Independent Timor-Leste Douglas Kammen,2019-04-11 This Element explores the primary modes by which rulers have exercised power and shaped political relations in Timor-Leste across four distinct periods. The contrast between coercion under colonial rule and consent expressed through the 1999 referendum on independence exerted a powerful influence on scholarship on Timor-Leste's politics and future. Since the restoration of independence in 2002, however, politics in Timor-Leste are best understood in terms of powerful economic constraints during the first Fretilin government (2002-06), and thereafter, thanks to revenue from the country's petroleum reserves, a ruling strategy based on a wide range of inducements (rather than genuine consent).

The Elusive Presence Samuel Terrien,2000-03-09 Terrien has made a contribution which is irreversible. There will be no way to return to the more conventional models for Old Testament theology.... In addition to its formidable governing hypothesis, the book is characterized by a style of elusiveness delightfully matching the argument, a study only the urbaneness of the author could give us: by an erudition evidenced by an exhaustive documentation, and by rich and suggestive exegesis of a large number of texts. This rich gift could only be given by Terrien with his remarkable combination of passion, eloquence and erudition. Walter Brueggeman, Eden Theological Seminary

Sacred Music and Liturgical Reform Rev. Anthony Ruff, O.S.B.,2022-01-07 Anthony Ruff, O.S.B., has written a brilliant, comprehensive, well-researched book about the treasures of the Church's musical tradition, and about the transformations brought about by liturgical reform. The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform. Regarding liturgical music, the Council's decrees mandated, on the one hand, the preservation of the inherited treasury of sacred music, and on the other hand, advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy. In clear, precise language, he retrieves the Council's neglected teachings on the preservation of the inherited music treasury. He clearly shows that this task is not at odds with good pastoral practice, but is rather an integral part of it. The book proposes an alternate hermeneutic for understanding the Second Vatican Council's teachings on worship music.
