rising standards of behavior based on higher expectations from those fiduciaries serve. These trends are at the same time related and self-reinforcing. Having explored the why of investment governance, we dedicate the remainder of the book to the question of how to bring it to bear as an essential component of good fiduciary practice. At this point, the reader might expect investment professionals to launch into a discussion about an investment process focused on the best way to capture returns. We resist this temptation. Instead, we contend that achieving outcomes on behalf of beneficiaries is as much about managing risks as it is about capturing returns—and we mean “risks” broadly construed, not just fluctuations in asset values.

[jQuery UI in Action](#) TJ VanToll, 2014-09-29 Summary jQuery UI in Action is a practical guide to using and customizing jQuery UI library components to build rich, user-friendly web applications. By working through numerous engaging examples, you'll move quickly from placing a datepicker on the page to building a complete user interface that includes features like a contact form and shopping cart. You'll master jQuery UI's five main

interactions—draggable, droppable, resizable, selectable, and sortable—and learn UI techniques that work across all devices. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Book You're only one tag away from richer user interfaces — `<script src=jquery-ui.js>`. The jQuery UI library simplifies web UI development by providing robust widgets, interactions, and effects you can use immediately. It includes datepickers, autocompletes, tooltips, and a whole lot more. And, jQuery UI's powerful widget factory makes it a snap to customize existing components to meet your needs. jQuery UI in Action is a practical guide to using and customizing jQuery UI library components. By working through numerous examples, you'll quickly master jQuery UI's twelve widgets and five interactions—draggable, droppable, resizable, selectable, and sortable. The engaging examples illustrate techniques that work across all devices. You'll use the widget factory to create reusable plugins and discover jQuery UI's CSS theming system that allows you to create a custom, cohesive look for your sites and your applications. Written for front-end developers and web designers with a basic understanding of jQuery. What's Inside Create interactions that work on any device Customizable widgets for web and mobile apps Written by a member of the core jQuery UI team Covers jQuery UI 1.11 About the Author A professional web developer, TJ VanToll is a member of the jQuery UI core team. Wild Symphony Dan Brown, 2023-09-19 #1 New York Times bestselling author Dan Brown makes his picture book debut with this mindful, humorous, musical, and uniquely entertaining book! The author will be donating all US royalties due to him to support music education for children worldwide, through the New Hampshire Charitable foundation. Travel through the trees and across the seas with Maestro Mouse and his musical friends! Young readers will meet a big blue whale and speedy cheetahs, tiny beetles and graceful swans. Each has a special secret to share. Along the way, you might spot the surprises Maestro Mouse has left for you- a hiding buzzy bee, jumbled letters that spell out clues, and even a coded message to solve! Children and adults can enjoy this timeless picture book as a traditional read-along, or can choose to listen to original musical compositions as they read--one for each animal--with a free interactive smartphone app, which uses augmented reality to play the appropriate song for each page when a phone's camera is held over it.

The One World Schoolhouse Salman Khan, 2012-10-02 A free, world-class education for anyone, anywhere. This is the goal of the Khan Academy, a passion project that grew from an ex-engineer and hedge funder's online tutoring sessions with his niece, who was struggling with algebra, into a worldwide phenomenon. Today millions of students, parents, and teachers use the Khan Academy's free videos and software, which have expanded to encompass nearly every conceivable subject; and Academy techniques are being employed with exciting results in a growing number of classrooms around the globe. Like many innovators, Khan rethinks existing assumptions and imagines what education could be if freed from them. And his core idea-liberating teachers from lecturing and state-mandated calendars and opening up class time for truly human interaction-has become his life's passion. Schools seek his advice about connecting to students in a digital age, and people of all ages and backgrounds flock to the site to utilize this fresh approach to learning. In THE ONE WORLD SCHOOLHOUSE, Khan presents his radical vision for the future of education, as well as his own remarkable story, for the first time. In these pages, you will discover, among other things: How both students and teachers are being bound by a broken top-down model invented in Prussia two centuries ago Why technology will make classrooms more human and teachers more important How and why we can afford to pay educators the same as other professionals How we can bring creativity and true human interactivity back to learning

Why we should be very optimistic about the future of learning. Parents and politicians routinely bemoan the state of our education system. Statistics suggest we've fallen behind the rest of the world in literacy, math, and sciences. With a shrewd reading of history, Khan explains how this crisis presented itself, and why a return to mastery learning, abandoned in the twentieth century and ingeniously revived by tools like the Khan Academy, could offer the best opportunity to level the playing field, and to give all of our children a world-class education now. More than just a solution, THE ONE WORLD SCHOOLHOUSE serves as a call for free, universal, global education, and an explanation of how Khan's simple yet revolutionary thinking can help achieve this inspiring goal.

