Migration, Mobility, and Sojourning in Cross-cultural Films Ishani Mukherjee,Maggie Griffith Williams,2020-10-28 Migration, Mobility and Sojourning in Cross-cultural Films: Interculturing Cinema draws on existing scholarship on global movements and intercultural communication in cinema to analyze six cross-cultural films. Ishani Mukherjee and Maggie Griffith Williams locate key themes that tie into the complexity and implications of global movements, including migrants' experiences of culture-shock, cultural assimilation and/or integration, cultural identities in transition, social mobility and movements, and the short-term intercultural impact that sojourners experience in unfamiliar cultural space. Mukherjee and Williams explore how intercultural communication functions in the storytelling and in the formation of character relationships in these films, arguing that the depictions of migration, mobility, and the resulting intercultural communications are complex and stressful moments of conflict that lead to mixed results. Scholars of film studies, communication, migrant studies, sociology, and cultural studies will find this book particularly useful.

Mobility, Modernity and the Slum Rodanthi Tzanelli,2015-08-20 Only virtuous humans are supposed to move in time to meet their happy destiny or karma. The tale of Jamal in Slumdog Millionaire is such a case of serendipitous mobility towards riches and love – a 'journey' in which good heroes and urban communities respecting solidarity are successfully modernised. Unsurprisingly, the film became tangled in many controversies around India's destiny in the world: the film inserted Mumbai into various financial, political and artistic scenes, increased tourism in its filmed slums, and brought about charity projects in which celebrities and tourist businesses were involved. Slumdog Millionaire served as a global example of a 'developing country's' uneven but unique modernisation. This book examines such mobilities of ideas, art, tourism and activism together. In doing so, it reveals the significance of Mumbai as a post-colonial city in discussions of modernity – a form of mobile adaptation to new world realities. Tzanelli examines the various agents involved in controversies through multiple virtual and real journeys to India's colonial history and present social complexity, with a view to actualise a post-colonial future, a 'destiny' as the country's serendipitous destination. Addressed to interdisciplinary audiences, the book will be a useful text for students and scholars of globalisation, mobility, tourism, media and social movement theory.

Indian Sun Oliver Craske,2020-04-07 One of Library Journal's Best Arts Books of 2020 The definitive biography of Ravi Shankar, one of the most influential musicians and composers of the twentieth century, told with the cooperation of his estate, family, and friends For over eight decades, Ravi Shankar was India's greatest cultural ambassador. He was a groundbreaking performer and composer of Indian classical music, who brought the music and rich culture of India to the world's leading concert halls and festivals, charting the map for those who followed in his footsteps. Renowned for playing Monterey Pop, Woodstock, and the Concert for Bangladesh-and for teaching George Harrison of The Beatles how to play the sitar-Shankar reshaped the musical landscape of the 1960s across pop, jazz, and classical music, and composed unforgettable scores for movies like Pather Panchali and Gandhi. In Indian Sun: The Life and Music of Ravi Shankar, writer Oliver Craske presents readers with the first full portrait of this legendary figure, revealing the personal and professional story of a musician who influenced-and continues to influence-countless artists. Craske paints a vivid picture of a captivating, restless workaholic-from his lonely and traumatic childhood in Varanasi to his youthful stardom in his brother's dance troupe, from his intensive study of the sitar to his revival of India's national music scene. Shankar's musical influence spread across both genres and generations, and he developed close friendships with John Coltrane, Philip Glass, Yehudi Menuhin, George Harrison, and Benjamin Britten, among many others. For ninety-two years, Shankar lived an endlessly colorful and creative life, a life defined by musical, emotional, and spiritual quests-and his legacy lives on. Benefiting from unprecedented access to Shankar's archives, and drawing on new interviews with over 130 subjects-including his second wife and both of his daughters, Norah Jones and Anoushka Shankar- Indian Sun gives readers unparalleled insight into a man who transformed modern music as we know it today.

Sound as Popular Culture Jens Gerrit Papenburg,Holger Schulze,2016-03-18 Scholars consider sound and its concepts, taking as their premise the idea that popular culture can be analyzed in an innovative way through sound. The wide-ranging texts in this book take as their premise the idea that sound is a subject through which popular culture can be analyzed in an innovative way. From an infant's gurgles over a baby monitor to the roar of the crowd in a stadium to the sub-bass frequencies produced by sound systems in the disco era, sound—not necessarily aestheticized as music—is inextricably part of the many domains of popular culture. Expanding the view taken by many scholars of cultural studies, the contributors consider cultural practices concerning sound not merely as semiotic or signifying processes but as material, physical, perceptual, and sensory processes that integrate a multitude of cultural traditions and forms of knowledge. The chapters discuss conceptual issues as well as terminologies and research methods; analyze historical and contemporary case studies of listening in various sound cultures; and consider the ways contemporary practices of sound generation are applied in the diverse fields in which sounds are produced, mastered, distorted, processed, or enhanced. The chapters are not only about sound; they offer a study through sound—echoes from the past, resonances of the present, and the contradictions and discontinuities that suggest the future. Honeymoon in Tehran Azadeh Moaveni,2010-04-27 Azadeh Moaveni, longtime Middle East correspondent for Time magazine, returns to Iran to cover the rise of President Mahmoud Ahmadinejad. Living and working in Tehran, she finds a nation that openly yearns for freedom and contact with the West but whose economic grievances and nationalist spirit find an outlet in Ahmadinejad’s strident pronouncements. And then the unexpected happens: Azadeh falls in love with a young Iranian man and decides to get married and start a family in Tehran. Suddenly, she finds herself navigating an altogether different side of Iranian life. As women are arrested for “immodest dress” and the authorities unleash a campaign of intimidation against journalists, Azadeh is forced to make the hard decision that her family’s future lies outside Iran. Powerful and poignant, Honeymoon in Tehran is the harrowing story of a young woman’s tenuous life in a country she thought she could change.

Reel World Anand Pandian,2015-11-27 Reel World explores what happens to life when everything begins to look and feel like cinema. Drawing on years of fieldwork with Tamil filmmakers, artists, musicians, and craftsmen in the south Indian movie studios of Kollywood, Anand Pandian examines how ordinary moments become elements of a cinematic world. With inventive, experimental, and sometimes comical zeal, Pandian pursues the sensory richness of cinematic experience and the adventure of a writing true to these sensations. Thinking with the visceral power of sound and image, his stories also broach deeply philosophical themes such as desire, time, wonder, and imagination. In a spirit devoted to the turbulence and uncertainty of genesis, Reel World brings into focus an ecology of creative process: the many forces, feelings, beings, and things that infuse human endeavors with transformative potential.

The Trombone Trevor Herbert,2006-01-01 This is the first comprehensive study of the trombone in English. It covers the instrument, its repertoire, the way it has been played, and the social, cultural, and aesthetic contexts within which it has developed. The book explores the origins of the instrument, its invention in the fifteenth century, and its story up to modern times, also revealing hidden aspects of the trombone in different eras and countries. The book looks not only at the trombone within classical music but also at its place in jazz, popular music, popular religion, and light music. Trevor Herbert examines each century of the trombone's development and details the fundamental impact of jazz on the modern trombone. By the late twentieth century, he shows, jazz techniques had filtered into the performance idioms of almost all styles of music and transformed ideas about virtuosity and lyricism in trombone playing.
