City Peggy Pancella,2016-08 Some neighborhoods are parts of cities. A city is a very large community. It may have thousands or even millions of people. Most cities have a downtown with many tall buildings. Other neighborhoods have homes and businesses. A city and the communities around it make up a metropolitan area.

Keys to the City Joel Kostman,1997 Before I became a locksmith, when I sat down for a meal, I sat down for a meal. Nothing except a fire could drag me out of a movie theater. I made plans, often in advance. Now Joel Kostman is beeper-bound: a licensed knight of the Vise-grips, the pick set, the hole saw. On call. He's also a master storyteller whose job provides him with all the material he needs. He arrives on the scene and in no time he's heard about childhoods and children, lovers and fears. He's repaired a lock for five guys dining naked in a steamy apartment on a sub-zero night, he's changed a cylinder for Bugsy Siegel's personal physician. He's worn for a minute a jacket and tie of Eddie Cantor's after rescuing the entertainer's ninety-two-year-old cousin who's lost his keys but kept the wardrobe for decades. Tank God, the old man cries when he sees his savior on the stairs. You will let me in. The New York Times calls Joel Kostman the Doctor of the Deadbolt and quotes him, New Yorkers are concerned about keeping people out on a very primal level, whether it's an abusive spouse or a creep on the corner. They like to talk. I like to listen. This funny and touching book is the result. As Kostman is letting the locked-out into their cars and apartments, they are letting him into their lives. These are their stories. Ordinary people, star performances.

The City Beneath Susan A. Phillips, 2019-11-05 A sweeping history of Los Angeles told through the lens of the many marginalized groups—from hobos to taggers—that have used the city’s walls as a channel for communication. Graffiti written in storm drain tunnels, on neighborhood walls, and under bridges tells an underground and, until now, untold history of Los Angeles. Drawing on extensive research within the city’s urban landscape, Susan A. Phillips traces the hidden language of marginalized groups over the past century—from the early twentieth-century markings of hobos, soldiers, and Japanese internees to the later inscriptions of surfers, cholos, and punks. Whether describing daredevil kids, bored workers, or clandestine lovers, Phillips profiles the experiences of people who remain underrepresented in conventional histories, revealing the powerful role of graffiti as a venue for cultural expression. Graffiti aficionados might be surprised to learn that the earliest documented graffiti bubble letters appear not in 1970s New York but in 1920s Los Angeles. Or that the negative letterforms first carved at the turn of the century are still spray painted on walls today. With discussions of characters like Leon Ray Livingston (a.k.a. “A-No. 1”), credited with consolidating the entire system of hobo communication in the 1910s, and Kathy Zuckerman, better known as the surf icon “Gidget,” this lavishly illustrated book tells stories of small moments that collectively build into broad statements about power, memory, landscape, and history itself.

The Voice of the City Illustrated O Henry,2021-02-15 O. Henry is most widely recognized for his stories' dry wit, plot twists, and a surprise ending. But another major element in his fiction is his love of the American urban environment, as well as a keen appreciation of the rapid diversification that occurred in many cities in the early twentieth century. In *The Voice of the City*, O. Henry uses excellently written short stories and high vocabulary to convey a sense of New York. This collection brings together an array of tales about humble people trying to survive in a major metropolis. The author has created a myriad of heroes and heroines to serve as guides to this large city. It is full of some funny, some far-reaching, and some heartwarming stories of life that make you smile.