Festivus/Seinfeld: Celebration Kit Running Press, 2017-10-17 Celebrate Festivus-- the Seinfeld holiday for the rest of us-- with Frank Costanza and the one and only talking Festivus pole. Kit includes: 9-inch tall Festivus pole with 4 buttons that play audio of Frank Costanza (Jerry Stiller) 5 Human Fund donation gift cards 2 magnets Includes the following audio clips from Seinfeld: Button 1 The Story of Festivus: Many Christmases ago, I went to buy a doll for my son. I reach for the last one they had-but so did another man. As I rained blows upon him, I realized there had to be another way!...out of that, a new holiday was born. A Festivus for the rest of us! Button 2 The Festivus Pole: There's a pole. It requires no decoration. I find tinsel distracting. It's made from aluminum. Very high strength-to-weight ratio. Button 3 The Airing of Grievances: Welcome, newcomers. The tradition of Festivus begins with the airing of grievances. I got a lot of problems with you people! And now you're gonna hear about it! Button 4 The Feats of Strength: And now as Festivus rolls on, we come to the feats of strength. Until you pin me, Festivus is not over! Let's rumble!

Minimalista Shira Gill, 2021-11-02 Elevate your personal style, trim your belongings, and transform your life, one room at a time, with this visionary lifestyle and home organization book from professional organizing expert, Shira Gill. "Warm, funny, and direct, Shira builds you up while helping you edit down to the best version of yourself."—Stacy London, New York Times bestselling author of *The Truth About Style* As a professional home organizer with clients ranging from students to multi-millionaires, Shira Gill observed that clutter is a universal stress trigger. Over the years she created a signature decluttering and organization process that promotes sustainability, achieves lasting results, and can be applied to anyone, regardless of their space or lifestyle. Rather than imposing strict rules and limitations, Shira redefines minimalism as having the perfect amount of everything—for you—based on your personal values and the limitations of your space. Now, in *Minimalista*, Shira shares her complete toolkit for the first time, built around five key steps: Clarify, Edit, Organize, Elevate, and Maintain. Once you learn the methodology you'll dive into the hands-on work, choose-your-own-adventure style: knock out a room, or even a single drawer; style a bookshelf; donate a sweater. Shira teaches that the most important thing you can do is start, and that small victories, achieved one at a time, will snowball into massive transformation. Broken into small, bite-sized chunks, *Minimalista* makes it clear that if the process is fun and easy to follow, anyone can learn the principles of editing and organization.

Wicked Beauty Katee Robert, 2022-06-07 She was the face that launched a thousand ships, the fierce beauty at the heart of Olympus...and she was never ours to claim. *A scorchingly hot modern retelling of Helen of Troy, Achilles, and Patroclus that's as sinful as it is sweet.* In Olympus, you either have the power to rule...or you are ruled. Achilles Kallis may have been born with nothing, but as a child he vowed he would claw his way into the poisonous city's inner circle. Now that a coveted role has opened to anyone with the strength to claim it, he and his partner, Patroclus Fotos, plan to compete and double their odds of winning. Neither expect infamous beauty Helen Kasios to be part of the prize...or for the complicated fire that burns the moment she looks their way. Zeus may have decided Helen is his to give to away, but she has her own plans. She enters into the competition as a middle finger to the meddling Thirteen rulers, effectively vying for her own hand in marriage. Unfortunately, there are those who would rather see her dead than lead the city. The only people she can trust are the ones she can't keep her hands off—Achilles and Patroclus. But can she really believe they have her best interests at heart when every stolen kiss is a battlefield? Deliciously inventive...Red-hot.—Publishers Weekly STARRED for Neon

Gods I get shivers just thinking of their interactions. SHIVERS.—Mimi Koehler for The Nerd Daily for Neon Gods The World of Dark Olympus: Neon Gods (Hades & Persephone) Electric Idol (Eros & Psyche) Wicked Beauty (Achilles & Patroclus & Helen) Radiant Sin (Apollo & Cassandra)

Riding in the Zone Ken Condon,2019-10-15 Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is the Zone. Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

