Bargain Fever Mark Ellwood, 2014-09-25 Almost half of everything sold in America is listed at some kind of promotional price. People don't only want a deep discount, they expect it - and won't settle for anything less. In this playful, deeply researched book, journalist Mark Ellwood takes a trip into this new landscape. From the floor of upscale department store Serpordorf Goodman to the bustling aisles of a Turkish bazaar, from the outlet Disneyworld of rural Pennsylvania to a town in Florida that can claim to be couponing's spiritual capital, Ellwood shows how some people are, quite literally, born to be bargain junkies thanks to a quirk of their DNA. He also uncovers the dark side of discounting: the sales-driven sleights of hand that sellers employ to hoodwink unsuspecting buyers. Bargain Fever is a manual for thriving in this new era, when deal hunting has gone from being a sign of indigence to one of intelligence. There's never been a better time to be a buyer - at least if you know how the game works. 'This book is a bargain hunter's bible.' Michael Tonello, author of Bringing Home the Birkin 'Bargain Fever is just as fierce, funny, tenacious, and tantalizing as its author. I love this book.' Kelly Cutrone, founder, People's Revolution, and author of Normal Gets You Nowhere 'A book after my own heart. Bargain Fever

lifts the veils off the sales, ensuring even more that you'll never pay retail again.' Carmen Wong Ulrich, financial contributor, CBS This Morning, and author of Generation Debt 'Highly informative and entertaining.' Booklist

Fashion Merchandising Mary D. Troxell, Beatrice Judelle, 1971

Overdressed Elizabeth L. Cline, 2012 The work evaluates the costs of low priced clothing while tracing the author's own transformation to a conscientious shopper, a journey during which she visited a garment factory, learned to resole shoes, and shopped for local, sustainable clothing. Until recently, she was a typical American consumer. She had grown accustomed to shopping at outlet malls, discount stores like T.J. Maxx, and cheap but trendy retailers like Forever 21, Target, and H & M. She was buying a new item of clothing almost every week, the national average is sixty four per year, but all she had to show for it was a closet and countless storage bins packed full of low quality fads she barely wore, including the same sailor stripe tops and fleece hoodies as a million other shoppers. When she found herself lugging home seven pairs of identical canvas flats from Kmart, she realized that something was deeply wrong. Cheap fashion has fundamentally changed the way most Americans dress. Stores ranging from discounters like Target to traditional chains like JC Penney now offer the newest trends at unprecedentedly low prices.
