Cloud Atlas David Mitchell,2010-07-16 By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon.

*Breathing Fire* Jaime Lowe,2021-07-27 A dramatic, revelatory account of the female inmate firefighters who battle California wildfires. Shawna was overcome by the claustrophobia, the heat, the smoke, the fire, all just down the canyon and up the ravine. She was feeling the adrenaline, but also the terror of doing something for the first time. She knew how to run with a backpack; they had trained her physically. But that's not training for flames. That's not live fire. California's fire season gets hotter, longer, and more extreme every year — fire season is now year-round. Of the thousands of firefighters who battle California's blazes every year, roughly 30 percent of the on-the-ground wildland crews are inmates earning a dollar an hour. Approximately 200 of those firefighters are women serving on all-female crews. In *Breathing Fire*, Jaime Lowe expands on her revelatory work for *The New York Times Magazine*. She has spent years getting to know dozens of women who have participated in the fire camp program and spoken to captains, family and friends, correctional officers, and camp commanders. The result is a rare, illuminating look at how the fire camps actually operate — a story that encompasses California's underlying catastrophes of climate change, economic disparity, and historical injustice, but also draws on deeply personal histories, relationships, desires, frustrations, and the emotional and physical intensity of firefighting. Lowe's reporting is a groundbreaking investigation of the prison system, and an intimate portrayal of the women of California's Correctional Camps who put their lives on the line, while imprisoned, to save a state in peril.

**A Sideways Look at Clouds** Maria Mudd Ruth,2017-08-18 • Written by a critically-acclaimed natural-history author • Shares author's fun journey to understanding clouds • Written for the curious—but non-science—minded Author Maria Mudd Ruth fell in love with clouds the same way she stumbles into most passions: madly and unexpectedly. *A Sideways Look at Clouds* is the story of her quite accidental infatuation with and

education about the clouds above. When she moved to the soggy Northwest a decade ago, Maria assumed that locals would know everything there was to know about clouds, in the same way they talk about salmon, tides, and the Seahawks. Yet in her first two years of living in Olympia, Washington, she never heard anyone talk about clouds—only the rain. Puzzled by this lack of cloud savvy, she decided to create a 10-question online survey and sent it to everyone she knew. Her sample size of 67 people included men and women, new friends in Olympia, family on the East Coast, outdoorsy and indoorsy types, professional scientists, and liberal arts majors like herself. The results showed that while people knew a little bit about clouds, most were like her—they had a hard time identifying clouds or remembering their names. As adults, they had lost their curiosity and sense of wonder about clouds and were, essentially, not in the habit of looking up. A Sideways Look at Clouds acknowledges the challenges of understanding clouds and so uses a very steep and bumpy learning curve—the author’s—as its plot line. The book is structured around the ten words used in most definitions of a cloud: “a visible mass of water droplets or ice crystals suspended in the atmosphere above the earth.” A captivating story teller, Maria blends science, wonder, and humor to take the scenic route through the clouds and encourages readers to chart their own rambling, idiosyncratic course.

Impersonation Heidi Pitlor, 2021-07-13 “By turns revealing, hilarious, dishy, and razor-sharp, *Impersonation* lives in that rarest of sweet spots: the propulsive page-turner for people with high literary standards.” —Rebecca Makkai, author of *The Great Believers* Allie Lang is a professional ghostwriter and a perpetually broke single mother to a young boy. Lana Breban is a powerhouse lawyer, economist, and advocate for women’s rights. With aspirations of running for office, Lana and her staff have decided she needs help softening her public image. That’s when Allie is hired to write Lana’s memoir about her life as a mother. Allie believes she knows the drill: she has learned how to inhabit the lives of others and tell their stories better than they can. But soon Allie’s childcare arrangements unravel; she falls behind on her rent; her subject, Lana, is frustratingly aloof; and Allie’s boyfriend decides to go on a road trip toward self-discovery. As a writer for hire and a mother, Allie has gotten too used to being accommodating. At what point will she speak up for all that she deserves? *Impersonation* tells a timely, insightful, and bitingly funny story of ambition, motherhood, and class.

**The Unfinished Novel and Other Stories** Valerie Martin, 2007-12-18 From the Orange Prize-winning author of *Property* comes a vital and heartbreaking collection of short stories that turns an unflinching eye upon artists—driven and blocked, desired and detested, infamous and

sublime—as they struggle beneath the tyranny of Art to reconcile their audience with their muse. • “A triumph”—The New Yorker A painter who owes his small success to a man he despises, discovers that his passivity has cost him the love that might have set him free. A writer of modest talents encounters the old love who once betrayed him; now she repels him, yet the unfinished novel she leaves in his hands may surpass anything he could ever produce himself. An American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away. A print maker, who has reached a certain age, enters so deeply into the magical world of her imagination that she can never find her way back. In captivating, luminous prose, Martin explores the trials and rewards of human relationships and creative endeavor with all the ease and insight of a writer at the top of her form.

**Sea Lovers** Valerie Martin, 2015-08-18 From the bestselling author of *Mary Reilly* and the internationally acclaimed *Property*, a brilliant collection featuring Valerie Martin's finest short stories to date. For four decades Valerie Martin has been publishing novels and stories that demonstrate her incredible range as a writer, moving between realism and fantasy while employing a voice that is at once whimsical and tragic. The twelve stories in this collection showcase Martin's enviable control, precision, and grace and are organized around her three fictional obsessions—the natural world, the artistic sphere, and stunning transformations. In *The Change*, a journalist watches his menopausal wife, an engraver, create some of her eeriest and most affecting works even as she seems to be willfully destroying their marriage. In *The Open Door*, an American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away. *Sea Lovers* conjures up a hideous mermaid whose fatal seduction of a fisherman provides better reason than *Jaws* for staying out of the water. In *The Incident at Villedieu* a respected gentleman confesses to killing his wife's former lover, an event that could be construed as an accident, an impulsive act, or a premeditated crime. Exploring themes of obsession, justice, passion, and duplicity, these drolly macabre stories buzz with tension.
