The Illustrated Directory of Muscle Cars ,2013-08-15 The American public's love for speed and power has inspired generations of muscle cars. The rising popularity of street racing, stock-car races, and quarter-mile drag races in the pre-war years led to the formation of the National Association for Stock Car Auto Racing in 1947 and the National Hot Rod Association in 1951. These organizations and the growing plethora of specialist auto magazines (including Hot Rod and Motor Trend) stimulated America's fascination with speed and performance. In turn, this resulted in the development of the first production muscle cars. These powerful models took their heritage from the street racers of earlier days, with small bodies equipped with large and potent engines. The Illustrated Directory of Muscle Cars celebrates the complete history of the muscle car, from its earliest inception through to the sophisticated beasts of today. Beautifully illustrated throughout in full color, this book includes full technical specifications for each car featured.

The Ultimate Guide to American Cars Peter Henshaw,2011-08 This is an illustrated encyclopedia with more than 600 photographs. This is an illustrated A-Z directory of classic American cars, with over 600 stunning photographs. From the Austin (1940-41) to the Wilton (1847-1924), each entry tells the story of the car from its inception, through its rise to success and then on to its place on the road today. It includes all the most well-known makes and models dating from the 19th century to the modern day - Chrysler, Buick, Pontiac, Studebaker and many more. It features many fascinating anecdotes, such as the Chrysler designer basing his model on the fighter jets he had mistaken for geese flying through the air. This is a beautiful photographic compendium of classic American vehicles, perfect for the automobile enthusiast. Nowhere is the car more strongly a part of society and a means of personal expression than in America. But for Americans, this love affair with the automobile goes deeper even still - America, after all, being a nation founded on free movement of populations. This is why the private car, when it arrived, had such an explosive effect. This beautifully illustrated A-Z directory of classic American cars looks in detail at the seminal models of the last century and a half, accompanied by beautiful colour and black and white photographs of the exteriors, interiors, engines and special features of each. The mixture of engaging anecdotes, fascinating facts and detailed specifications, as well as historical analysis of each brand's success and failure, make this the ultimate visual reference for anyone with an interest in cars or motoring.

Art of the Classic Car Peter Bodensteiner,2013-09-16 DIVThe rarity and historical significance of prewar classic and antique cars make them hot commodities on the collector car market. These are the automobiles that populate the fairways and manicured lawns of the world's greatest car shows in alluring locales like Pebble Beach, California, and Amelia Island, Florida. These are the cars that bring a hush to the hall when they roll across the blocks at auctions around the world. These are the cars that fill the world's greatest collections, like those of Ralph Lauren, Mark Knopfler, and various members of royal families. These are the cars from history's premiere automakers: hallowed names like Packard, Duesenberg, Stutz, Bugatti, Mercedes-Benz, Cord, and others'six-figure and million-dollar machines that thrill Barrett-Jackson audiences and drive bidders to frenzy. Art of the Classic Car features the stunning studio photography of Peter Harholdt (Art of the Hot Rod, Art of the Muscle Car), lavished on the most significant automobiles from the classic era: the 1910s to early 1940s. Every page contains frammable-quality portraits of some of the most important cars ever made, with each car accompanied by a short essay from automotive expert Peter Bodensteiner that places the model contextually within automotive history. Complete with period ads and promotional art, Art of the Classic Car is the most beautiful pictorial history of classic cars ever produced./div