Life's Too Short Abby Jimenez,2021-04-06 THE INSTANT NEW YORK TIMES BESTSELLER A hilarious, tender, and altogether life-affirming gem of a book. --Emily Henry, bestselling author of Beach Read A brilliant and touching romantic comedy about two polar opposites, one adorable dog, and living every day to its fullest. When Vanessa Price quit her job to pursue her dream of traveling the globe, she wasn't expecting to gain millions of YouTube followers who shared her joy of seizing every moment. For her, living each day to its fullest isn't just a motto. Her mother and sister never saw the age of 30, and Vanessa doesn't want to take anything for granted. But after her half sister suddenly leaves Vanessa in custody of her baby daughter, life goes from daily adventure to next-level bad (now with bonus baby vomit in hair). The last person Vanessa expects to show up offering help is the hot lawyer next door, Adrian Copeland. After all, she barely knows him. No one warned her that he was the Secret Baby Tamer or that she'd be spending a whole lot of time with him and his geriatric Chihuahua. Now she's feeling things she's vowed not to feel. Because the only thing worse than falling for Adrian is finding a little hope for a future she may never see. BookRiot, Top Books of 2021 Goodreads, Best of 2021 Romance Finalist She Reads, Best of 2021 Romance Winner

The Knowledge Illusion Steven Sloman,Philip Fernbach,2017-03-14 “The Knowledge Illusion is filled with insights on how we should deal with our individual ignorance and collective wisdom.” —Steven Pinker We all think we know more than we actually do. Humans have built hugely complex societies and technologies, but most of us don’t even know how a pen or a toilet works. How have we achieved so much despite understanding so little? Cognitive scientists Steven Sloman and Philip Fernbach argue that we survive and thrive despite our mental shortcomings because we live in a rich community of knowledge. The key to our intelligence lies in the people and things around us. We’re constantly drawing on information and expertise stored outside our heads: in our bodies, our environment, our possessions, and the community with which we interact—and usually we don’t even realize we’re doing it. The human mind is both brilliant and pathetic. We have mastered fire, created democratic institutions, stood on the moon, and sequenced our genome. And yet each of us is error prone, sometimes irrational, and often ignorant. The fundamentally communal nature of intelligence and knowledge explains why we often assume we know more than we really do, why political opinions and false beliefs are so hard to change, and why individual-oriented approaches to education and management frequently fail. But our collaborative minds also enable us to do amazing things. The Knowledge Illusion contends that true genius can be found in the ways we create intelligence using the community around us.

The Road to Ruin James Rickards,2016-11-15 The bestselling author of The Death of Money and Currency Wars reveals the global elites' dark effort to hide a coming catastrophe from investors in The Road to Ruin, now a National Bestseller. A drumbeat is sounding among the global elites. The signs of a worldwide financial meltdown are unmistakable. This time, the elites have an audacious plan to protect themselves from the fallout: hoarding cash

now and locking down the global financial system when a crisis hits. Since 2014, international monetary agencies have been issuing warnings to a small group of finance ministers, banks, and private equity funds: the U.S. government's cowardly choices not to prosecute J.P. Morgan and its ilk, and to bloat the economy with a \$4 trillion injection of easy credit, are driving us headlong toward a cliff. As Rickards shows in this frightening, meticulously researched book, governments around the world have no compunction about conspiring against their citizens. They will have stockpiled hard assets when stock exchanges are closed, ATMs shut down, money market funds frozen, asset managers instructed not to sell securities, negative interest rates imposed, and cash withdrawals denied. If you want to plan for the risks ahead, you will need Rickards's cutting-edge synthesis of behavioral economics, history, and complexity theory. It's a guidebook to thinking smarter, acting faster, and living with the comforting knowledge that your wealth is secure. The global elites don't want this book to exist. Their plan to herd us like sheep to the slaughter when a global crisis erupts—and, of course, to maintain their wealth—works only if we remain complacent and unaware. Thanks to *The Road to Ruin*, we don't need to be. If you are curious about what the financial Götterdämmerung might look like you've certainly come to the right place... Rickards believes -- and provides tantalizing snippets of private conversations with those who dwell in the very eye-in-the-pyramid -- that the current world monetary and financial system is on the verge of insolvency and that the world financial elites already have a successor system for which they are laying the groundwork. -- Ralph Benko, *Forbes*

McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs Richard Spears, 2006-02-03 Learn the language of Nebraska . . . and 49 other states With more entries than any other reference of its kind, McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today. You will find commonly used phrasal verbs, idiomatic expressions, proverbial expressions, and clichés. The dictionary contains more than 24,000 entries, each defined and followed by one or two example sentences. It also includes a Phrase-Finder Index with more than 60,000 entries.

