**Tanks Are Mighty Fine Things (Classic Reprint)** Wesley Winans Stout,2017-10-21 Excerpt from Tanks Are Mighty Fine Things Private Upton went on to explain: I love tanks and everybody connected with them. When I was hit on Tinian we were on patrol and the N ips had pinned us down in a field of sugar cane. They were in caves in the cliffs and while we could see exactly nothing of them, they were really giving us the business. A machine gun slug went through my hip early and I had visions of being in the field until dark, when one of those Chrysler jobs rolled up. The driver told me what he was going to do and after I had crawled out on harder ground, he drove the tank over me and pulled me through the escape hatch in the belly of the tank. Those treads looked plenty big as they straddled me, but we drove back to the lines slick as a whistle. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Tanks Ernest Dunlop Swinton, 2017-07-26 Excerpt from The Tanks By Request, and With Permission No disparagement or depreciation of others is intended by this statement of fact. So far as the writer is aware, the first definite proposal for a fighting machine on the lines of the existing Tank was due to the appearance of the Hornsby Ackroyd Caterpillar Tractor, which was tested for military traction purposes in England in 1906-1908. It was made by a military officer, and was carried up to the stage of the preparation of sketch drawings, when the project died for want of support. Like Mr. Wells, he was ahead of his time. *The Kentucky Derby, Preakness and Belmont Stakes* Richard Sowers, 2014-02-25 This is the definitive history of thoroughbred racing's three premier events, which have never before been explored in such detail. This book gives the history of America's classic races from the inaugural Belmont Stakes in 1867 through 2013, identifying which equine participants were truly worthy of lasting acclaim and which were one-hit wonders. Perhaps even more compelling are the stories of the men and women who rode, trained, owned, or bred classic winners, including their exploits on the turf and their triumphs and failures in arenas far removed from horse racing.

Collecting Classic Girls' Toys Susan Brewer, 2010-07-19 This is the first study of its kind, focusing on toys made for girls, including the spin-off accessories and comics. Renowned toy expert Susan Brewer explores the world of toys, divided into sections to encompass dolls, cuddly toys and 'families' (e.g. Sylvanian Forest and Fisher Price's Little People), amongst others. She includes brief biographies of some of the best known firms, such as Mattel, Pedigree and Fisher Price but the main focus is on the toys themselves, many of which readers will remember from their own childhood. Includes fascinating factboxes with quirky facts – did you know. Angela Rippon created the best-selling Victoria Plum toys based on a plum tree in her back garden - she has written the foreword for this book.
