*The Mountains are Calling* Jonny Muir, 2018-05-17 Longlisted for the William Hill Sports Book of the Year 2018 Jonny Muir was a nine-year-old boy

when the silhouette of a runner in the glow of sunset on the Malvern Hills caught his eye. A fascination for running in high places was born – a fascination that would direct him to Scotland. Running and racing, Jonny became the mountainside silhouette that first inspired him. His exploits inevitably led to Scotland's supreme test of hill running: Ramsay's Round, a daunting 60-mile circuit of twenty-four mountains, climbing the equivalent height of Mount Everest and culminating on Ben Nevis, to be completed within twenty-four hours.

The Romance of Words (Classic Reprint) Ernest Weekley, 2017-10-21 Excerpt from The Romance of Words A long and somewhat varied experience in language teaching has convinced me that there are still, in spite of the march of science, many people who are capable of getting intellectual pleasure from word-history. I hope that to such people this little book, the amusement of occasional leisure, will not be unwelcome. It differs, I believe, from any other popular book on language in that it deals essentially with the origins of words, and makes no attempt to enforce a moral. My aim has been to select especially the unexpected in etymology. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