Legendary Stephanie Garber, 2018-05-29 The instant #1 New York Times bestseller! Stephanie Garber's limitless imagination takes flight once more in the colorful, mesmerizing, and immersive sequel to the bestselling breakout debut *Caraval*... A heart to protect. A debt to repay. A game to win. After being swept up in the magical world of *Caraval*, Donatella Dragna has finally escaped her father and saved her sister Scarlett from a disastrous arranged marriage. The girls should be celebrating, but Tella isn't yet free. She made a desperate bargain with a mysterious criminal, and what Tella owes him no one has ever been able to deliver: *Caraval* Master Legend's true name. The only chance of uncovering Legend's identity is to win *Caraval*, so Tella throws herself into the legendary competition once more—and into the path of the murderous heir to the throne, a doomed love story, and a web of secrets...including her sister's. *Caraval* has always demanded bravery, cunning, and sacrifice. But now the game is asking for more. If Tella can't fulfill her bargain and deliver Legend's name, she'll lose everything she cares about—maybe even her life. But if she wins, Legend and *Caraval* will be destroyed forever. Welcome, welcome to *Caraval*...the games have only just begun.

The Battle for Yellowstone Justin Farrell, 2017-02-28 Yellowstone holds a special place in America's heart. As the world's first national park, it is globally recognized as the crown jewel of modern environmental preservation. But the park and its surrounding regions have recently become a lightning rod for environmental conflict, plagued by intense and intractable political struggles among the federal government, National Park Service, environmentalists, industry, local residents, and elected officials. *The Battle for Yellowstone* asks why it is that, with the flood of expert scientific, economic, and legal efforts to resolve disagreements over Yellowstone, there is no improvement? Why do even seemingly minor issues erupt into impassioned disputes? What can Yellowstone teach us about the worsening environmental conflicts worldwide? Justin Farrell argues that the battle for Yellowstone has deep moral, cultural, and spiritual roots that until now have been obscured by the supposedly rational and technical nature of the conflict. Tracing in unprecedented detail the moral causes and consequences of large-scale social change in the American West, he describes how a

new-west social order has emerged that has devalued traditional American beliefs about manifest destiny and rugged individualism, and how morality and spirituality have influenced the most polarizing and techno-centric conflicts in Yellowstone's history. This groundbreaking book shows how the unprecedented conflict over Yellowstone is not all about science, law, or economic interests, but more surprisingly, is about cultural upheaval and the construction of new moral and spiritual boundaries in the American West.

Ham Radio Magazine ,1982

Chronicles of Wasted Time Malcolm Muggeridge,1972 This first volume of the autobiography of an inveterate journalist and communicator ends in 1933 when the author was 30.

Autism Breakthrough Raun K. Kaufman,2015-03-31 As a boy, Raun Kaufman was diagnosed by multiple experts as severely autistic, with an IQ below 30, and destined to spend his life in an institution. Years later, Raun graduated with a degree in Biomedical Ethics from Brown University and has become a passionate and articulate autism expert and educator with no trace of his former condition. So what happened? Thanks to The Son-Rise Program, a revolutionary method created by his parents, Raun experienced a full recovery from autism. (His story was recounted in the best-selling book Son-Rise: The Miracle Continues and in the award-winning NBC television movie Son-Rise: A Miracle of Love.) In Autism Breakthrough, Raun presents the ground-breaking principles behind the program that helped him and thousands of other families with special children. Autism, he explains, is frequently misunderstood as a behavioral disorder when, in fact, it is a social relational disorder. Raun explains what it feels like to be autistic and shows how and why The Son-Rise Program works. A step-by-step guide with clear, practical strategies that readers can apply immediately—in some cases, parents see changes in their children in as little as one day—Autism Breakthrough makes it possible for these special children to defy their original often-very-limited prognoses. Parents and educators learn how to enable their children to create meaningful, caring relationships, vastly expand their communications, and to participate successfully in the world. An important work of hope, science, and progress, Autism Breakthrough presents the powerful ideas and practical applications that have already changed the lives of families all over the world.

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Circle Battery Widget Donate**

In some sort of inundated with displays and the cacophony of immediate conversation, the profound power and emotional resonance of verbal art often diminish into obscurity, eclipsed by the continuous barrage of sound and distractions.
