FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts. TRY THIS Innovative exercises illustrate what you've learnt and how to use it.

A Game Maker's Life Jeffrey Breslow, Cynthia Beebe, 2022-08-30 In his captivating memoir, Jeffrey Breslow tells how: •Creating a game is a mix of Rube

Goldberg, Santa's elves, mass production, and the bottom line. •He oversaw two multi-million dollar businesses that earned profits for more than four decades. Even while the industry transformed itself from using cardboard and plastics into electronics, his companies never acquired debt and never borrowed money from a bank! •He overcame the terrible misfortune of a deadly workplace shooting and led his shaken employees through the tragedy and back to running a thriving business. Millions of people around the world have played with games and toys Breslow and his partners invented—perhaps you have, too! Now, read Breslow's remarkable story and see how a flash of inspiration, followed by hard work and ingenuity, brought these wonderful games to life.

Cloned Lives Pamela Sargent, 2014-04-01 This debut sci-fi novel by the Nebula and Locus Award-winning author of *The Shore of Women* follows five human clones in an unforgiving world. Shock and outrage greet Paul Swenson's announcement of the success of his latest and most controversial scientific endeavor. Having taken advantage of a brief lull in legislative restrictions, the renowned astrophysicist and a team of bioscientists have created five human clones—four males and one

female—from Swenson’s own genetic material. From the moment Michael, Edward, Albert, James, and Kira Swenson are revealed to the world, they are viewed with hostility and suspicion. Growing up under the heavy yoke of specialness, the five exceptional human “experiments” have no one but each other to turn to for emotional support. Then tragedy strikes and everything falls apart . . . Now Kira and her brothers must follow their destinies down separate, divergent paths. Heading out into a world that never welcomed them, each clone is intent on pursuing knowledge, career, family—all the desired elements of a so-called normal life. But they cannot escape their shared past, because the true purpose behind Paul Swenson’s remarkable achievement remains shrouded in shadow. And his children are prepared to travel to the ends of the Earth and beyond for an answer to the question that has always haunted them: Why were we made?

Entangled Objects Susanne Paola

Antonetta, 2020-08-17 *Entangled Objects* is a contemporary pilgrim's progress, the story of three very different yet interconnected women. As the story advances, their overlapping lives reveal the mysterious entanglement of quantum behavior. Fan is a struggling adjunct professor. When she and her husband move to Korea so he can investigate the cloning of human cells, she finds herself having an affair, even as her husband gets caught trying to publish falsified research. Filomena is a maid who begins to steal clothing from the rooms of wealthy guests, dressing up and haunting the hotel where she works. As she questions her own sexuality, she becomes obsessed with televangelists and begins communicating anonymously with hotel guests through text messages, delivering reassurances and warnings. Finally, there is Cate, a reality star who manages her own reality television

career and that of her family. She orchestrates the alcoholic binges of her rock-star husband, edits the family's daily footage, arranges re-shoots, and crafts her world as well as that of her mother and sisters. As the characters' lives converge, all three confront the question: when are we most ourselves, when we realize the selves we aspire to, or when we are unadorned? Their meeting will leave them all changed forever.

What to Eat Next Valentine Warner, 2014-04-14 Some of the best food takes literally only minutes to prepare, and if you have good ingredients, a good recipe and some kitchen know-how the results will be great. The 150 recipes in this book are naturally simple. There is no corner-cutting - just straightforward good cooking. Many of the dishes can be on the table in 30 minutes or less. Others are dishes that, while quick to make, require a slow cook in the oven. Think Pork with Creamy Cider Sauce, Smoked Trout Fish Cakes and Penne Puttanesca - or, for when you have time to leave something in the oven to cook, Cheese, Leek and Potato Pie and Dorset Hot Pot.

Coming Home to You Rebecca Crowley, 2022-09-19 Midwife Mabel Antonoff is used to catching babies at short notice—just not in a busy hardware store, and definitely not alongside her high school ex. She could’ve happily gone another decade without seeing Sam Strauss, but she needs a pair of hands, and his are steady. As the ambulance leaves and the local media closes in, Mabel realizes they’re going viral—and it’s the perfect opportunity to promote her midwifery program. Sam’s international aid career took him to the most dangerous places in the world, but he was only a block from his D.C. apartment when a distracted driver grounded his travels. Injured and off-balance, he retreats to his hometown to help sell his grandparents’ house. He wants silence and solitude—not a frenzied media tour, and absolutely not an extra minute with the ex-girlfriend who stirs up long-buried regrets. Sam owes her, and Mabel’s determined to use their newfound fame for good—even if it means fueling speculation about their relationship. But as Rosh Hashanah nears, Mabel begins to wonder if it’s bad luck to start the

The Woman Who Pretended to Be Who She Was

Mircea Eliade Distinguished Service Professor of the History of Religions Wendy Doniger, Wendy Doniger, Wendy Doniger O'Flaherty, 2005 Many cultures have myths about self-imitation, stories about people who pretend to be someone else pretending to be them, in effect masquerading as themselves. This great theme, in literature and in life, tells us that people put on masks to discover who they really are under the masks they usually wear, so that the mask reveals rather than conceals the self beneath the self. In this book, noted scholar of Hinduism and mythology Wendy Doniger offers a cross-cultural exploration of the theme of self-impersonation, whose widespread occurrence argues for both its literary power and its human value. The stories she considers range from ancient Indian literature through medieval European courtly literature and Shakespeare to Hollywood and Bollywood. They illuminate a basic human way of negotiating reality, illusion, identity, and authenticity, not to mention memory, amnesia, and the process of aging. Many of them involve marriage and adultery, for tales of sexual betrayal cut to the heart of the crisis of identity. These stories are extreme examples of what we common folk do, unconsciously, every day. Few of us actually put on masks that replicate our faces, but it is not uncommon for us to become travesties of ourselves, particularly as we age and change. We often slip carelessly across the permeable boundary between the un-self-conscious self-indulgence of our most idiosyncratic mannerisms and the conscious attempt to give the people who know us, personally or publicly, the version of

ourselves that they expect. Myths of self-imitation open up for us the possibility of multiple selves and the infinite regress of self-discovery. Drawing on a dizzying array of tales—some fact, some fiction—*The Woman Who Pretended to Be Who She Was* is a fascinating and learned trip through centuries of culture, guided by a scholar of incomparable wit and erudition.
