🔍 **CHALLENGING UNITS FOR GIFTED LEARNERS** Kenneth J. Smith, 2021-09-03 Gifted students have the potential to learn material earlier and faster, to handle more complexity and abstraction, and to solve complex problems better. This potential, however, needs stimulating experiences from home and school or it will not unfold. The books in the Challenging Units for Gifted Learners series are designed to help teachers provide the stimulating curricula that will nurture this potential in school. The units presented in this series are based on research into how these students actually think differently from their peers and how they use their learning styles and potential not merely to develop intellectual expertise, but to move beyond expertise to the production of new ideas. The Social Studies book includes units that ask students to explore the struggles of America's first permanent English settlement in Jamestown, to hold an African economic summit, to study various Supreme Court cases and primary source documents, and to create a Civil War documentary that views the war from the perspective of a person living in a particular state. Grades 6-8

🔍 **MAPPING SKILLS WITH GOOGLE EARTH Gr. 3-5** Paul Bramley, 2011-01-25 Students will learn in-depth how to read and create maps with our engaging resource designed for students in grades three to five. Students will expand their knowledge of the elements on a map by exploring the lines of latitude, longitude and time zones. Then, students will learn about geographical and cultural features by exploring topographic and choropleth maps. Finally, students will learn the states and provinces found in North America as well as the different countries that make up the world. Comprised of reading passages, map activities, crossword, word search, comprehension quiz, and test prep, our resource incorporates curriculum-based lessons with Google Earth🔍 so students can further understand map reading with the help of visual and interactive technology. All of our content is aligned to your state standards and are written to Bloom's Taxonomy.
