Tradition and Style in the Works of Darius Milhaud 1912-1939 BarbaraL. Kelly,2017-07-05 Described by Maurice Ravel as one of the most considerable talents in French music of his generation, Darius Milhaud remains a largely neglected composer. This book reappraises his contribution, focusing on the emergence of the composer's style until his Jewish background forced his exile to the United States on the eve of the World War II. The period 1912-1939 spans the crucial years that mark the development of Milhaud's mature style. It was also during this time that he published his most important writings on contemporary music and its relationship to the past. Barbara Kelly discusses the extent to which Milhaud's complex views on the idea of a French national musical heritage relate to his own practice, and considers how his works reflect the balance between innovation and tradition. Drawing comparisons with contemporaries, such as Debussy, Satie, Schoenberg, Stravinsky and Poulenc, the book argues that the rhythmic vitality of Milhaud's style and his modal approach within a polytonal context mark him out as an original and distinctive composer.

Autobiography of a Yogi Paramahansa Yogananda,2017-01-13 Autobiography of a Yogi introduces the reader to the life of Paramahansa Yogananda and his encounters with spiritual figures of both the East and West. The book begins with his childhood family life, to finding his guru, to

becoming a monk and establishing his teachings of Kriya Yoga meditation. The book continues in 1920 when Yogananda accepts an invitation to speak in a religious congress in Boston, Massachusetts, USA. He then travels across America lecturing and establishing his teachings in Los Angeles, California. In 1935 he returns to India for a yearlong visit. When he returns to America, he continues to establish his teachings, including writing this book. The book is an introduction to the methods of attaining God-realization and to the spiritual thought of the East, which had only been available to a few in 1946. The author claims that the writing of the book was prophesied long ago by the nineteenth-century master Lahiri Mahasaya.

The Life and Times of Paramhansa Yogananda Rachna Bhola ÇYamini, 2021-01-01 Paramhansa Yogananda was an Indian yogi and guru who introduced millions of westerners to the teachings of meditation and Kriya Yoga through his book.
