Gunfitting Don Currie, 2021-12-01 Expert shooting coach, teacher, and competitor Don Currie delivers a solid book on gunfitting based on a lifetime of experience gained from working with Orvis and Purdey. Don knows that shooting with a properly fitted shotgun is critical to a shooter's success, and he delivers on the art and science of fitting proper shotguns. The science requires the gunfitter to understand the structure of the shooter's body and what stock specifications are needed to accommodate the shooter's physique. To master the art of the process, the fitter must understand how shooters shoot and how the eye and brain see and read the target. The fitter must critically evaluate the shooter's stance, mount, and level of experience along with taking into consideration the shooter's discipline and style and how the shooter will develop and evolve.
